

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION
STATE SUPERFUND PROGRAM
ECL §27-1301 *et seq.*

In the Matter of a Remedial Program for

**AMENDMENT TO ORDER ON
CONSENT AND
ADMINISTRATIVE
SETTLEMENT**

DEC Site Name: Farrand Controls

DEC Site No.: 360046

Site Address: 99 Wall Street, Hamlet of Valhalla,
Town of Mt. Pleasant, Westchester County, New
York

Index No. CO 3-20240814-113

Hereinafter referred to as "Site"

by: Ruhle Companies, Inc.

Hereinafter referred to as "Settling Respondent"

1. A. The New York State Department of Environmental Conservation ("Department") is responsible for inactive hazardous waste disposal site remedial programs pursuant to Article 27, Title 13 of the Environmental Conservation Law ("ECL") and Part 375 of Title 6 of the Official Compilation of Codes, Rules and Regulations ("6 NYCRR") and may issue orders consistent with the authority granted to the Commissioner by such statute.

B. The Department is responsible for carrying out the policy of the State of New York to conserve, improve and protect its natural resources and environment and control water, land, and air pollution consistent with the authority granted to the Department and the Commissioner by Article 1, Title 3 of the ECL.

2. The Site is currently listed in the Registry of Inactive Hazardous Waste Disposal Sites in New York State as Site Number 360046 with a Classification of 02 pursuant to ECL 27-1305.

3. In January 2014, the Settling Respondent executed an Order on Consent and Administrative Settlement with the Department for the Farrand Controls site (the "Site"). Attached as Exhibit "A" is a copy of the fully executed Consent Order for the Site (the "Order").

4. The Settling Respondent submitted to the Department a *60-Day Advance Notification of Site Change of Use, Transfer of Certificate of Completion, and/or Ownership Required by 6 NYCRR Part 375-1.11(d) and 375-1.9(f)* dated January 17, 2023 providing notification to the Department of a proposed change of ownership of the Site from the Settling Respondent to 99 Wall Owner, LLC on April 4, 2023.

5. Subparagraph XVII.B of the Order provides for modifications to be made only by express written agreement of all the Parties.

6. By email dated March 17, 2023, the Settling Respondent, through its attorney, formally requested a modification to the Order to revise certain specified provisions of the Order.

7. This modification to the Order (the "Amendment to the Order") is issued pursuant to the Department's authority under, *inter alia*, ECL Article 27, Title 13 and ECL 3-0301, and resolves Settling Respondent's liability to the State as provided at 6 NYCRR 375-1.5(b)(5).

NOW, having considered this matter and being duly advised, **IT IS ORDERED THAT:**

I. Paragraph I of the Order (Site Specific Definitions) is hereby amended to add Paragraph I(o) of the Order to read as follows:

"Site": The Site subject to the Order has been assigned number 360046, consists of approximately six acres, and is as follows:

Subject Property Description (A Map of the Site is attached as Exhibit "B")

Tax Map/Parcel No.: Section Subsection Block Lot
99 Wall Street, Hamlet of Valhalla, Town of Mt. Pleasant,
Westchester County, New York
Owner: Ruhle Companies, Inc.

II. Paragraph I(n) of the Order (Site Specific Definitions) is hereby amended to read as follows:

"Covered matters": Covered Matters," as that term is used in this Order, is defined to include any and all past or future claims that were, or could now or hereafter be, asserted by the State against Settling Respondent arising out of or in connection with the disposal, release, or threat of release of (i) hazardous substances or of hazardous waste, as that term is defined in 6 NYCRR § 375-1.2(w), which occurred prior to the effective date of the Amendment to the Order or (ii) 1,4-dioxane (P-Dioxane), sodium 1H, 1H, 2H, 2H-perfluoro-1-[1,2-¹³C₂]-decane sulfonate (8.2) or per- and poly-fluoroalkyl and butanoic substances, including PFOA, PFBS and PFOS detected at or migrating from the Site identified in Exhibit "C" of the Amendment the Order, excluding those rights specifically reserved in the Amendment to the Order.

III. Paragraph II of the Order (Design, Installation, Maintenance and Operation of a SSDS or Department-approved Alternative System at the Site) is hereby amended to read as follows:

The Settling Respondent has completed the installation, Maintenance and Operation of a Sub-Slab Depressurization System or Department-approved Alternative System at the Site. The Department approved a Work Plan titled Soil Vapor Intrusion Mitigation Work Plan dated July 3, 2014 by letter dated September 2, 2014. SSDS start up occurred in January 2015.

IV. Paragraph III of the Order (Progress Reports) is hereby amended to read as follows:

Progress Reports-Inapplicable

V. Paragraph VI of the Order (Payment of State Costs) is hereby amended to read as follows:

Settling Respondent shall pay the aggregate principal amount of \$851,122.99. for past and future remedial costs to the Department, payable by December 31, 2024. The payment shall be remitted by certified check payable to: New York State Department of Environmental Conservation, with a memo of, "State Response Costs, Farrand Controls".

VI. Paragraph VII of the Order (Filing of Environmental Easement) is hereby amended to read as follows:

The Settling Respondent recorded an Environmental Easement for the Site dated April 2, 2014. The recorded Environmental Easement for the Site is attached as Exhibit "D" of the Amendment to the Order.

VII. Paragraph VIII of the Order (Release, Discharge and Covenant Not to Sue by the State) is hereby amended to read as follows:

In consideration of Settling Respondent's compliance with this Order, which includes remitting payment in the aggregate principal amount of \$851,122.99. for past and future remedial costs by December 31, 2024 and subject to paragraph XIII below, the Department releases, discharges, and covenants not to sue or take any civil-judicial, or administrative action under any federal, state, local or common law, including, without limitation, CERCLA, the ECL, and the regulations related thereto, against Settling Respondent, its agents, successors, successors in title, representatives and assigns, with respect to the Covered Matters.

VIII. Paragraph XII of the Order (Effect on Liability of Other Parties) is hereby amended to read as follows:

Nothing in this Order is intended as a release of, or covenant not to sue with respect to, any person or entity other than Settling Respondent, its agents, successors, successors in title, representatives, heirs, and assigns, and the Department expressly reserves its rights to assert in a judicial or administrative forum any claim or cause of action, past or future, in law or in-equity, that the Department may have against any other person, firm, corporation, or other entity. Settling Respondent reserves such rights

as it may have to seek and obtain contribution, indemnification, and/or any other form of recovery from its insurers and from other potentially responsible parties or their insurers for past or future response and/or cleanup costs or such other costs or damages arising from the contamination at the Site as may be provided by law, including but not limited to rights of contribution under section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B).

IX. Paragraph XIII (Reopener) of the Order is hereby amended to read as follows:

A. Notwithstanding any other provision of this Order and any release, discharge or covenant not to sue that Settling Respondent may receive from the Department, the Department reserves, and this Order is without prejudice to, the right of the Department to institute proceedings seeking to compel Settling Respondent: (a) to perform further response actions relating to the Site, or (b) to reimburse the Department for future additional costs of response, in either case only if:

(i) conditions at the Site, previously unknown to the Department, are discovered after the Effective Date of the Amendment to the Order, or

(ii) conditions or information, previously unknown to the Department is received after the effective date of the Amendment to the Order and these previously unknown conditions or information together with any other relevant information, indicate that the response actions selected for the Site are not protective of human health or the environment. For purposes of this Reopener, the Department acknowledges that previously known conditions at the Site and previously known information include all conditions and information known to the Department as of the Effective Date of the Amendment to the Order including, but not limited to, all conditions identified and information contained or submitted for inclusion in the Administrative Record, attached as Exhibit "A" to the ROD for the Site, or in the files and records of the Department, including the analytical reports in the files of the Department as of the Effective date of the Amendment to the Order.

X. Paragraph XVII of the Order (Miscellaneous Provisions) is hereby amended to read as follows:

A. Except to the extent provided in the Amendment to the Order, nothing in this Order shall inure to the benefit of any other person or entity not a party to this Order.

B. This Order may not be modified except by express written agreement of all the Parties.

C. Settling Respondent and Settling Respondent's agents, successors, representatives and assigns shall be bound by this Order. Each signatory represents that he or she is fully and legally authorized to enter into the terms and conditions of this Order and to bind the party on whose behalf he or she signs. Any change in ownership or corporate status of Settling Respondent including, but not limited to, any transfer of assets or real or personal property shall in no way alter Settling Respondent's

responsibilities under this Order, and nothing herein shall be construed to reduce or increase the obligations of Settling Respondent in the event it enters into a merger or other corporate reorganization.

XI. All other provisions of the Order remain in full force and effect.

XII. The effective date of this Amendment to the Order is the date of closing for the completion of the sale and purchase of the Property between 99 Wall Owner LLC and Ruhle Companies, Inc. This Amendment to the Order shall be null and void ab initio if closing of the sale and purchase of the Property does not occur within 60 days of the Department's execution of the Amendment to the Order. Respondent shall notify the Department of closing for the completion of the sale and purchase of the Property between 99 Wall Owner LLC and Ruhle Companies, Inc. within 72 hours of such closing.

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

In the Matter of the
Development and Implementation
of a Remedial Program for an
Inactive Hazardous Waste Disposal
Site under Article 27, Title 13
of the Environmental Conservation Law
by

**ORDER ON CONSENT
and
ADMINISTRATIVE
SETTLEMENT**

Index # W3-1174-13-09

Site #360046

Ruhle Companies, Inc.
Respondent.

WHEREAS,

1. A. The New York State Department of Environmental Conservation ("Department" or "DEC") is responsible for inactive hazardous waste disposal site remedial programs pursuant to Article 27, Title 13 of the Environmental Conservation Law ("ECL") and Part 375 of Title 6 of the Official Compilation of Codes, Rules and Regulations ("6 NYCRR") and may issue orders consistent with the authority granted to the Commissioner by such statute.

