Mr. Andrew Guglielmi, Esq.
New York State Department of Environmental Conservation
Division of Environmental Remediation
625 Broadway
Albany, New York 12233-7011

Dear Andrew:

This letter is submitted on behalf of Georgia-Pacific, LLC, pursuant to the Certificate of Completion ("COC") dated April 6, 2015, for the Willsboro Black Ash Pond Site (Site No. 516009, Town of Willsboro, County of Essex).

Pursuant to the April 15, 2015, transmittal letter from Robert W. Schick, P.E., Georgia-Pacific, LLC arranged for the property owner, the Town of Willsboro, to record a notice of the COC in the recording office for Essex County, and to place the notice of the COC in the document repository for the Site. These actions were subsequently verified by: (a) an email dated May 14, 2015, from Bridget Brown, Willsboro Town Clerk, verifying that the document repository at Willsboro Town Hall contains the COC; (b) an email dated May 14, 2015, from Quentin Gilliland, an employee of Zebra-Tech, L.L.C., whom Georgia-Pacific, LLC engaged to personally verify with the Essex County Clerk and the Town of Willsboro repository that the documents are on file or recorded as requested, and (c) a certification by the Clerk of the County of Essex dated May 14, 2015, verifying recordation of this document in the County records. Each of these three documents is enclosed.

The SMP is being implemented and, pursuant to Mr. Schick's letter, Georgia-Pacific, LLC understands that the first PRR including certification of the IC/ECs is due in May, 2016. Please advise if you have any questions or require additional information.

Sincerely,

Jean H. McCreary

Sir,

Attached is the current Certificate of Completion and verification of record from the Essex County Clerk. I have verified that it is also on file with the Town of Willsboro. They should be confirming this shortly. Please let myself or Doug Ferris know if there is anything more we can do for you.

Thank you,

Inactive Hazardous Waste Disposal Site Program
Pursuant to 6 NYCRR Part 375-1.9(d)**

**Willsboro Black Ash Pond, Site ID No. 516009
School Street, Willsboro, NY 12996
Town of Willsboro, Essex County, Tax Map Identification Number 31.9-1-20.100**

PLEASE TAKE NOTICE, the New York State Department of Environmental Conservation (Department) has issued a Certificate of Completion (Certificate) pursuant to 6 NYCRR Part 375 to Georgia-Pacific, LLC for a parcel of approximately 25 acres located on School Street in the Town of Willsboro, Essex County.

PLEASE TAKE NOTICE, the Certificate was issued upon satisfaction of the Commissioner, following review by the Department of the final engineering report and data submitted pursuant to the Order on Consent, as well as any other relevant information regarding the Site, that the remediation requirements set forth in ECL Article 27, Title 13 have been or will be achieved in accordance with the time frames, if any, established in the remedial work plan.

PLEASE TAKE NOTICE, the remedial program for the Site has achieved a cleanup level that would be consistent with the following categories of uses (actual site use is subject to local zoning requirements):

- Restricted Residential Use, as set forth in 6 NYCRR 375-1.8(g)(2)ii.
- Commercial Use, as set forth in 6 NYCRR 375-1.8(g)(2)iii.
- Industrial Use, as set forth in 6 NYCRR 375-1.8(g)(2)iv.

PLEASE TAKE NOTICE, provided that the Certificate is complied with, the Certificate holder shall be entitled to the liability limitation provided in 6 NYCRR Part 375-2.9. The liability limitation shall run with the land, extending to the Certificate holder's successors or assigns through acquisition of title to the Site and to a person who develops or otherwise occupies the Site, subject to certain limitations as set forth in 6 NYCRR Part 375-2.9. The liability limitation shall be subject to all rights reserved to the State by 6 NYCRR Part 375-2.9 and any other applicable provision of law.

Further, the use of groundwater is restricted and may not be used, unless treated in accordance with the requirements provided by the New York State Department of Health, or a local County Health Department with jurisdiction in such matters and such is approved by the Department as not inconsistent with the remedy.

