Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The site identified above, and located on a map on the reverse side of this page, was recently reclassified on the Registry as a Class 4 site that no longer presents a significant threat to public health and/or the environment for the following reason(s):

Remedial measures have been completed, including capping and fencing the landfill, installing a supplemental purge well, and installing treatment on the nearby public water supply well. An operation, maintenance, and monitoring plan is in place to ensure that the engineering controls remain protective in the future. Remedial measures have been completed and appropriate controls are in place to ensure protection of public health in the future.

The Department will keep you informed throughout the investigation and cleanup of the site.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed below.