B. The Department is responsible for carrying out the policy of the State of New York to conserve, improve and protect its natural resources and environment and control water, land, and air pollution consistent with the authority granted to the Department and the Commissioner by Article 1, Title 3 of the ECL.
2. Ruhle Companies, Inc. ("Settling Respondent") is the owner and operator of the Farrand Controls site. The Farrand Controls site is located at 99 Wall Street, Hamlet of Valhalla, Town of Mt. Pleasant, Westchester County, New York (hereinafter, the "Site"). Settling Respondent was created by incorporation pursuant to the New York Business Corporation Law in or about 1991 as a consequence of an employee buyout of the Farrand Controls Division of Farrand Industries, Inc. (f/k/a Farrand Controls, Inc.). Farrand Industries, Inc. (f/k/a Farrand Controls, Inc.) is no longer an active business. The Site consists of approximately six (6) acres of a thirteen (13) acre parcel the entirety of which is also owned by the Settling Respondent. Exhibit "A" is a map of the Site showing its general location.
3. The Site is currently listed in the *Registry of Inactive Hazardous Waste Disposal Sites in New York State* as Site Number 360046 with a Classification "2" pursuant to ECL 27-1305, indicating that it poses a significant threat to public health or the environment.
4. On May 20, 2011, the State of New York and the Department's Commissioner filed an action pursuant to CERCLA, and the common law of the State of New York (the "State of New York or "State"), seeking to recover response costs that have been and will be incurred by the State in responding to the release or threatened release of hazardous substances at the Site. During the pendency of the case, the New York State Department of Environmental Conservation through the

New York State Office of the Attorney General (“NYSOAG”) and Settling Respondent began settlement discussions on how to reimburse the State of New York for the costs of cleaning up the Site. Settling Respondent informed the Department and the NYSOAG that it was interested in an “ability to pay” settlement based on its financial condition. The Department and NYSOAG investigated Settling Respondent’s financial circumstances.

5. The Department considered Settling Respondent’s ability to pay for a settlement of the claims. After reviewing the financial information provided by Settling Respondent, the Department determined that an ability to pay settlement was proper considering Settling Respondent’s financial circumstances.

6. Based on Settling Respondent’s financial circumstances, the Department agreed to settle with Settling Respondent for less than 100% of the costs incurred and to be incurred by the State.

7. Settling Respondent consents to the issuance of this Order without (i) an admission or finding of liability, fault, wrongdoing, or violation of any law, regulation, permit, order, requirement, or standard of care of any kind whatsoever; (ii) an acknowledgment that there has been a release or threatened release of hazardous waste at or from the Site; and/or (iii) an acknowledgment that a release or threatened release of hazardous waste at or from the Site constitutes a significant threat to the public health or environment.

8. Solely with regard to the matters set forth below, Settling Respondent hereby waives any right to a hearing as may be provided by law, consents to the issuance and entry of this Order, and agrees to be bound by its terms. Settling Respondent consents to and agrees not to contest the authority or jurisdiction of the Department to issue or enforce this Order, and agrees not to contest the validity of this Order or its terms or the validity of data submitted to the Department by Settling Respondent pursuant to this Order.

NOW, having considered this matter and being duly advised, **IT IS ORDERED THAT:**

I. Site Specific Definitions

Unless otherwise expressly provided herein, terms used in this Order which are defined in ECL Article 27 or in regulations promulgated thereunder shall have the meaning assigned to them under said statute or regulations, or amendments thereto. Whenever terms listed below are used in this Settlement Agreement or in an appendix attached thereto, the following definition shall apply:

a. “Environmental Easement” shall mean, as defined in 6 N.Y.C.R.R. § 375-1.2(q), an interest in real property, created under and subject to the provisions of Environmental Conservation Law (“ECL”) Article 71, Title 36, which contains a use restriction and/or a prohibition on the use of land in a manner inconsistent with engineering controls, provided that no such easement shall be acquired or held by the state which is subject to the provisions of article fourteen of the constitution of the State of New York.

b. "Farrand Site Environmental Easement" ("Farrand Site EE") shall mean the Environmental Easement providing access to the Site for development, construction, operation, maintenance and monitoring of the selected remedy for the Site by the State, its employees, and agents and DEC's Contractor and sub-contractors, employees and agents, and restricting the future use of the Site, which is substantially similar to Exhibit "B".

c. "Environmental Easement Package" shall collectively mean: (i) Two original executed Farrand Site EEs, (ii) Completed and duly executed Attorney/Applicant Checklist and Certification, (iii) Copy of current deed, (iv) Title Report with attachments dated within the last 6 months, (v) Any documents needed to resolve the exceptions listed in the Title Report, (vi) List of parties to be provided notice of the Environmental Easement, (vii) Copy of Environmental Easement Notice, (viii) Legal description of Easement area, (ix) Proof of authority to execute an Environmental Easement for the Site (e.g. resolution, certificate of authority), (x) Copy of tax map, (xi) Two full sized surveys signed by a surveyor, and (xii) Form TP-584.2: Real Estate Transfer Tax Return For Public Utility Companies' and Governmental Agencies' Easements and Licenses.

d. "Attorney/Applicant Checklist and Certification" shall mean the Attorney/Applicant Checklist and Certification attached as Exhibit "C".

e. "Title Requirements" shall mean the requirements set forth in Exhibit "D", including but not limited to: (1) an updated Title Report (current within 6 months) along with a Certification Page and Schedules A and B (Schedule B must include a copy of each encumbrance that affects title to the property that is the subject of the Environmental Easement such as a copy of the current deed); (2) a copy of the Tax Map for the Site; and (3) a commitment letter and a proposed final policy from the title company stating that it will issue the proposed title insurance policy insuring the State upon recordation of the Environmental Easement.

f. "Environmental Easement Notice" shall mean the Notice of Environmental Easement form attached as Exhibit "E" which is required to be sent to each entity identified in the Schedule "B" exceptions noted in the title report.

g. "Property" shall mean the entire 13 acre parcel owned by Settling Respondent, located at 99 Wall Street, Valhalla, Westchester County, New York, and described in the deed attached as Exhibit "F".

h. "Survey Requirements" shall mean the requirements set forth in Exhibit "G", including but not limited to, an ALTA/ASCM survey or a survey of the area(s) to be addressed by the Environmental Easement, with corresponding metes and bounds description, that meets DEC's requirements.

i. "Affected Local Government" shall mean every municipality in which land subject to an environmental easement is located.

j. "Notice to Municipality" shall mean the Notice to Municipality attached as Exhibit "H".

k. "Fair Market Value" shall mean the price at which the Property would change hands between a willing buyer and a willing seller under actual market conditions, neither being under any compulsion to buy or to sell and both having reasonable knowledge of relevant facts.

l. "Inactive Hazardous Waste Disposal Site Remedial Program" or "Remedial Program" shall mean, as such term is defined in 6 NYCRR § 375-1.2(z). Further terms in 6 NYCRR § 375-1.2(ap) shall have the meanings assigned to term in 6 NYCRR § 375-1.2.

m. "Transfer" shall mean sale, assignment, transfer or exchange by Settling Respondent (or its successors or heirs) of the Property with prior written approval of DEC, said approval (or disapproval) being transmitted within thirty (30) days of receipt by DEC of the terms of the proposed contract of sale, which approval shall not be unreasonably withheld, where title to the Property is transferred and its fair market value is received in consideration. "Transfer" does not include a transfer pursuant to an inheritance or a bequest.

n. Covered Matters," as that term is used in this Consent Decree, is defined to include any and all past or future claims that were, or could now or hereafter be, asserted by the State against Settling Respondent arising out of or in connection with the disposal, release, and threat of release of hazardous substances at or from the Site on or before the Effective Date of this Order, excluding those rights specifically reserved in this Order.

II. Design, Installation, Maintenance and Operation of a SSDS or Department-approved Alternative System at the Site

A. Within 120 days after the effective date of this Order Settling Respondent shall design, install, maintain and operate, a Sub-Slab Depressurization System ("SSDS") approved by the DEC under the existing building structure on the Site, or a DEC-approved alternative system to mitigate all impacts of vapor intrusion under the entire building footprint and within the building structure from contaminants in the soils and groundwater beneath and around the building. The purpose of the SSDS or any alternative system approved by DEC, is to protect the health and safety of all persons that are occupying or working in the building facility. In computing the 120 days, the number of days in which DEC or New York State Department of Health ("NYSDOH") is reviewing submissions shall not be counted. The Department may in its discretion grant such extensions as may be needed if Settling Respondent is proceeding in good faith to develop and install the SSDS or any alternative system approved by DEC.

B. Settling Respondent shall submit a work plan to install and operate the SSDS, or a proposed alternative system, to DEC for its approval within thirty (30) days of the effective date of this Order (the "Work Plan").

C. The Work Plan shall be developed and implemented in accordance with the requirements of all applicable laws, rules and regulation(s) and the *Division of Environmental Remediation (DER)-10: Technical Guidance for Site Investigation and Remediation*, and shall consider applicable DEC and NYSDOH guidance, including, but not limited to, NYSDOH *Final Guidance for Evaluating Soil Vapor Intrusion in the State of New York* dated October 2006, particularly Section 4.0. The DEC-approved Work Plan for the SSDS or alternative system shall be incorporated into and become an enforceable part of this Order.

D. DEC shall review Settling Respondent's proposed Work Plan submitted pursuant to this Order. The Department shall notify Settling Respondent in writing of its approval or disapproval of the proposed Work Plan. If DEC approves the Work Plan, Settling Respondent shall implement its terms within sixty (60) days of receipt of such approval.

E. If the Department disapproves the proposed Work Plan, it shall so notify Settling Respondent in writing and shall specify the reasons for its disapproval. Within thirty (30) days after receiving written notice that the proposed Work Plan has been disapproved, Settling Respondent may elect, in writing, to either: (i) submit a revised proposed Work Plan which addresses and resolves all of DEC's stated reasons for disapproving the first proposed Work Plan, or (ii) invoke dispute resolution pursuant to paragraph XIV below. If Settling Respondent elects to submit a revised proposed Work Plan, Settling Respondent shall, within ten (10) days after such election, submit a revised proposed Work Plan to DEC that addresses all of DEC's stated reasons for disapproving the proposed Work Plan. In the event that Settling Respondent's revised proposed Work Plan is disapproved, Settling Respondent shall be in violation of this Order unless it invokes dispute resolution pursuant to paragraph XIV below, in which case it shall be in violation of this Order only if it fails to comply with the final decision issued in the dispute resolution process. Failure to make an election or failure to comply with the election is a violation of this Order.

F. DEC shall notify Settling Respondent in writing if it determines at any time that any element of the DEC-approved Work Plan needs to be modified in order to achieve the objectives of the Work Plan to protect the health and safety of all persons that are occupying or working in the building facility from contaminants in the soils and groundwater beneath and around the building and the Site. Upon receipt of such notification, Settling Respondent shall modify the DEC-approved Work Plan as requested by the DEC.

G. In accordance with the schedule contained in the Work Plan, Settling Respondent shall submit a final report as provided at 6 NYCRR 375-1.6(b).

III. Progress Reports

A. Settling Respondent shall submit written progress reports regarding the installation and operation of the SSDS, or DEC-approved alternative system, to the persons identified in paragraph XV below by the 10th day of each month commencing with the month

subsequent to the approval of the Work Plan and ending with the date of the termination of this Order, unless a different frequency is set forth in the Work Plan.

