Corrective Measures Study Report, Revision 3 dated November 7, 2024

Mr. Eric Gaulin,

The New York State Department of Environmental Conservation (NYSDEC), in coordination with the New York State Department of Health (NYSDOH) as combined agencies, has completed its review of the Corrective Measures Study (CMS) Report/Rev 3, dated November 7, 2024. The agencies have no additional comments on the CMS as this revision was updated according to changes requested by NYSDEC and NYSDOH. The CMS shall be used for development of the Statement of Basis, which details our remedy selection for the facility, and shall be incorporated to the facility's Part 373 Corrective Action Permit Renewal process to address these remedial actions. The CMS is hereby approved.

If you have any questions, please contact Cecia Bicknell of my staff at cecia.bicknell@dec.ny.gov.

Sincerely,

Lynn M. Winterberger, P.E.
