Extension of project/budget period required? (yes/no): No Date:

Request for additional funds required? (yes/no): no Amount:

Comments/justification for grant amendment:

To fully fund the financial assistance agreement between the NYSDEC and the USEPA. We will report to the USEPA until all payments covering the agreement are processed and resolved. Time extension required as the Town has yet to submit Payment 10 for CY2006. The Amendment No 3 approved by USEPA on March 25, 2008 extending time to 12/31/08 and an additional CA amount of \$500,000 should be sufficient to complete the Cooperative Agreement.
