**RE: 50 Kent Avenue Property Holder Area  
50 Kent Ave  
Brooklyn, NY 11249**

Dear Mr. Paisley:

Bayshore Soil Management, LLC (BSM) has reviewed the provided data and information for MGP-impacted soils from the 50 Kent Avenue Property Holder Area of former National Grid Williamsburg MGP site, located at 50 Kent Ave in Williamsburg, Brooklyn, NY. In review of the analytical data in the Precharacterization Investigation Report by URS Corp (June 2015), and supplemental data provided on January 19 and 22, 2016, BSM has identified that materials characterized by the following samples appear to meet our acceptance criteria for MGP/Coal Tar Soils: B1C1, B1C2, B1C3, B1C4, B1C5, B1C6, B1C7, B1C8, B1C9, B1C10, B1C11, B1C12, B1C13, B1C14, B1C15, B1C16, B1C17, B2C1, B2C2, B2C3, B2C6, B2C7, B2C8, B2C9, B2C10, B2C12, B2C13, B2C14, B2C15, B2C16, B2C17, B3C1, B3C2, B3C3, B3C4, B3C5, B3C6, B3C7, B3C8, B3C9, B3C10, B3C11, B3C12, B3C13, B3C14, B3C15, B3C16, B3C17, B3C18, B3C19, B3C20, B3C21, B3C22, B4C1, B4C2, B4C3, B3C3 (30-50), B3C4 (30-50), B3C8 (30-50), AC11, AC12, AC13, AC21, AC22, AC31, AC32, AC33, AC41, AC42, AC43, AC51, AC52, AC61, AC62, AC63, C1C1 (0-2), C1C2 (2-4), C1C3 (4-5), C1C4 (5-6), C2C1 (0-2.5), C2C1 (2.5-5), C2C2 (0-2.5), C2C2 (2.5-5), C2C3 (0-2.5), and C2C3 (2.5-5). This decision was based on the submitted generator waste profile, site information, and analytical testing results stemming from site remedial investigation work. The approved materials include the following Areas:

- Area A: 18 composite samples for up to 13,500 tons;
- Area B: 62 composite samples for up to 46,500 tons. Please note the following regarding the material approval:
  - o All materials from Holder Areas B1, B2, and Areas B3 and B4 are approved. We also wanted to clarify references to the Holder Areas to ensure we are on the same page moving forward: Holder B1/Area B1 is actually Holder 2, and Holder B2/Area B2 is actually Holder 1. Prior correspondences referencing hazardous lead materials in the Holder areas are in reference to Holder B2 (Holder 1).
  - o Deep Perimeter Trench (30-50 ft.): 3 composite samples are acceptable and included in the Area B approval volume above.

75 Crows Mill Road, P.O. Box 290  
Keasbey, New Jersey 08832  
Phone: (732) 738-6000 • Fax: (732) 738-0620  
www.bayshorerecycling.com

---

- Area C: 10 composite samples, for up to 7,500 tons from the 0-6 foot interval, pending confirmatory samples for TCLP-Lead on any materials slated for Bayshore. Approval excludes sample C1C5 (6-7), which tested hazardous for TCLP-lead (5.5 mg/L).

The unacceptable materials from Area B are defined spatially at the site by the following depth intervals and boundaries on "Figure 1 January 2016 Boring Locations":

- From 12-19 feet bgs: The delineation line inclusive of Subarea B2C1, defined by the individual boreholes of Subarea B2C5, the center point of Holder B2, the individual boreholes of Subarea B2C2, and the arc connecting this line. We understand that the project will excavate to 20 ft bgs to provide a buffer.
- From 19-21 feet bgs: The delineation line inclusive of Subarea B2C4, defined by the individual boreholes of Subarea B2C5, the center point of Holder B2, the closer of the individual boreholes of Subarea B2C3, and the arc connecting this line. We understand that the project will excavate to 22 ft bgs to provide a buffer.

Bayshore Soil Management, LLC can only accept MGP/Coal Tar soils that are non-hazardous (with the exception of TCLP-benzene), and based on our review of the soil chemistry data, the materials are acceptable under the guidelines of our operating permits, with the above-noted exceptions.

This job has been approved under **BSM# 2716-0106**. In total, the approved data includes 90 waste class samples, supporting up to **67,500 tons** from the acceptable areas at the site. Should you have any questions or require further information, please feel free to contact me at 732.738.6000.

