Re: Monthly Effluent Monitoring Report / February 2005
Nassau County Mitchel Field Remedial Action
(AKA Purex), Site #1-30-014

Gentlemen:

Attached is the Monthly Effluent Monitoring Report for February 2005 for the groundwater remediation for the Purex Mitchel Field Remedial Action in Garden City, New York.

The effluent discharge criterion for tetrachloroethene was exceeded twice during February. Adjustments to the treatment process eliminated this situation.

If you have any questions concerning the monthly monitoring report, please contact me at (516) 571-6970.

Very truly yours,
