Dear Mr. Chastain:

On December 20, 2023, the Department received the Closure Certification Report for the above-referenced facility. Following review and request for additional work, the Department received the Updated Closure Certification Report on July 22, 2024. Based on review of the updated report, the Department has determined that the permitted areas of the facility were closed and decontaminated in accordance with all state and federal requirements. The Department hereby accepts the closure certification for the regulated units. This approval closes out the last remaining hazardous waste operating units for this facility. In addition, there are no Corrective Action requirements remaining for any on- or off-site contamination.

If you have any questions, please do not hesitate to contact me at [frank.zhang@dec.ny.gov](mailto:frank.zhang@dec.ny.gov) or 518-402-8755.

Sincerely,

Frank Zhang  
Assistant Engineer