B. DEC agrees to have periodic job progress meetings with Settling Respondent's environmental consultant during the design and installation phase of the SSDS or DEC-approved alternative system.

IV. Stipulated Penalties

A. Settling Respondent shall be liable for payment to the DEC of the sums set forth below as stipulated penalties for each day or part thereof that Settling Respondent is in violation of the terms of Paragraph II and Subparagraph XVII(C) of this Order. Such sums shall be due and payable within thirty (30) days after receipt of notification from the Department assessing the penalties. If such payment is not received within thirty (30) days after Settling Respondent receives such notification from DEC, interest shall be payable at the annual rate of nine per centum (9%) on the overdue amount from the day on which it was due through and including the date of payment. Penalties shall be paid by Electronic Funds Transfer. Payment of such penalties shall not in any way alter Settling Respondent's obligation to complete performance under the terms of this Order. Stipulated penalties shall be due and payable pursuant to the following schedule:

<u>Period of Non-Compliance</u>	<u>Penalty per Day</u>
First through 15th day	\$ 500
16th through 30th day	\$ 1,000
31st day and thereafter	\$ 1,500

B. DEC, in its sole unfettered discretion, may elect not to pursue the collection of stipulated penalties. Any such election by DEC shall not constitute a waiver of its right to collect any stipulated penalties.

V. Access to the Site/Due Care and Cooperation

A. Settling Respondent agrees to, upon request, provide to DEC, any duly designated officer or employee of DEC or any State agency having jurisdiction with respect to the Remedial Program at the Site, and any agent, consultant, contractor, or other person so authorized by DEC, an irrevocable right of access at all reasonable times to the Site and to any other property to which access is required for the implementation of response actions at the Site, to the extent access to such other property is controlled by Settling Respondent, for the purposes of performing and overseeing response actions it deems necessary at the Site, including the placement of one or more trailers. DEC shall provide five (5) days notice to Settling Respondent of the commencement of any response actions at the Site. Notwithstanding any provision of this Order, DEC retains all of its authorities and rights, including enforcement authorities related thereto, under CERCLA, Article 27, Title 13 of the ECL or pursuant to any other provision of

State or Federal statutory or common law. Upon request, Settling Respondent shall: (i) provide DEC with suitable office space at the Site, including access to a telephone, to the extent available; and (ii) permit DEC full access to all non-privileged records relating to matters addressed by this Order. Settling Respondent acknowledges that raw data is not privileged.

B. Settling Respondent shall ensure that assignees, successors in interest, lessees, and sublessees of the Site shall provide the same access and cooperation. Settling Respondent shall ensure that a copy of this Order is provided to any current lessee or sublessee on the Site as of the effective date of this Order and shall ensure that any subsequent leases, assignments or transfers of the Site or an interest in the Site are consistent with this paragraph, and Subparagraph XVII(C) of the Order.

C. DEC shall have the right to take its own samples and scientific measurements, and DEC and Settling Respondent shall have the right to obtain split samples, duplicate samples, or both, of all substances and materials sampled by either party. DEC shall make the results of all samples and scientific measurements taken under this paragraph available to Settling Respondent. Settling Respondent shall promptly make available to DEC preliminary data and, when available, the validated results of all sampling and/or tests or other data generated by Settling Respondent through the implementation of this Order.

D. DEC covenants that any work it performs at the Site will be done at no additional cost or expense to Settling Respondent unless Settling Respondent fails to comply with any of the terms and conditions of this Order; provided, however, this does not constitute a waiver of any rights DEC may have to recover such cost from any other responsible party, pursuant to relevant provisions of statutory or common law.

E. Any contractor retained by DEC to perform work in connection with response actions at the Site shall have comprehensive general liability insurance for the activities conducted on the Site. DEC will cooperate with Settling Respondent in pursuing with the insurer any claim(s) that may arise.

F. Settling Respondent shall exercise due care at the Site with respect to the existing contamination at the Site and shall comply with all applicable local, State, and federal laws and regulations. Settling Respondent recognizes that the implementation of the Remedial Program at the Site may interfere with Settling Respondent's use of the Site. Settling Respondent agrees to cooperate fully with the DEC in the implementation of the Remedial Program and further agrees not to interfere with the Remedial Program. Settling Respondent shall implement and comply with any land use restrictions and institutional controls on the Site in connection with the Remedial Program. Neither Settling Respondent nor its successors and/or assigns shall interfere with the continued operation of any engineering controls employed at the Site, including any engineering controls in the Record of Decision ("ROD") for the Site and any and all Department-approved amendments to the ROD, and any Department-approved Site Management Plan ("SMP"), including any and all Department-approved amendments to a SMP.

G. The DEC agrees, consistent with its responsibilities under applicable law, to use reasonable efforts to minimize any interference with Settling Respondent's operations by such entry and response. In the event Settling Respondent becomes aware of any action or occurrence which causes or threatens a release of hazardous waste, pollutants or contaminants at or from the Site that constitutes an emergency situation or may present an immediate threat to public health or welfare or the environment, Settling Respondent shall immediately take all appropriate action to prevent, abate, or minimize such release or threat of release, and shall, in addition to complying with any applicable notification requirements, or any other law, immediately notify the DEC of such release or threatened release.

VI. Payment of State Costs

A. Settling Respondent shall pay the aggregate principal amount of \$2,160,000 to the Department, payable in the amount of \$72,000 before the first anniversary of the effective date of this Order, subject to the provisions in Subparagraph VI.G below, and on or before every successive anniversary thereafter until that amount is paid in full. Each payment shall be remitted by electronic funds transfer to:

Financial Institution:	M&T Bank, Buffalo, New York
Routing No.:	022000046
Account Name:	State of NY DEC Revenue Account
Account No.:	6050090742
Site Identifier:	Farrand Controls Site
Contact at M&T Bank:	Michael Whalen at 518- 426-6373
Contact at DEC:	Robert Schwank at 518- 402-9365

At the time such payment is remitted, Settling Respondent shall provide written notice of the remittance to the Department in accordance with Subparagraph XV below.

B. The obligation to pay the State under the terms of this Order shall survive the sale or transfer of all or any part of Settling Respondent's business and/or the Property. Nothing in this Order shall prohibit Settling Respondent from selling or otherwise transferring its business and/or real property subject to advance approval by DEC, which shall not be unreasonably withheld, provided that the terms of any such sale or transfer are sufficient to ensure that the Department continues to receive from any purchaser or transferee the payments of \$72,000 per annum until the \$2,160,000 has been paid in full. In any event, Settling Respondent shall also remain fully liable for those payments until the \$2,160,000 has been paid in full.

C. The cost of design and the installation of the SSDS or DEC-approved alternative system by Settling Respondent shall be credited towards Settling Respondent's first year installment payment of \$72,000, in an amount not to exceed sixty thousand dollars (\$60,000). The balance of such credit must be paid in accordance with the provisions of Subparagraph VI.A above.

D. To assure that Settling Respondent timely remits the payments due under Subparagraph VI.A above, Settling Respondent will execute a Confession of Judgment in favor of the Department in the sum of \$2,160,000.00 (a form of which attached hereto as Exhibit "I"), which \$2,160,000.00 to be paid in accordance with the provisions of Subparagraphs VI.A to the extent modified in VI.C above.

E. The Department may only file the Confession of Judgment or a transcript thereof with the clerk for Westchester County or any other county or place where Settling Respondent owns real or personal property, upon either:

a) Settling Respondent's failure to remit any one or more payments in the timeframe set forth in Subparagraph VI.A above within ten (days) after receiving written notification from the Department of Settling Respondent's failure to timely remit such payment; or

b) Failure to make accelerated payments in the timeframe set forth in Subparagraph VI.G below.

F. Settling Respondent in general will do or cause to be done everything necessary so that the priority of the Department's Confession of Judgment shall be preserved as if the Confession of Judgment had been filed as of the effective date of this Order with the clerk for Westchester County or any other county or place where Settling Respondent owns real or personal property.

G. The remaining unpaid balance of the aggregate principal amount of \$2,160,000, provided for in Subparagraph VI.A, above, shall be accelerated and shall be due and payable upon any one of the following events:

a) if Settling Respondent shall be in default under any other mortgage or security agreement covering any part of the Property whether it be superior or subordinate to the Final Judgment in favor of the Department, as provided for in Subparagraph VI.F, above; or

b) if the Property becomes subject to any mechanics, materialman's or other lien, other than a lien for local real estate taxes and assessments not then due and payable, and such lien shall remain undischarged as of record (by payment, bonding or otherwise) for a period of thirty (30) days.

H. DEC covenants that it will consider, and not unreasonably withhold approval of, any request now or in the future by Settling Respondent to permit a division of the Property into two lots, one comprised of the Site, and the other comprised of the remaining, upland portion of the Property, as will facilitate a sale of the upland portion of the Property, so long as Settling Respondent complies with Subparagraph VI.B above with respect to that sale.

VII. Filing of Environmental Easement

Settling Respondent shall: (1) submit to DEC, within sixty (60) days of the effective date of this Order, a complete Environmental Easement Package and two original copies of the executed Farrand Environmental Easement (EE); and (2) timely correct any deficiencies that the DEC notes in the submitted Environmental Easement Package. In computing the 60 days, the time in which DEC or NYSDOH is reviewing the submission shall not be counted. Settling Respondent shall thereafter (3) record the Farrand Site EE within thirty (30) days of DEC's approval of the Environmental Easement Package; (4) provide DEC proof of recording of the Farrand Site EE complete with book and page number or instrument number; (5) provide the final title insurance policy insuring the State (The People of the State of New York acting through their Commissioner of the Department of Environmental Conservation); (6) mail the Notice of Environmental Easement to each entity identified on Schedule B and provide proof of same to the DEC; and (7) mail Notice to Municipality with copy of the recorded Farrand Site EE to each Affected Local Government and provide a copy of each letter to the DEC. DEC may in its discretion grant such extensions as may be needed if Settling Respondent is proceeding in good faith to complete these tasks.

VIII. Release, Discharge and Covenant Not to Sue by the State

In consideration of Settling Respondent's compliance with this Order, including without limitation, remitting the payments in the timeframe set forth in Subparagraphs VI.A and VI.G above, as applicable, and its agreement to design, install, and operate the SSDS or DEC-approved alternative system, as set forth in paragraphs II above, and subject to paragraph XIII below, the Department releases, discharges, and covenants not to sue or take any civil-judicial, or administrative action under any federal, state, local or common law, including, without limitation, CERCLA, the ECL, and the regulations related thereto, against Settling Respondent, its agents, successors, representatives and assigns, with respect to the Covered Matters.

