Site Name: Former Munsey Cleaners

September 2021

Site No.: 130081 **Tax Map No.:** 6-80-50

Site Location: 1029 Port Washington Boulevard, Port Washington, Nassau County

State Superfund Site Reclassification Notice Class 02 to Class 04

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on the attached map, has been reclassified on the Registry as a Class 4 site as it no longer presents a significant threat to public health and/or the environment for the following reason(s):

- The remedy has been implemented to address site contamination. The remedy included the excavation of approximately 30 tons of contaminated soil, the installation of a soil vapor extraction system, and the installation of a sub-slab depressurization system.
- A long-term Site Management Plan has been developed, which establishes an inspection and maintenance program, a groundwater monitoring program, and a soil management plan.
- The site is required to comply with the approved Site Management Plan, and the property owner will annually certify to DEC that the institutional and engineering controls are in place and effective to protect human health and the environment.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine (enter site number 130081) which is located at:

www.dec.ny.gov/cfm/x/ectapps/derexternal/index.cfm?pageid=3

Comments and questions are always welcome and should be directed as follows:
