Record of Decision Describes Remedy Selected to Address Off-Site Groundwater Plume Related to the Former Kenco Chemical Corp. Site, Glenville

The following link opens a fact sheet about the Record of Decision (ROD) issued by NYSDEC for **Operable Unit 01 (off-site groundwater plume) related to the Former Kenco Chemical Corporation Site #447039 (Glenville, Schenectady County)**, within New York's State Superfund Program:

<http://www.dec.ny.gov/data/der/factsheet/447039ou1rod.pdf>

The ROD describes the remedy selected to address contamination associated with the off-site groundwater plume.

The fact sheet is in PDF format. You can save, open, and read the fact sheet by using Adobe Acrobat Reader. If you do not have Adobe Acrobat Reader, you can go to the following web page on the NYSDEC web site to download the program: <http://www.dec.ny.gov/about/590.html>

Please do not respond to this email. Replies go to an untended mailbox. If you have questions about the contaminated site identified above, please use the contact information provided in the fact sheet.
