SITE TRAFIC FLOW

The work area will be accessed from the northwest corner of Arthur Avenue & Stewart Avenue, Bethpage NY. The entrance to the site has an existing curb cut and apron leading to a gated entrance. This gated entrance will be the access point for all site activities. All truck activity will enter the site through the route depicted in Figure 1. The roadway adjacent to the north side of the work area on Arthur Avenue will be utilized as a truck staging area as depicted in Figure 1. This shoulder area will be marked with traffic barrels. All trucks will be prohibited from idling. A flagman will be utilized when trucks travel through the entrance to the roadway.

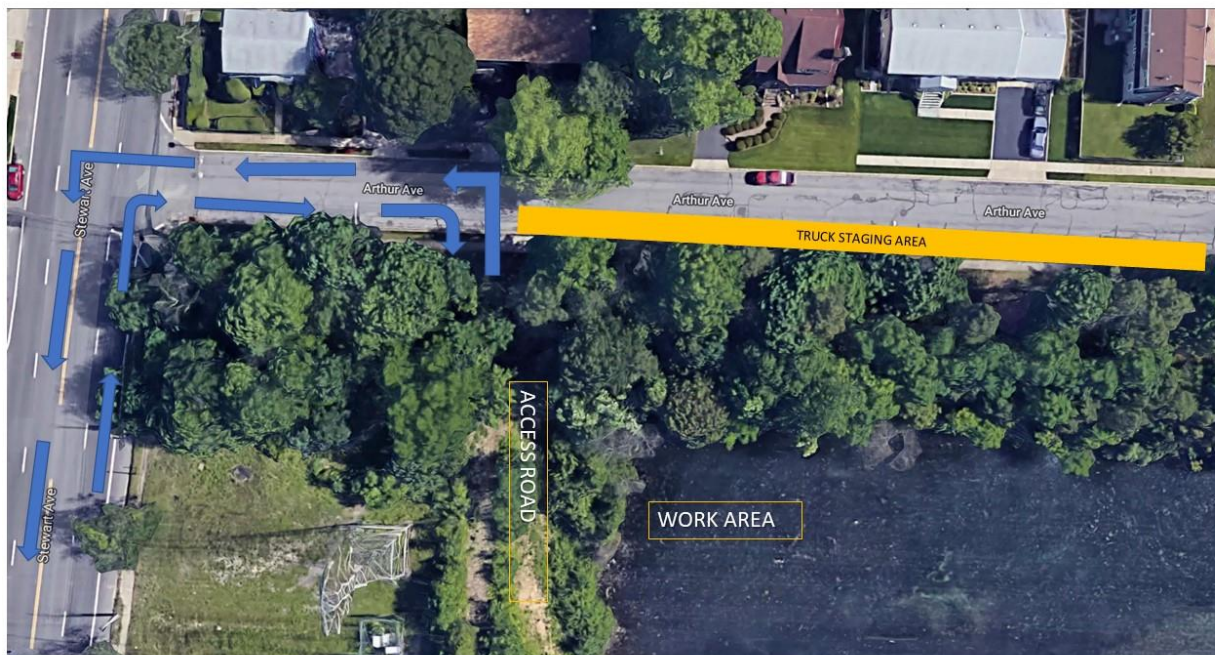

Figure 1

TRAFFIC ROUTE TO DISPOSAL FACILITIES

All trucks will be required to follow the SITE TRAFFIC FLOW direction. The trucks will exit the site heading south on Stewart Avenue. The trucks will then access Hempstead Turnpike where they can access approved truck routes to the final disposal sites.

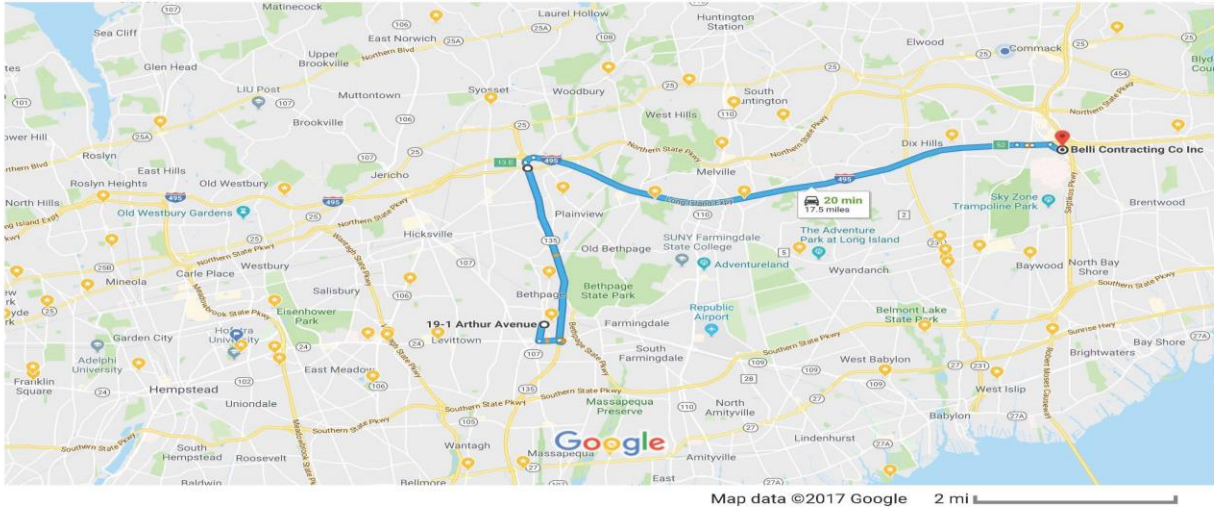

TRAFFIC CONTROL PLAN

OYSTER BAY BASIN (NASSAU COUNTY BASIN # 495)
