Re: Fumex Sanitation  
Site No. 1-30-041  
Project Management Work Plan  
D&B 2475

Dear Ms. Dudek:

Please find enclosed seven revised copies of the Project Management Work Plan for the Fumex Sanitation Site. We have addressed your comments as follows:

**Comment No. 1**

*Section 3.2.2 - Off-Site Soil Sampling - Please remove the sentence "As requested by the NYSDEC, area currently covered with asphalt pavement or concrete will not be sampled as potential exposure of site occupants to any underlying contamination would be highly unlikely in these areas due to isolation."*

**Response to Comment No. 1**

Comment acknowledged and the statement was removed from the text.

Page Two

## **Comment No. 2**

*Section 3.2 - Task 2 - Pre-design Investigation - Please include one round of groundwater monitoring well sampling to establish a baseline.*

## **Response to Comment No. 2**

One round of groundwater monitoring well sampling has been added to the work plan.

## **Comment No. 3**

*Section 3.3.4 - Project Cost Estimate - The Engineer's cost estimate will be sealed and signed by a Professional Engineer licensed to practice in New York State.*

## **Response to Comment No. 3**

The Engineer's cost estimate will be sealed and signed by a Professional Engineer licensed to practice in New York State.

## **Comment No. 4**

*Section 2.1 - Site Location and Description - Please change the last sentence to read, "The site was historically occupied by Fumex Sanitation, Inc., a commercial termite extermination business."*

## **Response to Comment No. 4**

This statement has been added to Section 2.1 as requested.

## **Comment No. 5**

*Section 2.2 - Site History, Page 2-4 - When referencing the residential samples, please use sample location names.*

## **Response to Comment No. 5**

The sample references on Page 2-4 have been revised to use the sample location names.