Kind Regards,

Al Ludwig  
Senior Vice President

## RECYCLING CENTER GENERAL APPROVAL FOR CLASS B RECYCLABLE MATERIALS

Under the provisions of N.J.S.A. 13:1E-1 et seq. and N.J.S.A. 13:1E-99.11 et seq., known as the Solid Waste Management Act and New Jersey Statewide Mandatory Source Separation and Recycling Act, respectively, and pursuant to N.J.A.C. 7:26A-1 et seq., known as the Recycling Regulations, this approval is hereby issued to:

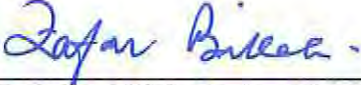

### Bayshore Recycling #2

Facility Type:	Recycling Center for Class B Materials
Block & Lot Nos.:	Block 41.03 & Lots 3.02, 3.18 & 4.02 Block 51 & Lots 1, 1.02, 1.18, 2, 2.02 & 2.03 Block 52 & Lot 1
Municipality:	Township of Woodbridge
County:	Middlesex
Facility ID No.:	132397
Permit No.:	CBG170003

This General Approval is subject to compliance with all conditions specified herein and all regulations promulgated by the Department of Environmental Protection (Department).

This General Approval shall not prejudice any claim the State may have to riparian land nor does it allow the registrant to fill or alter, or allow to be filled or altered, in any way, lands that are deemed to be riparian, wetlands, stream encroachment or flood plains, or within the Coastal Area Facility Review Act (CAFRA) zone or are subject to the Pinelands Protection Act of 1979, nor shall it allow the discharge of pollutants to waters of this State without prior acquisition of the necessary grants, permits, or approvals from the Department.

March 2, 2017  
Issuance Date

  
Zafar M. Billah, Acting Chief  
Bureau of Recycling & Hazardous Waste Management

December 31, 2021  
Expiration Date

### Scope of Approval

This General Approval (approval), along with the referenced application documents herein specified, shall constitute the sole approval of Recycling Center operations for Class B Recyclable Material (concrete, asphalt, brick, block, petroleum contaminated soil, street sweepings, potable water treatment residuals, carbon filtration media & untreated wood) storage and process center by **Bayshore Recycling Corp.** located in the Township of Woodbridge, Middlesex County, New Jersey. Any registration, approval or permit previously issued by the Division of Solid & Hazardous Waste, or its predecessor agencies, for the specific activities as described below and as conditioned herein, is hereby superseded.

### Regulated Activities at the Facility

Conditions 1 through 39 of this general approval are conditions that are applicable to all New Jersey recycling facilities. Conditions 40 through 86 of this general approval are conditions that are applicable to New Jersey recycling facilities that receive, store or process Class B materials.

### Facility Description

The recycling center is a Class B facility operated by the Bayshore Recycling Corp. The recycling center is located at 75 Crows Mill Road/100 Bayview Avenue on Block 41.03 & Lots 3.02, 3.18 & 4.02, Block 51 & Lots 1, 1.02, 1.18, 2, 2.02 & 2.03, and Block 52 & Lot 1 in the Township of Woodbridge, Middlesex County. This regional recycling center is authorized to receive concrete, asphalt, brick, block, slag (on a case by case basis), glass cullet, untreated wood, potable water treatment residuals, carbon filtration media, street sweepings and petroleum contaminated soil from demolition contractors, municipalities, manufacturers, gasoline stations, home owners and sites remediated for petroleum contamination. All processed soil will be used for beneficial use projects, brownfields, landfill caps and construction projects.

Petroleum contaminated soil shall be sampled either at the point of generation or at the recycling center for the petroleum contaminated soils processing operation. The sampling results shall be used to determine the maximum contaminant feed rate or maximum petroleum contaminant concentration for the processing equipment.

Prior to the acceptance of potable water treatment residuals, carbon filtration media and street sweepings the facility shall have received analytical results along with a signed certification from the generator certifying the material meets the Department's non-residential soil remediation standards.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:

RE: Hazardous Waste Transporter License

Dear Applicants:

This is to advise you that the investigative report from the Attorney General required under N.J.S.A. 13:1E-126 et seq. had been received by the Department of Environmental Protection. Based on our review of the aforementioned investigative report, the Department issued a **Hazardous Waste Transporter License** on December 22, 1994 to:

## HORWITH TRUCKS, INC.

This letter will serve as documentation that a solid waste transporter license had been previously issued and this serves as a duplicate of the original license.

Please be advised that the license hereby issued is a "**conditional**" license and is modified by the terms and conditions as specified on the attached document as they have been put forth by the Attorney General's Office. Failure to meet the specified conditions will result in the revocation of this license.

This license must be renewed annually by filing the Annual License Update form and any other change of information concerning your company or its operation as required by the Department.

Sincerely,

Deborah Pinto, Chief  
Economic Regulation & Licensing

## Horwith Trucks, Inc.

### **Conditions of Hazardous Waste License: Official Company Name**

The State of New Jersey, Division of Commercial Recordings database indicates that this company is registered as Horwith Trucks, Inc. (commercial record number: 0100521726), which is the official company name licensed as a solid waste transporter in New Jersey. Therefore, you are required to conduct all solid waste business activities and operations under the registered and licensed name of: Horwith Trucks, Inc., including, but not limited to, billing and invoices, insurance, and all state and federal identification numbers and registrations.

### **Condition of Hazardous Waste License: Prohibition of Sale of License pursuant to N.J.S.A. 13:1E-126 et seq. N.J.A.C. 7:26-16.6 and N.J.A.C. 7:26H-1.9**

Regardless of whether a licensee obtains or has obtained a certificate of public convenience and necessity, should the licensee fail to own or lease any solid waste vehicle registered with the Department capable of collecting and transporting hazardous waste from a generator, transfer station, or other source of waste to a hazardous waste facility; or have no customers, or only a nominal customer list, or reasonable substitute therefore, sale of more than 50% of the equity of the licensee shall not be consummated, and no such sale will be approved by the Department pursuant to the provisions of N.J.S.A. 13:1E-126 et seq., N.J.A.C. 7:26-16.6, N.J.S.A. 48:13A-1 et seq., and N.J.A.C. 7:26H-1.1 et seq., without the submission of administratively complete disclosure forms, with fingerprints, of all proposed new owners, directors, partners, officers or key employees, to the Attorney General, and A-901 approval of all proposed new owners, directors, partners, officers or key employees.

### **Condition of Hazardous Waste License: Comply with all Federal and State Transporting Regulation**

*Hazardous Waste is specifically identified and regulated by the United States Environmental Protection Agency (USEPA) by 40CFR, Part 262 and incorporated by reference into the regulations of NJDEP. Therefore, the licensee must comply with all governing State and Federal laws applicable to hazardous waste transportation in New Jersey prior to the transportation of hazardous waste and provide proof to the Department at the time of filing your registration statement with NJDEP's Licensing and Registration Unit to obtain decals. Specifically, but not limited to:*

1. Obtain a USEPA Transporter Registration Number.
2. Proof of compliance with the minimum financial responsibility requirements covering public liabilities, property damage and environmental restoration set out at 49 C.F.R. Part 387 in a form approved by the Department; MCS-90
3. Proof of Hazmat Training conforming to 49 CFR 172.700 to 172.704
4. Proper registration with the U.S. Department of Transportation (USDOT) for any applicable transportation activities
5. Proof of current registration with the Pipeline Hazardous Material Safety Administration to transport hazardous material

the effective date listed on the permit

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

RETURN RECEIPT REQUESTED

RE: Hazardous and Solid Waste Transporter License  
N.J.S.A. 13: 1E-126 et seq.

Dear Mr. Durham:

This is to advise you that the investigative report from the Attorney General required under N.J.S.A. 13:1E-126 et seq. has been received by the Department of Environmental Protection.

Based on our review of the aforementioned investigative report, the Department is hereby issuing a hazardous and solid waste transporter license to:

**J & D TRUCKING, INC.**

This letter will serve as documentation that both a hazardous waste and a solid waste transporter license has been issued. This license must be renewed annually by filing the Annual License Update form and any other change of information concerning your company or its operation as required by the Department.

You may also be required to obtain a Certificate of Public Convenience and Necessity prior to commencing solid waste business operations. Questions regarding this certificate should be directed to the Bureau of Solid Waste Regulation at (609) 984-2080. **Any transportation equipment must be registered prior to commencing operations; and in accordance with the hazardous waste regulations, your company must undertake provisions for a training program in the safe management of hazardous waste for all employees who will handle such waste.** Questions regarding equipment registration of the above license should be directed to the Bureau of Hazardous Waste Regulation at (609) 292-7081.

Sincerely,

*Norine Binder*

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/officer of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