IX. Contribution Protection

This Order is issued pursuant to the Department's authority under, inter alia, ECL Article 27, Title 13 and ECL 3-0301, and resolves Settling Respondent's liability to the State as provided at 6 NYCRR 375-1.5(b)(5). Settling Respondent shall be entitled to receive contribution protection and/or to seek contribution to the extent authorized by ECL 27-1421(6) and 6 NYCRR 375-1.5(b)(5) or any other provision of federal or state law as may be applicable.

X. Covenants by Settling Respondent

In consideration of the release and discharge, and covenant not to sue by the Department, Settling Respondent covenants not to sue or assert any claims or causes of action whatsoever against the State, its agencies, officers, or representatives, relating to the disposal of hazardous wastes at the Site.

XI. Dismissal of the State's Claims

In anticipation of the execution of this Order, and in the interest of judicial economy, on November 29, 2013, counsel for the State of New York withdrew the complaint filed on March 11, 2011 in the matter of *State of New York v. Ruhle Companies, Inc. et al.* without prejudice.

XII. Effect on Liability of Other Parties

Nothing in this Order is intended as a release of, or covenant not to sue with respect to, any person or entity other than Settling Respondent, its agents, successors, representatives, heirs, and assigns, and the Department expressly reserves its rights to assert in a judicial or administrative forum any claim or cause of action, past or future, in law or in equity, that the Department may have against any other person, firm, corporation, or other entity. Settling Respondent reserves such rights as it may have to seek and obtain contribution, indemnification, and/or any other form of recovery from its insurers and from other potentially responsible parties or their insurers for past or future response and/or cleanup costs or such other costs or damages arising from the contamination at the Site as may be provided by law, including but not limited to rights of contribution under section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B).

XIII. Reopener

A. Notwithstanding any other provision of this Order and any release, discharge or covenant not to sue that Settling Respondent may receive from the Department, the Department reserves, and this Order is without prejudice to, the right of the Department to institute proceedings seeking to compel Settling Respondent: (a) to perform further response actions relating to the Site, or (b) to reimburse the Department for future additional costs of response, in either case only if:

(i) conditions at the Site, previously unknown to the Department, are discovered after the Effective Date of this Order, or

(ii) conditions or information, previously unknown to the Department is received after the effective date of this Order and these previously unknown conditions or information together with any other relevant information, indicate that the response actions selected for the Site are not protective of human health or the environment. For purposes of this Reopener, previously known conditions at the Site and previously known information include all conditions

and information known to the Department as of the Effective Date of this Order including, but not limited to, all conditions identified and information contained or submitted for inclusion in the Administrative Record, attached as Exhibit A to the ROD for the Site, or in the files and records of the DEC.

XIV. Dispute Resolution

A. This paragraph sets forth the procedures for resolution of disputes solely in connection with the installation, maintenance and operation of the SSDS or DEC-approved alternative system at the Site as set forth in Paragraph II above. Nothing in this Order shall be construed to allow the consideration or resolution of any dispute regarding the ROD or any of its provisions or of any other provision in this Order which is not expressly provided for in the preceding sentence.

B. In the event of disputes in connection with the installation, maintenance and operation of the SSDS or DEC-approved alternative system at the Site as set forth in Paragraph II above, Settling Respondent may, within fifteen (15) Days after Settling Respondent knew or should have known of the facts which are the basis of the dispute, initiate dispute resolution in accordance with the provisions of 6 NYCRR 375-1.5(b)(2). Nothing contained in this Order shall be construed to authorize Settling Respondent to invoke dispute resolution with respect to the remedy selected by the Department in the ROD or any element of such remedy, nor to impair any right of Settling Respondent to, as provided by law, judicially challenge the Department's ROD.

XV. Notifications/Communications

All written communications required by this Order shall be transmitted by United States Postal Service, by private courier service, or hand delivered as follows:

As to Settling Respondent

James J. Periconi, Esq.

New York State Department of Environmental Conservation
625 Broadway, 12th Floor
Albany, New York 12233-7012
lmzeppet@gw.dec.state.ny.us

XVI. Complete Agreement

A. The terms of this Order shall constitute the complete and entire agreement between the Department and Settling Respondent concerning the implementation of the activities required by this Order. No term, condition, understanding, or agreement purporting to modify or vary any term of this Order shall be binding unless made in writing and subscribed by the party to be bound. No informal advice, guidance, suggestion, or comment by the Department shall be construed as relieving Settling Respondent of Settling Respondent's obligation to obtain such formal approvals as may be required by this Order. In the event of a conflict between the terms of this Order and any Work Plan submitted pursuant to this Order, the terms of this Order shall control over the terms of the Work Plan(s). Settling Respondent consents to and agrees not to contest the authority and jurisdiction of the Department to enter into or enforce this Order.

B. Except as set forth herein, if Respondent desires that any provision of this Order be changed, Respondent shall make timely written application to the Commissioner with copies to the parties listed in Subparagraph XV.

XVII. Miscellaneous Provisions

A. Nothing in this Order shall inure to the benefit of any other person or entity not a party to this Order.

B. This Order may not be modified except by express written agreement of all the Parties.

C. Settling Respondent and Settling Respondent's agents, successors, representatives and assigns shall be bound by this Order. Each signatory represents that he or she is fully and legally authorized to enter into the terms and conditions of this Order and to bind the party on whose behalf he or she signs. Any change in ownership or corporate status of Settling Respondent including, but not limited to, any transfer of assets or real or personal property shall in no way alter Settling Respondent's responsibilities under this Order, and nothing herein shall be construed to reduce or increase the obligations of Settling Respondent in the event it enters into a merger or other corporate reorganization.

XVIII. Effective Date

The effective date of this Order is the 10th Day after it is signed by the Commissioner or the Commissioner's designee.

DATED:

JAN 07 2014

JOSEPH MARTENS
COMMISSIONER
NEW YORK STATE DEPARTMENT OF
ENVIRONMENTAL CONSERVATION

By:

Robert W. Schick, Director
Division of Environmental Remediation

CONSENT BY RESPONDENT

Respondent hereby consents to the issuing and entering of this Order, waives Respondent's right to a hearing herein as provided by law, and agrees to be bound by this Order.

Farrand Site Environmental Easement

**ENVIRONMENTAL EASEMENT GRANTED PURSUANT TO ARTICLE 71, TITLE 36
OF THE NEW YORK STATE ENVIRONMENTAL CONSERVATION LAW**

THIS INDENTURE made this _____ day of _____, 20___, between Owner(s) Enter property owner(s) name, having an office at Enter property owner's address, County of Enter owner's county, State of Enter owner's state (the "Grantor"), and The People of the State of New York (the "Grantee."), acting through their Commissioner of the Department of Environmental Conservation (the "Commissioner", or "NYSDEC" or "Department" as the context requires) with its headquarters located at 625 Broadway, Albany, New York 12233,

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to encourage the remediation of abandoned and likely contaminated properties ("sites") that threaten the health and vitality of the communities they burden while at the same time ensuring the protection of public health and the environment; and

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to establish within the Department a statutory environmental remediation program that includes the use of Environmental Easements as an enforceable means of ensuring the performance of operation, maintenance, and/or monitoring requirements and the restriction of future uses of the land, when an environmental remediation project leaves residual contamination at levels that have been determined to be safe for a specific use, but not all uses, or which includes engineered structures that must be maintained or protected against damage to perform properly and be effective, or which requires groundwater use or soil management restrictions; and

WHEREAS, the Legislature of the State of New York has declared that Environmental Easement shall mean an interest in real property, created under and subject to the provisions of Article 71, Title 36 of the New York State Environmental Conservation Law ("ECL") which contains a use restriction and/or a prohibition on the use of land in a manner inconsistent with engineering controls which are intended to ensure the long term effectiveness of a site remedial program or eliminate potential exposure pathways to hazardous waste or petroleum; and

WHEREAS, Grantor, is the owner of real property located at the address of Enter street address of property in the Choose municipality type of Enter property municipality, County of Enter property county and State of New York, known and designated on the tax map of the County Clerk of Enter clerk county as tax map parcel numbers: Section Enter Tax ID Section # Block Enter Tax ID Block # Lot Enter Tax ID Lot #, being the same as that property conveyed to Grantor by deed dated Enter Deed Date and recorded in the Enter county name or leave blank if not applicable, Select Recording Office in Choose an instrument type Enter Instrument # of Enter Page #s. The property subject to this Environmental Easement (the "Controlled Property") comprises approximately Enter Acreage +/- acres, and is hereinafter more fully described in the Land Title Survey dated Enter original survey date and, if applicable, an amended or revised survey date prepared by Enter revised surveyor's name or original surveyor's name if not revised, which will be attached to the Site Management Plan. The Controlled Property description is set forth in and attached hereto as Schedule A; and

WHEREAS, the Department accepts this Environmental Easement in order to ensure the protection of public health and the environment and to achieve the requirements for remediation

contaminated material must be conducted in accordance with the SMP;

(8) Monitoring to assess the performance and effectiveness of the remedy must be performed as defined in the SMP;

(9) Operation, maintenance, monitoring, inspection, and reporting of any mechanical or physical components of the remedy shall be performed as defined in the SMP;

(10) Access to the site must be provided to agents, employees or other representatives of the State of New York with reasonable prior notice to the property owner to assure compliance with the restrictions identified by this Environmental Easement.

B. The Controlled Property shall not be used for ~~Choose the correct list of mappable uses~~, and the above-stated engineering controls may not be discontinued without an amendment or extinguishment of this Environmental Easement.

C. The SMP describes obligations that the Grantor assumes on behalf of Grantor, its successors and assigns. The Grantor's assumption of the obligations contained in the SMP which may include sampling, monitoring, and/or operating a treatment system, and providing certified reports to the NYSDEC, is and remains a fundamental element of the Department's determination that the Controlled Property is safe for a specific use, but not all uses. The SMP may be modified in accordance with the Department's statutory and regulatory authority. The Grantor and all successors and assigns, assume the burden of complying with the SMP and obtaining an up-to-date version of the SMP from:

Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, New York 12233
Phone: (518) 402-9553

D. Grantor must provide all persons who acquire any interest in the Controlled Property a true and complete copy of the SMP that the Department approves for the Controlled Property and all Department-approved amendments to that SMP.

E. Grantor covenants and agrees that until such time as the Environmental Easement is extinguished in accordance with the requirements of ECL Article 71, Title 36 of the ECL, the property deed and all subsequent instruments of conveyance relating to the Controlled Property shall state in at least fifteen-point bold-faced type:

This property is subject to an Environmental Easement held by the New York State Department of Environmental Conservation pursuant to Title 36 of Article 71 of the Environmental Conservation Law.

F. Grantor covenants and agrees that this Environmental Easement shall be

defense in any action to enforce this Environmental Easement that: it is not appurtenant to an interest in real property; it is not of a character that has been recognized traditionally at common law; it imposes a negative burden; it imposes affirmative obligations upon the owner of any interest in the burdened property; the benefit does not touch or concern real property; there is no privity of estate or of contract; or it imposes an unreasonable restraint on alienation.

B. If any person violates this Environmental Easement, the Grantee may revoke the Certificate of Completion with respect to the Controlled Property.

C. Grantee shall notify Grantor of a breach or suspected breach of any of the terms of this Environmental Easement. Such notice shall set forth how Grantor can cure such breach or suspected breach and give Grantor a reasonable amount of time from the date of receipt of notice in which to cure. At the expiration of such period of time to cure, or any extensions granted by Grantee, the Grantee shall notify Grantor of any failure to adequately cure the breach or suspected breach, and Grantee may take any other appropriate action reasonably necessary to remedy any breach of this Environmental Easement, including the commencement of any proceedings in accordance with applicable law.

D. The failure of Grantee to enforce any of the terms contained herein shall not be deemed a waiver of any such term nor bar any enforcement rights.

6. Notice. Whenever notice to the Grantee (other than the annual certification) or approval from the Grantee is required, the Party providing such notice or seeking such approval shall identify the Controlled Property by referencing the following information:

County, NYSDEC Site Number, NYSDEC Brownfield Cleanup Agreement, State Assistance Contract or Order Number, and the County tax map number or the Liber and Page or computerized system identification number.

Parties shall address correspondence to: Site Number: Enter D/C Site #
Office of General Counsel
NYSDEC
625 Broadway
Albany New York 12233-5500

With a copy to: Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, NY 12233

All notices and correspondence shall be delivered by hand, by registered mail or by Certified mail and return receipt requested. The Parties may provide for other means of receiving and communicating notices and responses to requests for approval.

7. Recordation. Grantor shall record this instrument, within thirty (30) days of execution of this instrument by the Commissioner or her/his authorized representative in the office of the recording officer for the county or counties where the Property is situated in the manner [10/12]

THIS ENVIRONMENTAL EASEMENT IS HEREBY ACCEPTED BY THE PEOPLE OF THE STATE OF NEW YORK, Acting By and Through the Department of Environmental Conservation as Designee of the Commissioner,

By: _____
Robert W. Schick, Director
Division of Environmental Remediation

Grantee's Acknowledgment

Attorney/Applicant Checklist and Certification

**ENVIRONMENTAL EASEMENT
CHECKLIST/CERTIFICATION
SITE No. _____**

The following requirements and attachments must be included as part of the submission to the Department for an Environmental Easement. Upon completion of the review, an attorney must sign the certification certifying that they have fully completed the checklist. The Department will not accept submissions which have not been signed and certified as complete by both the Owner and Owner's Attorney.

1) Verification of ownership of the property

- Authorized "Person" is signatory on the Easement.
- Current Deed has been reviewed and correct name of owner has been verified.
- Ownership of the property has been matched with Title Report.
- Verification reviewed and included for authority to sign Easement.
- Updated copies of legal organizational documents have been reviewed and are included. Examples of the appropriate documentation will include, for:
 - corporations: articles of incorporation, organizational agreements, minutes of annual meetings, resolutions, authorities for signature;
 - partnerships: a copy of the partnership agreement; verification that necessary parties are participating in the Easement;
 - trusts: trust agreement, affidavit of no change in the trust; and
 - estates: estate letters, powers of attorney.

2) Verification of Property Subject to Easement

- Description of the property in the Easement and DEC Agreement/Order/SAC matches description of property in the deed, Schedule A of the Title Report and the Survey. All documents are included in submittal (Separate submittal must be included to explain to the satisfaction of the Department why there is any discrepancy).
- The Tax Map identifier (SBL) matches on all documents.

3) Survey Review

- Survey includes metes and bounds description.
- Survey includes a graphic scale.
- Survey includes Tax Map # (SBL).
- Survey includes physical Address and is consistent with Title Report and the DEC Agreement/Order/SAC.
- Survey locates any Easements already on record.
- Survey is certified to the People of the State of New York acting through their Commissioner of the Department of Environmental Conservation and to the Title Company.

- Name, property address, SBL, engineering controls/institutional controls, SMP references and any information that was inserted into the Easement form has been verified as correct and accurate.
- Two original Easements have been signed by the proper party.
- Once recorded, the attorney certifies that the appropriate information will be put on the notices and the notices will be served on all parties identified in the title report within 60 days and the proof of service and notices will be provided to NYSDEC within 90 days. In addition a copy of the notice and certification of service on the parties will be filed in the County Clerk's office.

6) Submissions

- The Environmental Easement Package being submitted to the Department includes the applicable documents set forth in Attachment A.

PLEASE READ THE FOLLOWING CAREFULLY

The Owner and the Owner's attorney understand and acknowledge that the New York State Department of Environmental Conservation will rely on each and every answer in this statement: (1) to determine whether the Easement Package can be reviewed in a timely fashion; and (2) to determine whether the Easement Package should be approved. The Owner and the Owner's attorney understand and acknowledge that any false statement or misrepresentation herein will constitute cause for the revocation of the Certificate of Compliance issued in reliance on this checklist and accompanying documentation.

Statement of Certification and Signatures

1) By Owner:

I hereby affirm that information provided on this form and its attachments is true and complete to the best of my knowledge and belief.

Date: _____ Signature: _____

Print Name: _____

2) By Owner's Attorney:

I hereby affirm that I am the attorney for _____ (entity); that I am authorized by that entity to make this certification; that this certification was prepared by me or under my supervision and direction; and that information provided on this form and its attachments is true and complete to the best of my knowledge and belief.

Date: _____ Signature: _____

Print Name: _____

Attachment

EXHIBIT "D"

Title Requirements

Title Requirements

Title Report or Title Abstract Requirements

Title Report or an Abstract of Title identifies who has title to the property and all others with an interest in the property. Every title report or title abstract shall provide a Certification Page, Schedule A, and Schedule B.

- a. The Certification Page shall indicate who has the right to convey or mortgage the property that is subject to the Environmental Easement ("EE").
- b. Schedule A shall provide the legal description of the property.
- c. Schedule B shall list the exceptions to the title or issues which require clearance or amplification before the title company is willing to issue its policy. The Easement Attorney must ensure that the title report includes a copy of every encumbrance that affects title (i.e. mortgages, judgments, easements, leases, subleases, assigned leases).
- d. A copy of the Tax map must be included in the report.

A proposed title insurance policy to be underwritten by a New York State licensed title insurance company must be included in the Environmental Easement Package. The policy should be in the amount of \$35,000 with the State (The People of the State of New York acting through their Commissioner of the Department of Environmental Conservation) listed as the insured.

The title company is being asked to insure title to the property covered by the EE, only. The title company should certify that sufficient title and lien research has been conducted to identify all necessary legal and equitable interests and that they have given preliminary consent. This would include at a minimum all fee title owners by deed, contract sellers, buyers and assignees, mortgagees, lessees and other consensual lien-holders.

The title company should certify that the signatures of the identified grantors on the EE satisfy legal requirements necessary to provide the State with an interest in the property superior to all other interests or to provide notice to those other parties. The title company should insure the boundaries of the encumbered property as it appears on the final survey.

Proof of notices served on the required parties must be returned to DEC after the EE has been filed and the notices have been served. Without clearance of title issues and the willingness of the title company to insure the title under an owner's policy, DEC will not accept an EE on behalf of the State (please note: the EE will need to be recorded before the title insurance policy will be executed).

The title company will need to provide a commitment letter to the effect that it will issue the proposed title insurance policy upon recordation of the EE.

Please note: This list is not exhaustive and is subject to change. Additional information may be required on a case by case basis.

EXHIBIT "E"

Environmental Easement Notice

NOTICE OF ENVIRONMENTAL EASEMENT

The New York State Department of Environmental Conservation (the "Grantee"), has been granted an Environmental Easement pursuant to Article 71, Section 36 affecting real property located at the following address:

Property Owner/Grantor: _____

The Tax Map Identification No.: _____

NYS Department of Environmental Conservation Site No.: _____

The Environmental Easement for the above referenced property has been filed in the _____ County Clerk's Office on _____ month _____ day _____ year at Liber _____, Page _____ of Deeds.

The Environmental Easement contains institutional and/or engineering controls that run with the land. The Environmental Easement may restrict the use of the above referenced property to restricted _____ (residential, commercial or industrial).

NOTICE IS HEREBY GIVEN that any activity on the land which might or will prevent or interfere with the ongoing or completed remedial program, including the controls as set forth in the Environmental Easement and the Site Management Plan, must be done in accordance with the Site Management Plan which is incorporated by reference into the Environmental Easement. A copy of the Site Management Plan can be obtained by contacting the Department at derweb@gw.dec.state.ny.us. Be further advised of the notice provisions of NYCRR 375-1.11(d) relative to contemplated significant changes in use.

Failure to Comply with the terms and conditions of the Environmental Easement may subject violators to penalties of up to \$37,500 per day for violation of 6 NYCRR 375-1.11(b).

An electronic version of this environmental easement has been accepted by the New York State Department of Environmental Conservation and is available to the public at: <http://www.dec.ny.gov/chemical/36045.html>.

Survey Requirements

Survey Requirements for Environmental Easements

A survey map is required as part of an Environmental Easement package. An ALTA/ACSM (American Land Title Association/American Congress on Surveying and Mapping) Land and Title Survey will satisfy the survey requirements; however, the Department will accept non-ALTA surveys provided the following minimum requirements are shown on a non-ALTA form survey:

- The survey must bear the name, address, telephone number, signature and certification of the professional land surveyor who performed the survey, his or her official seal and registration number, the date the survey was completed, the dates of all of the surveyor's revisions.
- The survey must be certified to New York State - Department of Environmental Conservation.
- The survey boundaries must be drawn to a convenient scale, with that scale clearly indicated. A graphic scale, shown in feet and meters, must be included.
- The symbols and abbreviations that are used on the survey must be identified by the use of a legend. Diagrams must be accurately presented.
- The point of beginning of the legal description must be shown.
- The legal description must be correct.
- The legal description must state the acreage.
- If the deed(s) description differ from the measured bearings/angles/distances, both must be indicated on the survey.
- The survey must show the identifying titles of all recorded/filed maps and deeds with their appropriate recording data, filing dates and map numbers.
- The survey must show the section, block and lot/ tax map/ section numbers/letters of the surveyed premises.
- The survey must show the location of all buildings/monuments/overlaps/encroachments upon the surveyed property with their locations defined by measurement perpendicular to the nearest perimeter boundaries.
- The survey must show all observable evidence of easements and or servitudes and underground easements and or servitudes with their recording information (such as those created by roads, right-of-way, water courses, drains, telephone, telegraph, or electric lines, water sewer, gas cable lines or oil or gas pipelines, on or across the surveyed property and on adjoining properties if they appear to affect the surveyed property) or any easements of record which may, based upon their location or use, impair or otherwise limit proposed development.
- The survey must note any "blanket floating" or otherwise undefined or unlocated easements.
- The survey must depict the location of visible improvements within five feet of each side of boundary lines.
- The survey must provide a path of legal access for ingress and egress to and from the site for the Grantee, its agents, employees or other representative of the State to use to access the Site.
- The survey must show ponds, lakes, springs, rivers or a natural water boundary bordering on or running through the surveyed property; the survey must measure the location of the natural water boundary and note on the survey the date of the measurement.

Re: Environmental Easement and Access Easement to Environmental Easement

Dear Sir or Madam:

Attached please find a copy of an Environmental Easement and Access Easement to Environmental Easement granted to the New York State Department of Environmental Conservation ("Department")

on _____,
by _____,
for property at _____,
Tax Map No. _____,
NYSDEC Site No: I-52-113.

This Environmental Easement restricts future use of the above-referenced property to restricted (residential, commercial or industrial) _____ uses. It also assures that (this is an example) in areas not proposed for future building construction or impervious covering, residually contaminated soils must be covered by a demarcation layer and must be overlain by at least two feet of clean fill cover material. This barrier must be maintained and a passive Soil Vapor Management System (SVMS) must be installed in every new building erected within the Controlled Property. Newly constructed buildings shall also be subjected to a Soil Vapor Intrusion (SVI) Investigation. If the results of this SVI investigation demonstrate ineffectiveness of the passive SVMS, an appropriate active Soil Vapor Management System shall be designed, constructed and maintained. The approved activity must be done in accordance with the Site Management Plan which is incorporated into the Environmental Easement. The remedial party must monitor and maintain groundwater monitoring wells. Department approval is also required prior to any groundwater use.) The Access Easement to Environmental Easement provides a path of legal access for ingress and egress to and from the property that is subject to the Environmental Easement.

Article 71, Section 71-3607 of the New York State Environmental Conservation Law requires that:

- 1. Whenever the Department is granted an Environmental Easement, it shall provide each affected local government with a copy of such easement and shall also provide a copy of any documents modifying or terminating such environmental easement.

EXHIBIT "I"

Confession of Judgment

EXHIBIT COPY ONLY – NOT TO BE FILED WITH COUNTY CLERK

(\$60,000). The balance of the first year's installment payment must be paid in accordance with the provisions of Subparagraph VI.A of the Consent Order.

3. This confession of judgment is for a debt justly due to the NYSDEC arising from the following facts:

a. The NYSDEC is responsible for inactive hazardous waste disposal site remedial programs pursuant to Article 27, Title 13 of the Environmental Conservation Law ("ECL") and Part 375 of Title 6 of the Official Compilation of Codes, Rules and Regulations ("6 NYCRR") and may issue orders consistent with the authority granted to the Commissioner by such statute.

b. The NYSDEC is responsible for carrying out the policy of the State of New York to conserve, improve and protect its natural resources and environment and control water, land, and air pollution consistent with the authority granted to the NYSDEC and the Commissioner by Article 3, Title 3 of the ECL.

c. Ruhle is a corporation organized and existing under the laws of the State of New York with a principal place of business at 99 Wall Street, Hamlet of Valhalla, Town of Mt. Pleasant, Westchester County, New York.

d. Ruhle is the owner and operator of the Site.

e. The Site is currently listed in the *Registry of Inactive Hazardous Waste Disposal Sites* as Site Number 360046 with a Classification "2" pursuant to ECL § 27-1305.

f. The parties entered into the Consent Order issued pursuant to the NYSDEC's authority under, *inter alia*, ECL Article 27, Title 13 and ECL § 3-0301 that requires Settling Respondent to pay to the NYSDEC the sum of Two Million, One Hundred and Sixty Thousand (\$2,160,000) in full satisfaction of the NYSDEC's claim for the reimbursement of past and future State Costs associated with the Site, and resolves Ruhle's liability to the State as provided at 6 NYCRR § 375-1.5(b)(5).

4. This affidavit of confession of judgment is not for the purpose of securing the NYDEC against a contingent liability.

**ENVIRONMENTAL EASEMENT GRANTED PURSUANT TO ARTICLE 71, TITLE 36
OF THE NEW YORK STATE ENVIRONMENTAL CONSERVATION LAW**

THIS INDENTURE made this 2nd day of APRIL, 2014 between Owner(s) Ruhle Companies, Inc., having an office at 99 Wall Street, Valhalla, County of Westchester, State of New York (the "Grantor"), and The People of the State of New York (the "Grantee."), acting through their Commissioner of the Department of Environmental Conservation (the "Commissioner", or "NYSDEC" or "Department" as the context requires) with its headquarters located at 625 Broadway, Albany, New York 12233,

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to encourage the remediation of abandoned and likely contaminated properties ("sites") that threaten the health and vitality of the communities they burden while at the same time ensuring the protection of public health and the environment; and

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to establish within the Department a statutory environmental remediation program that includes the use of Environmental Easements as an enforceable means of ensuring the performance of operation, maintenance, and/or monitoring requirements and the restriction of future uses of the land, when an environmental remediation project leaves residual contamination at levels that have been determined to be safe for a specific use, but not all uses, or which includes engineered structures that must be maintained or protected against damage to perform properly and be effective, or which requires groundwater use or soil management restrictions; and

WHEREAS, the Legislature of the State of New York has declared that Environmental Easement shall mean an interest in real property, created under and subject to the provisions of Article 71, Title 36 of the New York State Environmental Conservation Law ("ECL") which contains a use restriction and/or a prohibition on the use of land in a manner inconsistent with engineering controls which are intended to ensure the long term effectiveness of a site remedial program or eliminate potential exposure pathways to hazardous waste or petroleum; and

WHEREAS, Grantor, is the owner of real property located at the address of 99 Wall Street in the Town of Mount Pleasant, County of Westchester and State of New York, known and designated on the tax map of the County Clerk of Westchester as tax map parcel numbers: Section 117.01 Block 2 Lot 1, being the same as that property conveyed to Grantor by deed dated July 9, 1991 and recorded in the Westchester County Clerk's Office in Liber and Page 10074 and 287. The property subject to this Environmental Easement (the "Controlled Property") comprises approximately 6.0295 +/- acres, and is hereinafter more fully described in the Land Title Survey dated March 12, 2014 prepared by Joseph R. Link, L.S. of Link Land Surveyors P.C., which will be attached to the Site Management Plan. The Controlled Property description is set forth in and attached hereto as Schedule A; and

WHEREAS, the Department accepts this Environmental Easement in order to ensure the protection of public health and the environment and to achieve the requirements for remediation established for the Controlled Property until such time as this Environmental Easement is

extinguished pursuant to ECL Article 71, Title 36; and

NOW THEREFORE, in consideration of the mutual covenants contained herein and the terms and conditions of Order on Consent Index Number: W3-1174-13-09, Grantor conveys to Grantee a permanent Environmental Easement pursuant to ECL Article 71, Title 36 in, on, over, under, and upon the Controlled Property as more fully described herein ("Environmental Easement")

1. Purposes. Grantor and Grantee acknowledge that the Purposes of this Environmental Easement are: to convey to Grantee real property rights and interests that will run with the land in perpetuity in order to provide an effective and enforceable means of encouraging the reuse and redevelopment of this Controlled Property at a level that has been determined to be safe for a specific use while ensuring the performance of operation, maintenance, and/or monitoring requirements; and to ensure the restriction of future uses of the land that are inconsistent with the above-stated purpose.

2. Institutional and Engineering Controls. The controls and requirements listed in the Department approved Site Management Plan ("SMP") including any and all Department approved amendments to the SMP are incorporated into and made part of this Environmental Easement. These controls and requirements apply to the use of the Controlled Property, run with the land, are binding on the Grantor and the Grantor's successors and assigns, and are enforceable in law or equity against any owner of the Controlled Property, any lessees and any person using the Controlled Property.

A. (1) The Controlled Property may be used for:

Commercial as described in 6 NYCRR Part 375-1.8(g)(2)(iii) and Industrial as described in 6 NYCRR Part 375-1.8(g)(2)(iv) if current land use is selected, enter current use.

(2) All Engineering Controls must be operated and maintained as specified in the Site Management Plan (SMP);

(3) All Engineering Controls must be inspected at a frequency and in a manner defined in the SMP;

(4) The use of groundwater underlying the property is prohibited without necessary water quality treatment as determined by the NYSDOH or the Westchester County Department of Health to render it safe for use as drinking water or for industrial purposes, and the user must first notify and obtain written approval to do so from the Department;

(5) Groundwater and other environmental or public health monitoring must be performed as defined in the SMP;

(6) Data and information pertinent to Site Management of the Controlled Property must be reported at the frequency and in a manner defined in the SMP;

(7) All future activities on the property that will disturb remaining

contaminated material must be conducted in accordance with the SMP;

(8) Monitoring to assess the performance and effectiveness of the remedy must be performed as defined in the SMP;

(9) Operation, maintenance, monitoring, inspection, and reporting of any mechanical or physical components of the remedy shall be performed as defined in the SMP;

(10) Access to the site must be provided to agents, employees or other representatives of the State of New York with reasonable prior notice to the property owner to assure compliance with the restrictions identified by this Environmental Easement.

B. The Controlled Property shall not be used for Residential or Restricted Residential purposes as defined in 6NYCRR 375-1.8(g)(2)(i) and (ii), and the above-stated engineering controls may not be discontinued without an amendment or extinguishment of this Environmental Easement.

C. The SMP describes obligations that the Grantor assumes on behalf of Grantor, its successors and assigns. The Grantor's assumption of the obligations contained in the SMP which may include sampling, monitoring, and/or operating a treatment system, and providing certified reports to the NYSDEC, is and remains a fundamental element of the Department's determination that the Controlled Property is safe for a specific use, but not all uses. The SMP may be modified in accordance with the Department's statutory and regulatory authority. The Grantor and all successors and assigns, assume the burden of complying with the SMP and obtaining an up-to-date version of the SMP from:

Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, New York 12233
Phone: (518) 402-9553

D. Grantor must provide all persons who acquire any interest in the Controlled Property a true and complete copy of the SMP that the Department approves for the Controlled Property and all Department-approved amendments to that SMP.

E. Grantor covenants and agrees that until such time as the Environmental Easement is extinguished in accordance with the requirements of ECL Article 71, Title 36 of the ECL, the property deed and all subsequent instruments of conveyance relating to the Controlled Property shall state in at least fifteen-point bold-faced type:

**This property is subject to an Environmental Easement held
by the New York State Department of Environmental Conservation**

pursuant to Title 36 of Article 71 of the Environmental Conservation Law.

F. Grantor covenants and agrees that this Environmental Easement shall be incorporated in full or by reference in any leases, licenses, or other instruments granting a right to use the Controlled Property.

G. Grantor covenants and agrees that it shall, at such time as NYSDEC may require, submit to NYSDEC a written statement by an expert the NYSDEC may find acceptable certifying under penalty of perjury, in such form and manner as the Department may require, that:

(1) the inspection of the site to confirm the effectiveness of the institutional and engineering controls required by the remedial program was performed under the direction of the individual set forth at 6 NYCRR Part 375-1.8(h)(3).

(2) the institutional controls and/or engineering controls employed at such site:
(i) are in-place;
(ii) are unchanged from the previous certification, or that any identified changes to the controls employed were approved by the NYSDEC and that all controls are in the Department-approved format; and

(iii) that nothing has occurred that would impair the ability of such control to protect the public health and environment;

(3) the owner will continue to allow access to such real property to evaluate the continued maintenance of such controls;

(4) nothing has occurred that would constitute a violation or failure to comply with any site management plan for such controls;

(5) the report and all attachments were prepared under the direction of, and reviewed by, the party making the certification;

(6) to the best of his/her knowledge and belief, the work and conclusions described in this certification are in accordance with the requirements of the site remedial program, and generally accepted engineering practices; and

(7) the information presented is accurate and complete.

3. Right to Enter and Inspect. Grantee, its agents, employees, or other representatives of the State may enter and inspect the Controlled Property in a reasonable manner and at reasonable times to assure compliance with the above-stated restrictions.

4. Reserved Grantor's Rights. Grantor reserves for itself, its assigns, representatives, and successors in interest with respect to the Property, all rights as fee owner of the Property, including:

A. Use of the Controlled Property for all purposes not inconsistent with, or limited by the terms of this Environmental Easement;

B. The right to give, sell, assign, or otherwise transfer part or all of the underlying fee interest to the Controlled Property, subject and subordinate to this Environmental Easement;

5. Enforcement

A. This Environmental Easement is enforceable in law or equity in perpetuity by Grantor, Grantee, or any affected local government, as defined in ECL Section 71-3603, against the owner of the Property, any lessees, and any person using the land. Enforcement shall not be defeated because of any subsequent adverse possession, laches, estoppel, or waiver. It is not a defense in any action to enforce this Environmental Easement that: it is not appurtenant to an interest in real property; it is not of a character that has been recognized traditionally at common law; it imposes a negative burden; it imposes affirmative obligations upon the owner of any interest in the burdened property; the benefit does not touch or concern real property; there is no privity of estate or of contract; or it imposes an unreasonable restraint on alienation.

B. If any person violates this Environmental Easement, the Grantee may revoke the Certificate of Completion with respect to the Controlled Property.

C. Grantee shall notify Grantor of a breach or suspected breach of any of the terms of this Environmental Easement. Such notice shall set forth how Grantor can cure such breach or suspected breach and give Grantor a reasonable amount of time from the date of receipt of notice in which to cure. At the expiration of such period of time to cure, or any extensions granted by Grantee, the Grantee shall notify Grantor of any failure to adequately cure the breach or suspected breach, and Grantee may take any other appropriate action reasonably necessary to remedy any breach of this Environmental Easement, including the commencement of any proceedings in accordance with applicable law.

D. The failure of Grantee to enforce any of the terms contained herein shall not be deemed a waiver of any such term nor bar any enforcement rights.

6. Notice. Whenever notice to the Grantee (other than the annual certification) or approval from the Grantee is required, the Party providing such notice or seeking such approval shall identify the Controlled Property by referencing the following information:

County, NYSDEC Site Number, NYSDEC Brownfield Cleanup Agreement, State Assistance Contract or Order Number, and the County tax map number or the Liber and Page or computerized system identification number.

Parties shall address correspondence to: Site Number: 360046
Office of General Counsel
NYSDEC
625 Broadway
Albany New York 12233-5500

With a copy to: Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, NY 12233

All notices and correspondence shall be delivered by hand, by registered mail or by Certified mail and return receipt requested. The Parties may provide for other means of receiving and

communicating notices and responses to requests for approval.

7. Recordation. Grantor shall record this instrument, within thirty (30) days of execution of this instrument by the Commissioner or her/his authorized representative in the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.
8. Amendment. Any amendment to this Environmental Easement may only be executed by the Commissioner of the New York State Department of Environmental Conservation or the Commissioner's Designee, and filed with the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.
9. Extinguishment. This Environmental Easement may be extinguished only by a release by the Commissioner of the New York State Department of Environmental Conservation, or the Commissioner's Designee, and filed with the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.
10. Joint Obligation. If there are two or more parties identified as Grantor herein, the obligations imposed by this instrument upon them shall be joint and several.

IN WITNESS WHEREOF, Grantor has caused this instrument to be signed in its name.

SCHEDULE "A" PROPERTY DESCRIPTION

ALL that certain lot, piece or parcel of land situate, lying and being in the Town of Mount Pleasant, County of Westchester and State of New York, being shown as Parcel 2 on a certain Map entitled "Subdivision Map Prepare for Farrand Realty Corporation, Valhalla, N.Y." made by Charles H. Sells, Surveyors dated June 8, 1988 and filed in the Office of the Clerk of the County of Westchester, Division of Land Records on December 17, 1990 as Map No. 24303, said Parcel 2 being more particularly bounded and described as follows:

BEGINNING at a point on the westerly terminus of the curve connecting the westerly boundary line of Grand Boulevard with the northerly boundary line of Wall Street;

THENCE westerly and northerly along the northerly and easterly boundary line of Wall Street, the following courses and distances:

South 87° 30' 00" West 42.83 feet to a point of curvature;

THENCE on said curve to the right having a radius of 150.00 feet, a central angle of 59° 24' 32" for a distance of 155.53 feet to a point of tangency;

THENCE,

North 33° 05' 28" West 572.79 feet to a point of curvature;

THENCE on said curve to the left having a radius of 375 feet, a central angle of 47° 36' 32" for a distance of 311.60 feet to a point;

THENCE through property now or formerly belonging to Farrand Realty Corp., the following courses and distances:

North 09° 18' 00" East 241.00 feet to a point of curvature at which point the radial bears,

South 09° 18' 00" West 241' (North 09°18'00" East per this Survey)

THENCE on said curve to the right, having a radius of 616.00 feet, a central angle of 29° 10' 49" for a distance of 313.72 feet

THENCE running through Parcel 2 the following four (4) courses and distances

1. South 6°00'00" East 60.00 feet;
2. South 37°00'00" east 240.00 feet;
3. South 50°00'00" East 280.00 feet;
4. South 38° 00'00" East 228.25 feet to the westerly side of Grand Boulevard;

THENCE running along the westerly side of Grand Boulevard on a curve to the left having a radius of 549.71 feet length of 202.12 feet to a point of reverse curvature;

THENCE on said curve to the right having a radius of 25 feet, a central angle of $79^{\circ} 38' 56''$ for a distance of 34.75 feet to the point of place of BEGINNING.

Containing 6.0295 Acres

FARRAND CONTROLS SITE
 REMEDIAL DESIGN WORK PLAN
LOCATIONS OF GROUNDWATER MONITORING WELLS

**ENVIRONMENTAL EASEMENT GRANTED PURSUANT TO ARTICLE 71, TITLE 36
OF THE NEW YORK STATE ENVIRONMENTAL CONSERVATION LAW**

THIS INDENTURE made this 2nd day of APRIL, 2014 between Owner(s) Ruhle Companies, Inc., having an office at 99 Wall Street, Valhalla, County of Westchester, State of New York (the "Grantor"), and The People of the State of New York (the "Grantee."), acting through their Commissioner of the Department of Environmental Conservation (the "Commissioner", or "NYSDEC" or "Department" as the context requires) with its headquarters located at 625 Broadway, Albany, New York 12233,

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to encourage the remediation of abandoned and likely contaminated properties ("sites") that threaten the health and vitality of the communities they burden while at the same time ensuring the protection of public health and the environment; and

WHEREAS, the Legislature of the State of New York has declared that it is in the public interest to establish within the Department a statutory environmental remediation program that includes the use of Environmental Easements as an enforceable means of ensuring the performance of operation, maintenance, and/or monitoring requirements and the restriction of future uses of the land, when an environmental remediation project leaves residual contamination at levels that have been determined to be safe for a specific use, but not all uses, or which includes engineered structures that must be maintained or protected against damage to perform properly and be effective, or which requires groundwater use or soil management restrictions; and

WHEREAS, the Legislature of the State of New York has declared that Environmental Easement shall mean an interest in real property, created under and subject to the provisions of Article 71, Title 36 of the New York State Environmental Conservation Law ("ECL") which contains a use restriction and/or a prohibition on the use of land in a manner inconsistent with engineering controls which are intended to ensure the long term effectiveness of a site remedial program or eliminate potential exposure pathways to hazardous waste or petroleum; and

WHEREAS, Grantor, is the owner of real property located at the address of 99 Wall Street in the Town of Mount Pleasant, County of Westchester and State of New York, known and designated on the tax map of the County Clerk of Westchester as tax map parcel numbers: Section 117.01 Block 2 Lot 1, being the same as that property conveyed to Grantor by deed dated July 9, 1991 and recorded in the Westchester County Clerk's Office in Liber and Page 10074 and 287. The property subject to this Environmental Easement (the "Controlled Property") comprises approximately 6.0295 +/- acres, and is hereinafter more fully described in the Land Title Survey dated March 12, 2014 prepared by Joseph R. Link, L.S. of Link Land Surveyors P.C., which will be attached to the Site Management Plan. The Controlled Property description is set forth in and attached hereto as Schedule A; and

WHEREAS, the Department accepts this Environmental Easement in order to ensure the protection of public health and the environment and to achieve the requirements for remediation established for the Controlled Property until such time as this Environmental Easement is

extinguished pursuant to ECL Article 71, Title 36; and

NOW THEREFORE, in consideration of the mutual covenants contained herein and the terms and conditions of Order on Consent Index Number: W3-1174-13-09, Grantor conveys to Grantee a permanent Environmental Easement pursuant to ECL Article 71, Title 36 in, on, over, under, and upon the Controlled Property as more fully described herein ("Environmental Easement")

1. Purposes. Grantor and Grantee acknowledge that the Purposes of this Environmental Easement are: to convey to Grantee real property rights and interests that will run with the land in perpetuity in order to provide an effective and enforceable means of encouraging the reuse and redevelopment of this Controlled Property at a level that has been determined to be safe for a specific use while ensuring the performance of operation, maintenance, and/or monitoring requirements; and to ensure the restriction of future uses of the land that are inconsistent with the above-stated purpose.

