NOTES:

1 - Residential air criteria from Regional Screening Tables (September 2008), http://www.epa.gov/reg3hwmd/risk/human/rb-concentration_table/Generic_Tables/index.htm

Sample collection date indicates the day of collection. Samples ran for 24 hours prior to collection.

ug/m³ = micrograms per cubic meter of air

Bolded values indicate detections of the corresponding compound.

Shaded cells indicate concentrations above EPA Residential screening value.
