Site Name: Fortino Tire

June 2018

Site No. 738047 Tax Map No. 261.00-03-05

Site Location: Dump Road, West Monroe, 13167 - Oswego County

Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on a map on the reverse side of this page, has been added to the Registry as a Class 2 site that presents a significant threat to public health and/or the environment for the following reason(s):

The disposal of automobile shredder residue (ASR) has led to contamination of soil, groundwater, surface water, and sediment in a disposal area. Applicable standards, criteria, and guidance values are exceeded for PCBs, metals, volatile organic compounds, and perfluoroalkyl substances (specifically PFOA and PFOS). Additional actions are needed to determine the nature and extent of contamination and the potential for human exposures.

DEC will keep you informed throughout the investigation and cleanup of the site.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/extapps/derexternal/index.cfm?pageid=3

Comments and questions are always welcome and should be directed as follows:
