SITE STATUS UPDATE

for

APRIL - JUNE 2017

Introduction

This report provides an update on the status of measures currently underway at the Apple Valley Shopping Center Superfund Site (the "Site") for the period October-December 2016. These activities conform to the NYSDEC-approved IRM Work Plan dated July 2, 2004, and Order on Consent.

Status Update

- 4/12: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating.
- 4/24: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating.
- 5/1: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating.
- 5/23: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating. Repairs made to damaged monitoring well curb boxes located within Walgreens' parking lot.
- 6/8: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating. Continued repairs to damaged monitoring well curb boxes located within Walgreens' parking lot.
- 6/15: Conducted periodic cleaning of groundwater treatment system to improve efficiency; all systems operating.
- 6/19: Conducted inspection and maintenance of groundwater remediation and vapor mitigation systems at Ciccio's Pizzeria and Walgreens; all systems operating.
- 6/30: Sampled groundwater remediation system effluent (AVS-EFF) as part of 2nd Quarter monitoring.

Anticipated Schedule: JULY - SEPTEMBER 2017

- Routine maintenance of groundwater extraction and treatment system and vapor mitigation system.
- System performance monitoring.
- Groundwater monitoring.
