Inactive Hazardous Waste Disposal Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

The site operated from 1979 to 1982 as a hazardous waste storage, transfer and recycling facility. Prior to remediation, on-site soils, groundwater, and soil vapor, as well as off-site groundwater, soil vapor, and indoor air, were contaminated with volatile organic compounds above applicable standards, criteria, and guidance values (SCGs). Soil vapor extraction and groundwater treatment systems have reduced site-related contaminants of concern to below SCGs and 6NYCRR Part 375 Soil Cleanup Objectives for unrestricted use both on and off of the site. Currently there is an environmental easement on the property to limit site and groundwater use and to maintain operation of the sub-slab depressurization systems. The environmental easement may be extinguished and the site returned to unrestricted use.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end November 22, 2015. If you would like to provide us with written comments, please send them to: Robert Corcoran, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, Remedial Bureau A, 625 Broadway, Albany, NY 12233-7015; Bob.Corcoran@dec.ny.gov ; or call 518-402-9658.

A summary of any comments will be assembled and made available for viewing at our Regional Office, SUNY at Stony Brook, 50 Circle Road, Stony Brook, NY 11790.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after December 14, 2015.

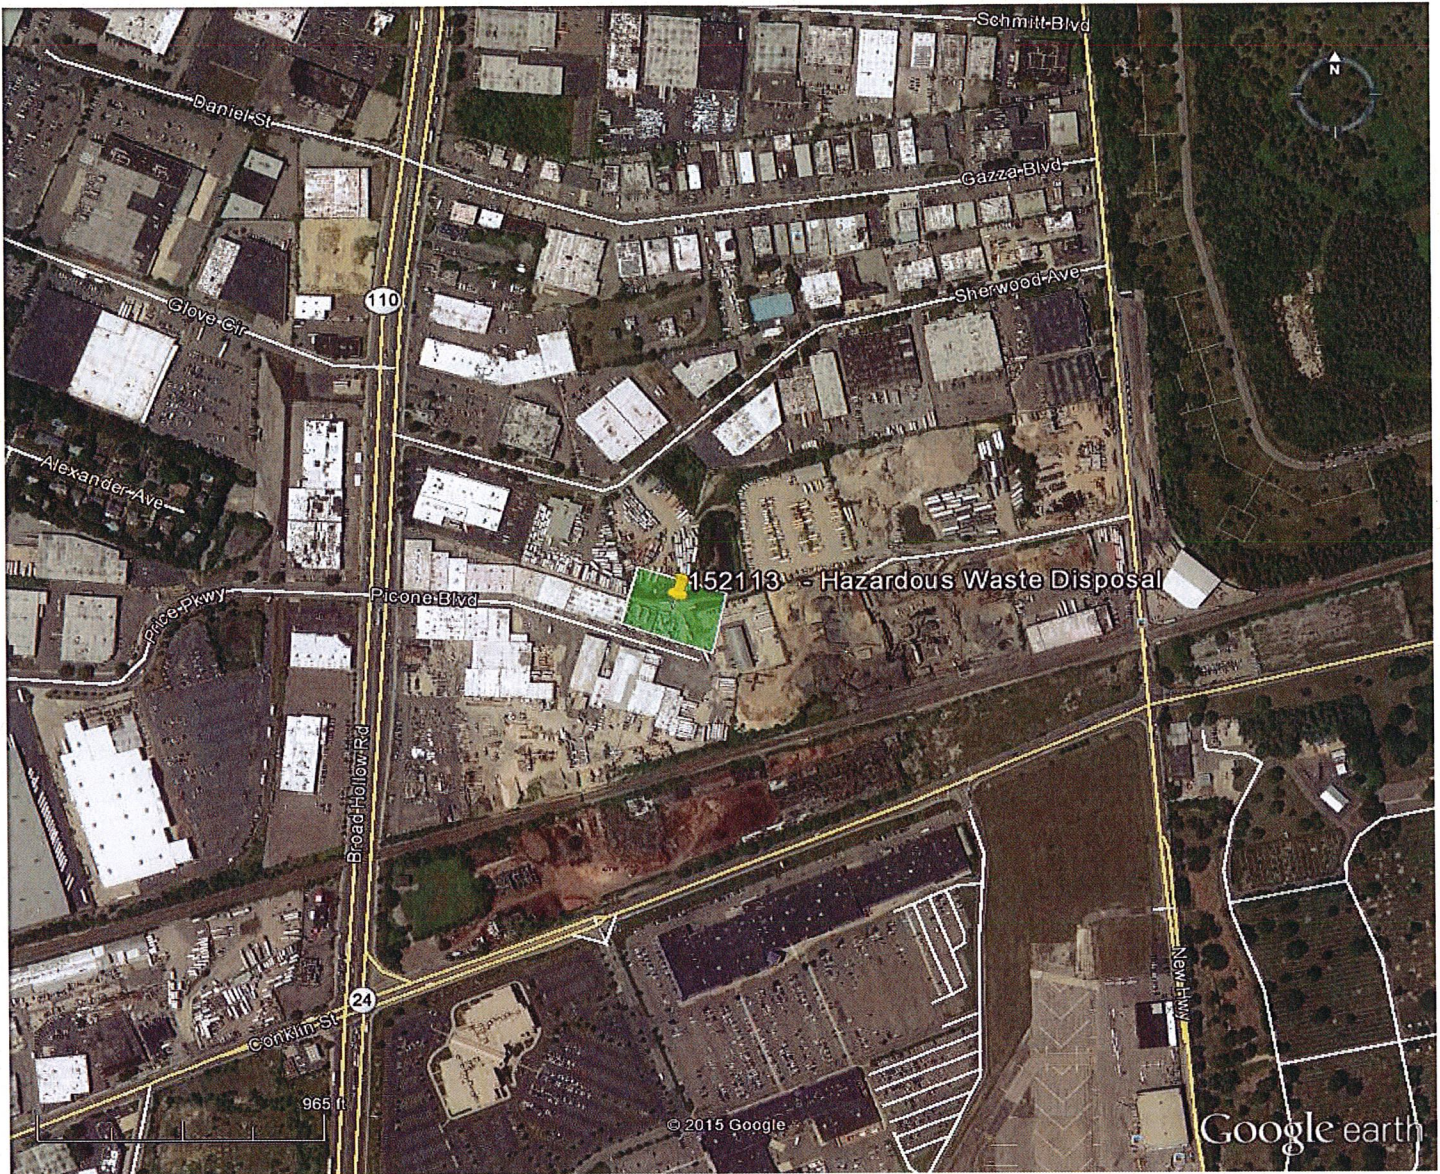

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:
www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.
