Re: Astoria PURS DF Emergency Spill cleanup  
CE – Astoria MGP  
Queens County, Site No.: 241012

John Lacanlale,

The Department has reviewed the request dated December 19, 2024, to import 50-100 cubic yards of fill material from Evergreen Recycling of Corona. Based on the information provided, the request is hereby approved.

The proposed fill material meets the requirements for material other than soil (i.e., gravel, rock, stone, recycled concrete or recycled brick) as specified in section 5.4(e)5 of DER-10. Therefore, this material may be placed as part of final site cover.

Testing in accordance with DER-10 and approval by the Department is required for any additional material imported from this source.

Sincerely,

Sydney Sobol  
Project Manager