2. Institutional and Engineering Controls. The controls and requirements listed in the Department approved Site Management Plan ("SMP") including any and all Department approved amendments to the SMP are incorporated into and made part of this Environmental Easement. These controls and requirements apply to the use of the Controlled Property, run with the land, are binding on the Grantor and the Grantor's successors and assigns, and are enforceable in law or equity against any owner of the Controlled Property, any lessees and any person using the Controlled Property.

A. (1) The Controlled Property may be used for:

Commercial as described in 6 NYCRR Part 375-1.8(g)(2)(iii) and Industrial as described in 6 NYCRR Part 375-1.8(g)(2)(iv) if current land use is selected, enter current use.

(2) All Engineering Controls must be operated and maintained as specified in the Site Management Plan (SMP);

(3) All Engineering Controls must be inspected at a frequency and in a manner defined in the SMP;

(4) The use of groundwater underlying the property is prohibited without necessary water quality treatment as determined by the NYSDOH or the Westchester County Department of Health to render it safe for use as drinking water or for industrial purposes, and the user must first notify and obtain written approval to do so from the Department;

(5) Groundwater and other environmental or public health monitoring must be performed as defined in the SMP;

(6) Data and information pertinent to Site Management of the Controlled Property must be reported at the frequency and in a manner defined in the SMP;

(7) All future activities on the property that will disturb remaining

contaminated material must be conducted in accordance with the SMP;

(8) Monitoring to assess the performance and effectiveness of the remedy must be performed as defined in the SMP;

(9) Operation, maintenance, monitoring, inspection, and reporting of any mechanical or physical components of the remedy shall be performed as defined in the SMP;

(10) Access to the site must be provided to agents, employees or other representatives of the State of New York with reasonable prior notice to the property owner to assure compliance with the restrictions identified by this Environmental Easement.

B. The Controlled Property shall not be used for Residential or Restricted Residential purposes as defined in 6NYCRR 375-1.8(g)(2)(i) and (ii), and the above-stated engineering controls may not be discontinued without an amendment or extinguishment of this Environmental Easement.

C. The SMP describes obligations that the Grantor assumes on behalf of Grantor, its successors and assigns. The Grantor's assumption of the obligations contained in the SMP which may include sampling, monitoring, and/or operating a treatment system, and providing certified reports to the NYSDEC, is and remains a fundamental element of the Department's determination that the Controlled Property is safe for a specific use, but not all uses. The SMP may be modified in accordance with the Department's statutory and regulatory authority. The Grantor and all successors and assigns, assume the burden of complying with the SMP and obtaining an up-to-date version of the SMP from:

Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, New York 12233
Phone: (518) 402-9553

D. Grantor must provide all persons who acquire any interest in the Controlled Property a true and complete copy of the SMP that the Department approves for the Controlled Property and all Department-approved amendments to that SMP.

E. Grantor covenants and agrees that until such time as the Environmental Easement is extinguished in accordance with the requirements of ECL Article 71, Title 36 of the ECL, the property deed and all subsequent instruments of conveyance relating to the Controlled Property shall state in at least fifteen-point bold-faced type:

**This property is subject to an Environmental Easement held
by the New York State Department of Environmental Conservation**

pursuant to Title 36 of Article 71 of the Environmental Conservation Law.

F. Grantor covenants and agrees that this Environmental Easement shall be incorporated in full or by reference in any leases, licenses, or other instruments granting a right to use the Controlled Property.

G. Grantor covenants and agrees that it shall, at such time as NYSDEC may require, submit to NYSDEC a written statement by an expert the NYSDEC may find acceptable certifying under penalty of perjury, in such form and manner as the Department may require, that:

(1) the inspection of the site to confirm the effectiveness of the institutional and engineering controls required by the remedial program was performed under the direction of the individual set forth at 6 NYCRR Part 375-1.8(h)(3).

(2) the institutional controls and/or engineering controls employed at such site:
(i) are in-place;
(ii) are unchanged from the previous certification, or that any identified changes to the controls employed were approved by the NYSDEC and that all controls are in the Department-approved format; and

(iii) that nothing has occurred that would impair the ability of such control to protect the public health and environment;

(3) the owner will continue to allow access to such real property to evaluate the continued maintenance of such controls;

(4) nothing has occurred that would constitute a violation or failure to comply with any site management plan for such controls;

(5) the report and all attachments were prepared under the direction of, and reviewed by, the party making the certification;

(6) to the best of his/her knowledge and belief, the work and conclusions described in this certification are in accordance with the requirements of the site remedial program, and generally accepted engineering practices; and

(7) the information presented is accurate and complete.

3. Right to Enter and Inspect. Grantee, its agents, employees, or other representatives of the State may enter and inspect the Controlled Property in a reasonable manner and at reasonable times to assure compliance with the above-stated restrictions.

4. Reserved Grantor's Rights. Grantor reserves for itself, its assigns, representatives, and successors in interest with respect to the Property, all rights as fee owner of the Property, including:

A. Use of the Controlled Property for all purposes not inconsistent with, or limited by the terms of this Environmental Easement;

B. The right to give, sell, assign, or otherwise transfer part or all of the underlying fee interest to the Controlled Property, subject and subordinate to this Environmental Easement;

5. Enforcement

A. This Environmental Easement is enforceable in law or equity in perpetuity by Grantor, Grantee, or any affected local government, as defined in ECL Section 71-3603, against the owner of the Property, any lessees, and any person using the land. Enforcement shall not be defeated because of any subsequent adverse possession, laches, estoppel, or waiver. It is not a defense in any action to enforce this Environmental Easement that: it is not appurtenant to an interest in real property; it is not of a character that has been recognized traditionally at common law; it imposes a negative burden; it imposes affirmative obligations upon the owner of any interest in the burdened property; the benefit does not touch or concern real property; there is no privity of estate or of contract; or it imposes an unreasonable restraint on alienation.

B. If any person violates this Environmental Easement, the Grantee may revoke the Certificate of Completion with respect to the Controlled Property.

C. Grantee shall notify Grantor of a breach or suspected breach of any of the terms of this Environmental Easement. Such notice shall set forth how Grantor can cure such breach or suspected breach and give Grantor a reasonable amount of time from the date of receipt of notice in which to cure. At the expiration of such period of time to cure, or any extensions granted by Grantee, the Grantee shall notify Grantor of any failure to adequately cure the breach or suspected breach, and Grantee may take any other appropriate action reasonably necessary to remedy any breach of this Environmental Easement, including the commencement of any proceedings in accordance with applicable law.

D. The failure of Grantee to enforce any of the terms contained herein shall not be deemed a waiver of any such term nor bar any enforcement rights.

6. Notice. Whenever notice to the Grantee (other than the annual certification) or approval from the Grantee is required, the Party providing such notice or seeking such approval shall identify the Controlled Property by referencing the following information:

County, NYSDEC Site Number, NYSDEC Brownfield Cleanup Agreement, State Assistance Contract or Order Number, and the County tax map number or the Liber and Page or computerized system identification number.

Parties shall address correspondence to: Site Number: 360046
Office of General Counsel
NYSDEC
625 Broadway
Albany New York 12233-5500

With a copy to: Site Control Section
Division of Environmental Remediation
NYSDEC
625 Broadway
Albany, NY 12233

All notices and correspondence shall be delivered by hand, by registered mail or by Certified mail and return receipt requested. The Parties may provide for other means of receiving and

communicating notices and responses to requests for approval.

7. Recordation. Grantor shall record this instrument, within thirty (30) days of execution of this instrument by the Commissioner or her/his authorized representative in the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.

8. Amendment. Any amendment to this Environmental Easement may only be executed by the Commissioner of the New York State Department of Environmental Conservation or the Commissioner's Designee, and filed with the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.

9. Extinguishment. This Environmental Easement may be extinguished only by a release by the Commissioner of the New York State Department of Environmental Conservation, or the Commissioner's Designee, and filed with the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.

10. Joint Obligation. If there are two or more parties identified as Grantor herein, the obligations imposed by this instrument upon them shall be joint and several.

IN WITNESS WHEREOF, Grantor has caused this instrument to be signed in its name.

Title: PRESIDENT Date: 18 MARCH 2014

SCHEDULE "A" PROPERTY DESCRIPTION

ALL that certain lot, piece or parcel of land situate, lying and being in the Town of Mount Pleasant, County of Westchester and State of New York, being shown as Parcel 2 on a certain Map entitled "Subdivision Map Prepare for Farrand Realty Corporation, Valhalla, N.Y." made by Charles H. Sells, Surveyors dated June 8, 1988 and filed in the Office of the Clerk of the County of Westchester, Division of Land Records on December 17, 1990 as Map No. 24303, said Parcel 2 being more particularly bounded and described as follows:

BEGINNING at a point on the westerly terminus of the curve connecting the westerly boundary line of Grand Boulevard with the northerly boundary line of Wall Street;

THENCE westerly and northerly along the northerly and easterly boundary line of Wall Street, the following courses and distances:

South 87° 30' 00" West 42.83 feet to a point of curvature;

THENCE on said curve to the right having a radius of 150.00 feet, a central angle of 59° 24' 32" for a distance of 155.53 feet to a point of tangency;

THENCE,

North 33° 05' 28" West 572.79 feet to a point of curvature;

THENCE on said curve to the left having a radius of 375 feet, a central angle of 47° 36' 32" for a distance of 311.60 feet to a point;

THENCE through property now or formerly belonging to Farrand Realty Corp., the following courses and distances:

North 09° 18' 00" East 241.00 feet to a point of curvature at which point the radial bears,

South 09° 18' 00" West 241' (North 09°18'00" East per this Survey)

THENCE on said curve to the right, having a radius of 616.00 feet, a central angle of 29° 10' 49" for a distance of 313.72 feet

THENCE running through Parcel 2 the following four (4) courses and distances

1. South 6°00'00" East 60.00 feet;
2. South 37°00'00" east 240.00 feet;
3. South 50°00'00" East 280.00 feet;
4. South 38° 00'00" East 228.25 feet to the westerly side of Grand Boulevard;

THENCE running along the westerly side of Grand Boulevard on a curve to the left having a radius of 549.71 feet length of 202.12 feet to a point of reverse curvature;

THENCE on said curve to the right having a radius of 25 feet, a central angle of $79^{\circ} 38' 56''$ for a distance of 34.75 feet to the point of place of BEGINNING.

Containing 6.0295 Acres
