Site Name: Irvington Rugs & Cleaners

October 2020

Site No. 360175

Tax Map No. 2.50-20-11

Site Location: 53 Main Street, Irvington, Westchester County

State Superfund Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on a map on the reverse side of this page, has been added to the Registry as a Class 02 site that presents a significant threat to public health and/or the environment for the following reason(s):

- On-site groundwater and soil vapor are contaminated with chlorinated volatile organic compounds, mainly tetrachloroethene and trichloroethene.
- Soil vapor intrusion sampling identified impacts in indoor air quality within the on-site building and an adjacent off-site building at levels warranting mitigation.
- Further investigation is needed to evaluate potential exposures associated with site-related contamination detected in off-site groundwater and soil vapor.

DEC will keep you informed throughout the investigation and cleanup of the site.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at :
