**Site Name:** 869 Stanley Avenue

**December 2024**

**Site No.** 224394 **Tax Map No.** 4362-1

**Site Location:** 869 Stanley Avenue, Borough of Brooklyn, Kings County, 11208

### State Superfund Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program is New York State's superfund program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on a map on the reverse side of this page, has been added to the Registry as a Class 02 site that presents a significant threat to public health and/or the environment for the following reasons:

- Environmental sampling has determined that downgradient groundwater is contaminated with volatile organic compounds (VOCs) including 1,1,1-trichloroethane, 1,1 dichloroethane, 1,1 dichloroethene, 2-butanone, cis-1,2-dichloroethene (cis-1,2-DCE), tetrachloroethene (PCE), trichloroethene (TCE), trifluoromethane, and vinyl chloride.
- Soil vapor is contaminated with VOCs including PCE, TCE and cis-1,2-DCE.
- Soil Vapor Intrusion sampling conducted at an adjacent property has detected chlorinated VOCs in sub-slab vapor and indoor air, indicating a potential for impacted indoor air quality at surrounding locations.
- Further investigation is needed to define the nature and extent of contamination, to evaluate and address potential exposures, and to determine the appropriate remedial actions to be implemented in order to address exposures to site-related contamination.

DEC will keep you informed throughout the investigation and cleanup of the site.

**If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the DEC Project Manager listed below.**

#### FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's Environmental Site Remediation Database Search with site number 224394: <https://extapps.dec.ny.gov/cfm/extapps/derexternal/index.cfm?pageid=3>

Site specific documents may be found online through the DECinfo Locator:  
<https://extapps.dec.ny.gov/data/DecDocs/224394/>

Comments and questions are always welcome and should be directed as follows:
