State Superfund Program

Receive Site Information by Email. See next page to Learn How.

Site Name: Tishcon Corporation

November, 2017

Site No. 130043E **Tax Map No.s:** 11-78-72, 11-78-73, 11-78-76, 11-78-77, 11-78-18, 11-78-19, 11-78-20, 11-78-21, 11-78-56, 11-78-57, 11-78-58, 11-78-78, 11-78-79, 11-78-55

Site Location: 31-33 Brooklyn Avenue & 30-36 New York Avenue, New Cassel, NY 11590

Inactive Hazardous Waste Disposal Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

An interim remedial measure was performed to remove contaminated sediments from the outdoor floor drain, sealed storm drain, and an out-of-service cesspool. An air sparge/soil vapor extraction (AS/SVE) system operated from January 2000 through May of 2006 to address on-site groundwater contamination as required in the *Record of Decision* for Operable Unit 1 (OU1). AS/SVE was also used to remediate the off-site groundwater contamination and operated from May 2004 through September 2008. The operation of engineering controls is no longer required. The systems have been dismantled. Although groundwater remedial objectives have generally been met, a *Declaration of Covenants and Restrictions* remains filed with the County Clerk to prevent the use of groundwater without appropriate treatment.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end December 31, 2017. If you would like to provide us with written comments, please send them to: Joseph Jones, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233-7015; Guy.Bobersky@dec.ny.gov; or call 518-402-9625.

A summary of any comments will be assembled and made available for viewing at our Central Office address.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after January 30, 2018.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/xtapps/derexternal/index.cfm?pageid=3

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.

Receive Site Updates by Email

Have site information such as this public notice sent right to your email inbox. DEC invites you to sign up with one or more contaminated sites county email listservs available at the following web page:

www.dec.ny.gov/chemical/61092.html . It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select.

Note: Please disregard if you received this notice by way of a county email listserv.
