Subject:  
November 2006 Monthly Progress Report  
Northrop Grumman Systems Corporation  
Operable Unit 3  
NYSDEC Site ID # 1-30-003A  
Bethpage, New York  
ARCADIS Project No. NY001348.0906.00003

ENVIRONMENT

Date,  
December 11, 2006

Dear Mr. Scharf:

Contact:  
Carlo San Giovanni

In accordance with Section III of Administrative Order on Consent (AOC) Index # W1-0018-04-01, this letter reports the activities for Operable Unit 3 (OU3) performed by Northrop Grumman Systems Corporation (NGC) during the month of November 2006; activities planned for December 2006 are also discussed. This report is the ninth OU3 monthly progress report since the AOC between NGC and the New York State Department of Environmental Conservation (NYSDEC) was signed on June 24, 2005. Attached, please find Table 1 providing recent validated groundwater data that was collected on- and off-site as part of the Phase 2 Remedial Investigation (RI). On- and off-site sample locations are shown on Figures 1 and 2, respectively.

Extension:  
631-391-5259

### **OU3 Activities Conducted During November 2006**

- Prepared and submitted the October 2006 Monthly Progress Report.
- Continued coordination and planning for Phase 2 RI, including:
  - Finalized Work Plan Addendum No. 6 (proposed test pits and methodology) and submitted to NYSDEC.
  - Prepared and submitted Work Plan Addendum No.7 to NYSDEC for additional VPBs south of VPB-103 and additional MIP investigation in "Monument Area". Received approval from NYSDEC for Work Plan Addendum No. 7.
  - Initiate preparation of draft Work Plan Addendum #8 for additional soil gas sampling
  - Continued evaluations of need for IRM.

Imagine the result

- Attended Town of Oyster Bay kickoff meeting for remediation/redevelopment project.
- Phase 2 RI activities, including:
  - Completed installation of on-site monitoring wells MW-4-1 and 4-2, and continued installation of monitoring well MW-5-1.
  - Complete MIP investigation in Monument Area.
  - Completed the installation/sampling of Soil Gas Point SGP-11.
- RI data review/evaluation, including:
  - Continued preparation of boring logs for completed borings.
  - Continued review and validation of analytical results for samples collected.
  - Continued analysis and evaluation (via EVS software and other) of soil (including grab samples and CPT/MIP data), soil gas, and groundwater data toward development of a revised CSM, and to support need for additional sampling requests (i.e., work plan addenda) to address data gaps.
  - Completed and submitted the B-43 Area Data Report to NYSDEC.
  - Completed Submitted Work Plan Addendum No. 6 to the NYSDEC.
  - Sent letter to NYSDEC summarizing preliminary results of VP-104 and VP-100.

### **OU3 Activities Expected During December 2006**

- Prepare and submit November 2006 Monthly Progress Report.
- Phase 2 RI planning/coordination activities, including:
  - Finalize and submit Work Plan Addenda No. 8 (soil gas sampling) to NYSDEC for review and approval.
- Phase 2 RI activities, including:
  - Initiate field work proposed in Work Plan Addenda No. 6.

## ARCADIS

Mr. Steven Scharf  
NYSDEC  
December 11, 2006

- Initiate field work for Work Plan Addendum No. 8, assuming approval by NYSDEC.
- Installation/Sampling of off-site VPBs 109 and 110.
- Complete installation and development of Well MW-5-1.
- Continue weekly monitoring of perched water in on-site piezometers and monthly monitoring of groundwater VOCs in Wells BCPMW-3; BCPMW4-1; and BCPMW4-2.
- RI data review/evaluation, as follows:
  - Continue evaluation (via EVS software) of soil, soil-gas, CPT/MIP, and groundwater data toward development of Phase 2 RI soil boring program and a revised CSM.
  - Continue to validate and tabulate analytical data received from laboratory.
  - Continue to identify and begin preparation of selected figures of analytical results and interpretations.
  - Continue to prepare boring logs for completed borings.
  - Continue to review analytical data to determine if data gaps exist.
  - Continue evaluation of need for IRM.

Please contact us if you have any questions.

Sincerely,

ARCADIS G&M, Inc.

Carlo San Giovanni  
Project Manager
