Site Location: Bleachery Road, Chadwicks, NY 13319

State Superfund Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

Remedial actions including the removal of polychlorinated biphenyl (PCB) contaminated on-site and off-site soil and sediment as well as removal of construction and demolition debris have been satisfactorily completed in accordance with the March 2001 Record of Decision. The disturbed areas of the on-site unnamed tributary and off-site Sauquoit Creek were restored with soils meeting unrestricted use standards. Since all remediated areas met unrestricted or residential use soil cleanup objectives, institutional controls are not required as there are no remaining human exposures to soil or sediment contamination.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end November 29, 2019. If you would like to provide us with written comments, please send them to: David Chiusano, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233-7017; david.chiusano@dec.ny.gov; or call 518-402-9814.

A summary of any comments will be assembled and made available for viewing at our Central Office address.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after December 29, 2019.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:
