Re: Monthly Progress Report – May 2003
New Cassel Industrial Area, New York
Site ID #1-30043I, 1-300-43L, 1-30043M

Dear Mr. Dyber:

Walden Associates, Inc. (Walden) is pleased to provide you the Monthly Progress Report for the above-referenced site. This report covers the month May 2003, in which the following activities were conducted:

- Reviewed and summarized site-related groundwater analytical data.
- Scheduled work relating to two new monitoring-well installation.
- Conducted contracting bids for drywell survey/markout work at 89 & 101 Frost Street, and for top-of-casing elevation survey of site-related monitoring wells.
- Scheduled work for drywell survey/markout work at 89 & 101 Frost Street, and for top-of-casing elevation survey work of site-related monitoring wells.

The on-site scheduled activities for June 2003 are listed below:

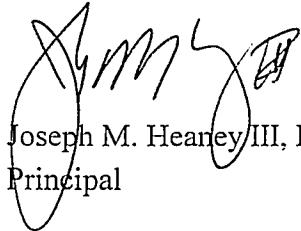

- Installation and groundwater sampling of two new monitoring wells as identified in the remedial design report (the week June 2-6 and June 17, 2003).
- Survey of top-of-casing elevations for site-related monitoring wells (June 13, 2003).
- Location work to find a former cesspool system at 89 Frost Street utilizing Ground Penetration Radar (June 13, 2003).

- Location work to find a cesspool system at 101 Frost Street utilizing Ground Penetration Radar (June 13, 2003).
- Schedule drywell soil sampling at 89 Frost Street.
- Schedule drywell soil sampling at 101 Frost Street.

Walden shall provide a ten-day notice to NYSDEC for any field work. Please do not hesitate to call me should you have any questions.

Very truly yours,

Walden Associates, Inc.
