Weather		
Temperature		
Wind Direction		

Description of work performed by contr. this report period:

- Contractor worked excavating soils along the north side of Court Street, primarily from the northern curblineline to the sidewalk, in front of # 414. Previously stockpiled material from yesterday's excavation were removed. A storm sewer, and a clay tile pipe and two wooden ducts containing tar were removed, along with associated soils. Soils were loaded directly into trucks, which were lined with plastic, and draped with plastic sheeting to protect sides of truck from spillage. Road surface under and around truck was also covered with plastic. No tar was visible at bottom of excavation. No sanitary sewer line was replaced today.

Description of inspections performed by engr. this report period:

-

Discussions/comments regarding visitors, contractor and/or engineer:

- William Ottaway of NYSDEC on site to observe test pitting on the westernmost block of Court Street..