PLEASE TAKE NOTICE, since the remedial program relies upon use restrictions or the long term employment of institutional or engineering controls; such institutional or engineering controls are contained in an Environmental Easement granted pursuant to ECL Article 71, Title 36 which has been duly recorded in the Recording Office for Essex County as Instrument # 2014-3938.

PLEASE TAKE NOTICE, the Environmental Easement requires that the approved site management plan (SMP) for this property be adhered to. The SMP, which may be amended from time to time, may include sampling, monitoring, and/or operating a treatment system on the property, providing certified reports to the NYSDEC, and generally provides for the management of any and all plans and limitations on the property. A copy of the SMP is available upon request by writing to the Department's Division of Environmental Remediation, Site Control Section, 625 Broadway, Albany, New York 12233.

PLEASE TAKE NOTICE, provided that the Environmental Easement, SMP and Certificate are complied with, the Certificate holder shall be entitled to the liability limitation provided in 6 NYCRR Part 375-2.9. The liability limitation shall run with the land, extending to the Certificate holder's successors or assigns through acquisition of title to the Site and to a person who develops or otherwise occupies the Site, subject to certain limitations as set forth in 6 NYCRR Part 375-2.9. The liability limitation shall be subject to all rights reserved to the State by 6 NYCRR Part 375-2.9 and any other applicable provision of law.

Willshoro Black Ash Pond, No. 516009, School Street, Willshoro, NY

PLEASE TAKE NOTICE, any change of use of the site, as defined in 6 NYCRR 375, must be preceded by notice to the Department in accordance with 6 NYCRR 375-1.11(d). A transfer of any or all of the property constitutes a change of use.

PLEASE TAKE NOTICE, the Certificate may be only be transferred to the Certificate holder's successors or assigns upon transfer or sale of the Site as provided by 6 NYCRR Part 375-1.9. Failure to comply with the regulatory requirements for transfer **WILL** bar the successors and assigns from the benefits of the Certificate.

PLEASE TAKE NOTICE, the Certificate may be modified or revoked by the Commissioner as set forth in the applicable regulations.

PLEASE TAKE NOTICE, the Certificate may be revoked if the Environmental Easement as implemented, if applicable, is not protective or enforceable.

PLEASE TAKE NOTICE, a copy of the Certificate can be reviewed at the NYSDEC's Region 5 Office located at 1115 State Route 86, Ray Brook, New York, by contacting the Regional Environmental Remediation Engineer.

Re: Certificate of Completion
Willsboro Black Ash Pond
Site No. 516009
Willsboro, Essex County

Dear Mr. Davis:

Congratulations on having satisfactorily completed the remedial program at the Willsboro Black Ash Pond site. Enclosed please find an original, signed Certificate of Completion. The New York State Department of Environmental Conservation (Department) is pleased to inform you that the Final Engineering Report is hereby approved, allowing the Certificate of Completion (COC) to be issued for the above-referenced site. This also results in the reclassification of the site in the Division of Environmental Remediation's on-line environmental site database.

Please note that you are required to perform the following tasks:

- If you are the site owner, you must record a notice of the COC in the recording office for the County where any portion of the site is located within 30 days of issuance of the COC; or if you are a prospective purchaser of the site, you must record a notice of the COC within 30 days of the date that you acquire the site. If you are a non-owner, you must work with the owner to assure the notice of COC is recorded within the time frame specified. In all cases, proof of filing must be provided to DEC within 30 days of receipt. A standard notice form is attached to this letter.
- Place the notice of the COC in the document repository for the site within 10 days of issuance of the COC; and
- Implement the DEC-approved Site Management Plan (SMP) which details the activities necessary to assure the performance, effectiveness, and protectiveness of the remedial program. You must report the results of these activities to DEC in a Periodic Review Report (PRR) which also includes any required IC/EC certifications. The site IC/ECs are identified on the attached Site Management Form. The first PRR including the certification of the IC/ECs is due to the DEC in May 2016.

Department of
Environmental
Conservation

DEC will prepare and distribute to the Site Contact List a fact sheet describing the institutional and engineering controls that are required at the site.

If you have any questions regarding any of these items, please contact Mr. John Swartwout at (518) 402-9625.

Sincerely,

Robert W. Schick, P.E.

Street Address: School Street
Municipality: Willsboro County: Essex DEC Region: 5
Site Size: 24.830 Acres
Tax Map Identification Number(s): 31.9-1-20.100

A description of the property subject to this Certificate is attached as Exhibit A and a site survey is attached as Exhibit B.

CERTIFICATE ISSUANCE

This Certificate of Completion, hereinafter referred to as the "Certificate," is issued pursuant to 6 NYCRR §375-1.9.

This Certificate has been issued upon satisfaction of the Commissioner, following review by the Department of the final engineering report and data submitted pursuant to the Order on Consent as well as any other relevant information regarding the Site, that the applicable remediation requirements set forth in the Environmental Conservation Law (ECL) and 6NYCRR Part 375 have been or will be achieved in accordance with the time frames, if any, established in the remedial work plan.

The remedial program for the Site has achieved a cleanup level that would be consistent with the following categories of uses:

Allowable Uses under the SSF: Restricted-Residential, Commercial, and Industrial

The Remedial Program includes use restrictions or reliance on the long term employment of institutional or engineering controls which are contained in the approved Site Management Plan and an Environmental Easement granted pursuant to ECL Article 71, Title 36 which has been duly recorded in the Recording Office for Essex County with recording identifier 2014-3938.

LIABILITY LIMITATION

Upon issuance of this Certificate of Completion, and subject to the terms and conditions set forth herein, the Certificate holder(s) shall be entitled to the liability limitation provided in 6NYCRR §375-2.9. The liability limitation shall run with the land, extending to the Certificate holder's successors or assigns through acquisition of title to the Site and to a person who develops or otherwise occupies the Site, subject to certain limitations as set forth in 6NYCRR §375-2.9(d). The liability limitation shall be subject to all rights reserved to the State by ECL §27-1321 and any other applicable provision of law.

CERTIFICATE TRANSFERABILITY

This Certificate may be transferred to the Certificate holder's successors or assigns upon transfer or sale of the Site as provided by 6NYCRR §375-1.9(f)-(g).

CERTIFICATE MODIFICATION/REVOCAION

This Certificate of Completion may be modified or revoked by the Commissioner following notice and an opportunity for a hearing in accordance with 6NYCRR §375-1.9(e)(2) upon a finding that:

- (1) the remedial party has failed to manage the controls or monitoring in full compliance with the terms of the approved remedial program;
- (2) there has been a failure to comply with the terms and conditions of the order;
- (3) there was a misrepresentation of a material fact tending to demonstrate that the cleanup levels were reached;
- (4) the terms and conditions of any environmental easement have been intentionally violated or found to be not protective or enforceable;
- (5) for good cause;
- (6) environmental contamination at, on, under, or emanating from the site if, in light of such conditions, the site is no longer protective of public health or the environment, and the remedial party is not in good faith negotiating, and/or following its approval by the Department, implementing a work plan to achieve conditions at the site which are protective of public health and the environment;
- (7) non-compliance with the terms of the order, the remedial work plan, site management plan, or the certificate of completion after notice of the failure and reasonable opportunity to cure has been afforded to the remedial party by the Department as provided for at paragraph 375-1.9(e)(2);
- (8) fraud related to the remedial program for the site committed by the certificate holder;
- (9) a finding by the Department that a change in an environmental standard, factor, or criterion upon which the remedial work plan was based renders the remedial program implemented at the site no longer protective of public health or the environment, and the remedial party is not in good faith negotiating, and/or following its approval by the Department, implementing a work plan to achieve conditions at the site which are protective of public health and the environment; or
- (10) a change in the site's use subsequent to the Department's issuance of the certificate of completion, unless additional remediation is undertaken which shall meet the standard for protection of the public health and environment that applies to this site.

The Certificate holder(s) (including its successors or assigns) shall have thirty (30) days within which to cure any deficiency or to seek a hearing. If the deficiency is not cured or a request for a hearing received within such 30-day period, the Certificate shall be deemed modified or vacated on the 31st day after the Department's notice.