**SECTION B - CERTIFICATION**PERMIT NO. NJ 950

I hereby certify that the information contained in this new permit application, permit renewal or modification submitted in support of obtaining a New York State Regulated Waste Transporter Permit contains no information that I know to be false, to be incomplete, or to have changed without notification to the Department. I also certify that all employees who are or will be involved in the transportation and handling of hazardous materials or medical waste have been or will be trained (every three years) in accordance with the requirements set forth in 49 CFR § 172.700 subpart H, and 29 CFR §1910.120 and 1910.1200 (conducted annually) before they handle hazardous materials (see instructions on the above web site). I also certify that all insurance coverages referenced herein comply with 6 NYCRR 364.5. I am aware that if I have knowingly omitted or falsified any information required to be disclosed, processing of the application may be delayed, and the certification or permit sought by the application may be denied or subsequently revoked. I am aware that false statements or omissions herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law, and that failure to pay all outstanding fees, provide proof of general liability insurance (hazardous, low level radioactive and medical waste transporters only), evidence of workers compensation insurance or submit an annual report for the previous calendar year, may delay processing or result in revocation of the permit. Further, I affirm that all transfer, storage, treatment and disposal facilities to which I transported waste are authorized to accept the waste(s) identified by this permit, and have provided me with written permission to dispose of this waste. Finally, I agree to indemnify and hold The People of the State of New York, the Department, their officials, employees and contractors harmless from any claim or liability arising directly or indirectly out of this permit application, and the information contained herein, and any permit issued pursuant thereto.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/officer of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

**SECTION B – CERTIFICATION**PERMIT NO. NJ 950

I hereby certify that the information contained in this new permit application, permit renewal or modification submitted in support of obtaining a New York State Regulated Waste Transporter Permit contains no information that I know to be false, to be incomplete, or to have changed without notification to the Department. I also certify that all employees who are or will be involved in the transportation and handling of hazardous materials or medical waste have been or will be trained (every **three years**) in accordance with the requirements set forth in 49 CFR § 172.700 subpart H, and 29 CFR §1910.120 and 1910.1200 (**conducted annually**) before they handle hazardous materials (see instructions on the above web site). I also certify that all insurance coverages referenced herein comply with 6 NYCRR 364.5. I am aware that if I have knowingly omitted or falsified any information required to be disclosed, processing of the application may be delayed, and the certification or permit sought by the application may be denied or subsequently revoked. I am aware that false statements or omissions herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law, and that failure to pay all outstanding fees, provide proof of general liability insurance (hazardous, low level radioactive and medical waste transporters only), evidence of workers compensation insurance or submit an annual report for the previous calendar year, may delay processing or result in revocation of the permit. Further, I affirm that all transfer, storage, treatment and disposal facilities to which I transported waste are authorized to accept the waste(s) identified by this permit, and have provided me with written permission to dispose of this waste. Finally, I agree to indemnify and hold The People of the State of New York, the Department, their officials, employees and contractors harmless from any claim or liability arising directly or indirectly out of this permit application, and the information contained herein, and any permit issued pursuant thereto.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

**The permittee must:**

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offerrer of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

**SECTION B - CERTIFICATION**

PERMIT NO. \_\_\_\_\_

I hereby certify that the information contained in this new permit application, permit renewal or modification submitted in support of obtaining a New York State Regulated Waste Transporter Permit contains no information that I know to be false, to be incomplete, or to have changed without notification to the Department. I also certify that all employees who are or will be involved in the transportation and handling of hazardous materials or medical waste have been or will be trained (every **three years**) in accordance with the requirements set forth in 49 CFR § 172.700 subpart H, and 29 CFR § 1910.120 and 1910.1200 (**conducted annually**) before they handle hazardous materials (see instructions on the above web site). I also certify that all insurance coverages referenced herein comply with 6 NYCRR 364.5. I am aware that if I have knowingly omitted or falsified any information required to be disclosed, processing of the application may be delayed, and the certification or permit sought by the application may be denied or subsequently revoked. I am aware that false statements or omissions herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law, and that failure to pay all outstanding fees, provide proof of general liability insurance (hazardous, low level radioactive and medical waste transporters only), evidence of workers compensation insurance or submit an annual report for the previous calendar year, may delay processing or result in revocation of the permit. Further, I affirm that all transfer, storage, treatment and disposal facilities to which I transported waste are authorized to accept the waste(s) identified by this permit, and have provided me with written permission to dispose of this waste. Finally, I agree to indemnify and hold The People of the State of New York, the Department, their officials, employees and contractors harmless from any claim or liability arising directly or indirectly out of this permit application, and the information contained herein, and any permit issued pursuant thereto.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.

