NYSDEC Permit 3-3352-00145/00001-0
EPA ID No. NYD030485288

Dear Mark Hoffman,

The New York State Department of Environmental Conservation (Department) has completed its review of the minor modifications requested via your two emails dated August 23, 2022. The Department approves this request to incorporate, as part of the final permit, the updated revisions of the following:

- Revere Permit Attachment A – Facility Layout Site Plan;
- Revere Permit Inc. Doc. #2 – Operations Plan;
- Revere Permit Inc. Doc. #2 – Operations Plan Appendix 1-B Site Map
- Revere Permit Inc. Doc. #6 – Integrated Contingency Plan;
- Revere Permit Inc. Doc. #6 App K Plot Plan;
- Revere Permit Inc. Doc. #7 – Interim Site Management Plan; and,
- Permit Modification Log

Pursuant to 6 NYCRR Part 373-1.7(c)(1)(i), 6 NYCRR Part 373-1.7(c)(1)(iii), 6 NYCRR Part 373-1.7(c)(2)(ii), and 6 NYCRR Part 373-1.7(c)(2)(v)(b) the proposed changes do not substantially alter permit conditions or reduce the capacity of the facility to protect human health or the environment. The Permit pages enclosed with your request, as listed above and specifically as modified in your August 23, 2022 emails, are approved. These pages supersede the existing like-numbered pages of the Permit issued on July 30, 2017 as well as any subsequent modifications. All other terms and conditions of the permit remain as previously issued and/or modified. Please replace the pages in your copy of the permit and in all copies held in document repositories for this facility.

In accordance with 6 NYCRR Part 373-1.7(c), you are required to send an announcement of all modifications to all persons/parties on the facility mailing list, to units of local government, and to each State Agency having authority over the operation of the facility. Please copy the Department on correspondence that fulfills this requirement.

If you have any questions or comments regarding this modification, please contact Shaen Guang (shaen.guang@dec.ny.gov).

Sincerely,

A handwritten signature in blue ink, appearing to read "Lynn M. Winterberger".
