

A-E CONTRACTOR STATEMENT OF TECHNICAL REVIEW/ COMPLETION OF INDEPENDENT TECHNICAL REVIEW (ITR)

The A-E Contractor (Tetra Tech, Inc.) has completed the Final Design (100%) for the Peninsula Boulevard Groundwater Plume Superfund Site, Hempstead, New York. Notice is hereby given that an independent technical review that is appropriate to the level of risk and complexity inherent in the project has been conducted as defined in the Contractor Quality Control Plan. During the independent technical review, compliance with established policy principles and procedures, utilizing justified and valid assumptions, was verified. This included review of: assumptions; methods, procedures, and material used in analyses; alternatives evaluated; the appropriateness of data used and level obtained; and reasonableness of the result, including whether the product meets the customer's needs consistent with law and existing Corps policy. The independent technical review was accomplished by Lynn Arabia, CHMM (Technical Review Team Leader), Neil Teamerson, and Robert Chozick, Ph.D., PE. All comments resulting from ITR have been resolved.
