YOUR PERMIT IS ENCLOSED

IMPORTANT NOTICE TO ALL PERMITTEES

The requested transfer has been issued. Enclosed is the corresponding "Application for Permit Transfer" executed by the New York State Department of Environmental Conservation (DEC). A copy of this approval must be attached to the referenced permit. The DEC permit number & program ID number noted on the transfer form are important and should be retained for your records. These numbers should be referenced on all correspondence related to the permit, and on any future applications for permits associated with this facility/project area.

Please note the expiration date of the permit. Applications for permit renewal should be made well in advance of the expiration date (minimum of 30 days) and submitted to the Regional Permit Administrator. For SPDES, Solid Waste, and Hazardous Waste Permits, renewals must be made at least 180 days prior to the expiration date.

It is the Department's understanding that the owners for the facility are now GlobalFoundaries U.S. 2 LLC, I.Park East Fishkill LLC, and I.Park East Fishkill I LLC, while IBM Corporation remains the operator in regards to the Hazardous Waste (RCRA) Permit. The DEC records have been updated to reflect this.

If you have any technical questions regarding the permit, please contact Thomas Killeen, with DEC's Division of Environmental Remediation, at (518) 402-9814. If you have any questions regarding this permit transfer, you may contact the Regional Permit Administrator John W. Petronella at (845) 256-3041.