**SECTION B - CERTIFICATION** **PERMIT NO.**

I hereby certify that the information contained in this new permit application, permit renewal or modification submitted in support of obtaining a New York State Regulated Waste Transporter Permit contains no information that I know to be false, to be incomplete, or to have changed without notification to the Department. I also certify that all employees who are or will be involved in the transportation and handling of hazardous materials or medical waste have been or will be trained (every **three years**) in accordance with the requirements set forth in 49 CFR § 172.700 subpart H, and 29 CFR §1910.120 and 1910.1200 (**conducted annually**) before they handle hazardous materials (see instructions on the above web site). I also certify that all insurance coverages referenced herein comply with 6 NYCRR 364.5. I am aware that if I have knowingly omitted or falsified any information required to be disclosed, processing of the application may be delayed, and the certification or permit sought by the application may be denied or subsequently revoked. I am aware that false statements or omissions herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law, and that failure to pay all outstanding fees, provide proof of general liability insurance (hazardous, low level radioactive and medical waste transporters only), evidence of workers compensation insurance or submit an annual report for the previous calendar year, may delay processing or result in revocation of the permit. Further, I affirm that all transfer, storage, treatment and disposal facilities to which I transported waste are authorized to accept the waste(s) identified by this permit, and have provided me with written permission to dispose of this waste. Finally, I agree to indemnify and hold The People of the State of New York, the Department, their officials, employees and contractors harmless from any claim or liability arising directly or indirectly out of this permit application, and the information contained herein, and any permit issued pursuant thereto.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offendor of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

**SECTION B - CERTIFICATION** **PERMIT NO.**

I hereby certify that the information contained in this new permit application, permit renewal or modification submitted in support of obtaining a New York State Regulated Waste Transporter Permit contains no information that I know to be false, to be incomplete, or to have changed without notification to the Department. I also certify that all employees who are or will be involved in the transportation and handling of hazardous materials or medical waste have been or will be trained (every three years) in accordance with the requirements set forth in 49 CFR § 172.700 subpart H, and 29 CFR § 1910.120 and 1910.1200 (conducted annually) before they handle hazardous materials (see instructions on the above web site). I also certify that all insurance coverages referenced herein comply with 6 NYCRR 364.5. I am aware that if I have knowingly omitted or falsified any information required to be disclosed, processing of the application may be delayed, and the certification or permit sought by the application may be denied or subsequently revoked. I am aware that false statements or omissions herein are punishable as a Class A misdemeanor pursuant to Section 210.45 of the NYS Penal Law, and that failure to pay all outstanding fees, provide proof of general liability insurance (hazardous, low level radioactive and medical waste transporters only), evidence of workers compensation insurance or submit an annual report for the previous calendar year, may delay processing or result in revocation of the permit. Further, I affirm that all transfer, storage, treatment and disposal facilities to which I transported waste are authorized to accept the waste(s) identified by this permit, and have provided me with written permission to dispose of this waste. Finally, I agree to indemnify and hold The People of the State of New York, the Department, their officials, employees and contractors harmless from any claim or liability arising directly or indirectly out of this permit application, and the information contained herein, and any permit issued pursuant thereto.

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**

# WASTE TRANSPORTER PERMIT

## GENERAL CONDITIONS

### The permittee must:

1. Carry a copy of this waste transporter permit in each vehicle to transport waste. Failure to produce a copy of the permit upon request is a violation of the permit.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter permit number on both sides and rear of each vehicle containing waste. The displayed name and permit number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Transport waste only in authorized vehicles. An authorized vehicle is one that is listed on this permit.
4. Submit to the Department a modification application for additions/deletions to the authorized fleet of vehicles. The permittee must wait for a modified permit before operating the vehicles identified in the modification application.
5. Submit to the Department a modification application to add a new waste category or a new destination facility, or to change the current waste or destination facility category. The permittee must wait for a modified permit before transporting new waste types or transporting to new destination facilities.
6. Submit to the Department a modification application for change of address or company name.
7. Comply with requirements for placarding and packaging as set forth in New York State Transportation Law as well as any applicable federal rules and regulations.
8. Contain all wastes in the vehicle so there is no leaking, blowing, or other discharge of waste.
9. Use vehicles to transport only materials not intended for human or animal consumption unless the vehicle is properly cleaned.
10. Comply with requirements for manifesting hazardous waste, regulated medical waste, or low-level radioactive waste as set forth in the New York State Environmental Conservation Law and the implementing regulations. Transporters who provide a pre-printed manifest to a generator/shipper/offeror of regulated waste shall ensure that all information is correct and clearly legible on all copies of the manifest.
11. Deliver waste only to transfer, storage, treatment and disposal facilities authorized to accept such waste. Permittee must demonstrate that facilities are so authorized if requested to do so.
12. Maintain liability insurance as required by New York State Environmental Conservation Law.
13. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department at the time of permit renewal, or to any law enforcement officer, if requested to do so.
14. Pay regulatory fees on an annual basis. Non-payment may be cause for revocation or suspension of permit.
15. This permit is not transferrable. A change of ownership will invalidate this permit.
16. This permit does not relieve the permittee from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
17. **Renewal applications must be submitted no less than 30 days prior to the expiration date of the permit to:**
