**Site No.:** 755015 **Tax Map No.:** 79-6-8.2

**Site Location:** 609-625 West Clinton Street, Ithaca, Tompkins County

### State Superfund Site Reclassification Notice Class 2 to Class 4

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on the attached map, has been reclassified on the Registry as a Class 4 site as it no longer presents a significant threat to public health and/or the environment for the following reason(s):

- Remedial activities completed at the site included in-situ chemical oxidation treatment of groundwater in the southwestern portion of the site. This involved injection of a carbon source to further degrade contamination; and the construction of a cover system comprised of building slabs, concrete, pavement, and 2 feet of clean soil. In addition, sub-slab depressurization systems were installed in one on-site building and one off-site building to mitigate the potential for exposures as a result of soil vapor intrusion.

An environmental easement limits the use of the property to restricted residential, commercial or industrial uses as required by DEC regulations and prohibits the use of groundwater at the site as a source of potable or process water without prior approval.

**If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.**

#### FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

[www.dec.ny.gov/cfmx/extapps/derexternal/index.cfm?pageid=3](http://www.dec.ny.gov/cfmx/extapps/derexternal/index.cfm?pageid=3)

Comments and questions are always welcome and should be directed as follows:
