As the owner of this facility, you are responsible for the proper posting, and use of this certificate in accordance with the regulations to the extent required by law. This registration certificate is subject to all regulations for the bulk storage of petroleum products, including equipment requirements, inspection requirements, spill reporting, and other applicable registration requirements, providing advance notice of any proposed major changes to a tank system, spill reporting, and other applicable requirements. Violations may be punishable as a criminal offense and/or a civil violation in accordance with applicable state and federal law.

This registration certificate must be kept current and conspicuously posted at this facility at all times. Posting must be at the tank, at the entrance of the facility, or the main office where the storage tanks are located.

Spills must be reported to the DEC within two hours (1-800-457-7362).
