   NYSDEC Site No. 130015

Dear Mr. Betz:

The New York State Department of Environmental Conservation (Department) has reviewed the Town of Oyster Bay's (Town) comments and suggested edits to the draft Stipulation Agreement. The Department has incorporated those changes discussed during the August 10, 2016 conference call and further captured in your correspondence of August 11, 2016 and September 8, 2016. A redline version of the Stipulation Agreement is attached which highlights the changes.

Attached for your review and execution is the amended Stipulation Agreement. The Department is prepared for the suggested October 1, 2016 date for transfer of operations. In order to meet this schedule, the Department requires the Town execute the agreement no later than September 27, 2016, as proposed.

Should you have any questions pertaining to this determination or if you would like to discuss this matter further, please contact Benjamin Rung, project manager, by phone at (518) 402-9813 or email at benjamin.rung@dec.ny.gov .

Sincerely,

Robert W. Schick, P.E.
Director,
Division of Environmental Remediation
