Inactive Hazardous Waste Disposal Site Classification Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (Department) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (the "Registry"). The Department has determined that this site's (see map on reverse side) boundary be modified partially and the site partially delisted on the Registry for the following reason(s):

Remedial measures have been completed, including consolidating site related waste into the on-site landfill. The landfill and surrounding fence will continue to be maintained and monitored to reduce potential for exposure to site-related contaminants. The site boundary will be modified to the remove non-landfill portion from the Registry of Inactive Hazardous Waste Disposal sites.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end July 15, 2011. If you would like to provide us with written comments, please send them to: Payson Long, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, Remedial Bureau E, 625 Broadway, 12th Floor, Albany, NY 12233-7017, 518-402-9813. pdlong@gw.dec.state.ny.us.

A summary of any comments will be assembled and made available for viewing at the document repository located at the Owego Town Hall, c/o Mr. Rodney Marchewka, 178 Main Street, Owego, NY 13827.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will partially delist the site on or after August 15, 2011.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact the Department's Project Manager listed below.
