

NEW YORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION  
Division of Environmental Remediation

**Subcontract Solicitation Record and Certification for Standby Response and Remedial Contracts**

Site Number 907016 Spill # \_\_\_\_\_ PIN # \_\_\_\_\_

Site/Spill Name Keywell L.L.C. Vac-Air Division

Site/Spill Address 300 Falconer Street Frewsburg  
Street City

Services being procured: Rental of data loggers to perform a long-term (8 week) water level study.

I. If total estimated costs are less than \$10,000, three responsive bids must be obtained by phone or written quotation. If total estimated costs range from \$10,000 to \$20,000, three written responsive bids must be obtained.

<i>Name of Source/Firm</i>	<i>Phone Number</i>	<i>Date</i>	<i>Price Quote</i>
Pine Environmental	585-424-2140	6/14/2017	\$2,520.00 +tax
In-Situ	978-465-3000	6/12/2017	\$2,592.00 +tax
Eco-Rental Solutions	855-326-7368	6/12/2017	\$4,320.00 +tax

II. If total estimated costs are over \$20,000, five written responsive bids must be obtained.

<i>Name of Source/Firm</i>	<i>Phone Number</i>	<i>Date</i>	<i>Price Quote</i>

III. If unable to obtain a sufficient number of quotes, a minimum of two responsive bids are required, unless sole/single source procurement. Attach documentation of attempts made to obtain quotes, and an engineer's estimate to support cost reasonableness. The engineer's estimate can be supported by quotes or pricing from a recent project with a similar scope of work, industry accepted cost estimating guides such as MEANS, or comparison to product catalogs or published price lists.

IV. If single or sole source procurement, attach rationale for selecting the vendor and the basis for determining the cost is reasonable.

V. Page 2 of this document must be completed by prime standby contractor.

**NOTE:** Contractor must obtain approval from the appropriate Department representative prior to incurring costs.

On behalf of the Contractor named below, I hereby certify that the subcontract named below was procured in accordance with the terms of the prime contract and all applicable requirements of the State of New York. I also hereby certify that the executed subcontract will include all appropriate language and all required documents were completed appropriately and were acceptable. Specifically, I hereby certify the following:

1. The Contractor has determined that the subcontractor is qualified. A statement of qualifications for the subcontractor is maintained. It includes a statement of compliance with all licenses, certifications and permits, if applicable. (Note: For laboratories, this can be determined at: <http://www.wadsworth.org/labservices.htm>).
2. The Contractor has determined the costs are reasonable. A procurement record supporting the determination is maintained.
3. The Contractor performed a Conflict of Interest (COI) check, if applicable, and documented it in writing. Refer to Appendix B, clause III (e) for applicability. (Note that for standby subcontractors, the COI certification must be submitted to the project manager upon activation.)
4. For subcontracts in excess (or anticipated to be in excess) of \$10,000 the subcontractor submitted an acceptable New York State Vendor Responsibility Questionnaire. Information related to vendor responsibility can be found at <http://www.osc.state.ny.us/agencies/gbull/g221.htm>.
5. The subcontract includes pass down requirements from Appendix B of the prime contract related to Minority and Women Business Enterprises (M/WBE) and Conflict of Interest (COI).
6. The subcontract includes the termination clause required in the prime contract.
7. The subcontract does not include "pay if paid" type clauses which are unenforceable in New York State.
8. Insurance carriers associated with the subcontract are licensed to do business in New York State. The State of New York and the Department of Environmental Conservation are named as additional insureds on endorsements to the policies. Insurance limits meet prime contract requirements. (Note that licensed insurance can be determined at: <http://www.ins.state.ny.us> and Best's Rating can be determined at <http://www.ambest.com>). Pollution liability insurance (for example, drilling subcontractors) and professional liability insurance (for example, subcontracts for professional services and laboratories) is included as appropriate.
9. In addition to the appropriate insurance certificates, the contractor submitted a copy of the insurance policy provisions pertaining to notification of cancellation (including expiration, termination, or suspension) of such policy.
10. Documentation supporting this certification, including the executed subcontract, is maintained by the Contractor and will be provided within 10 days of any request.

Todd,  
I have finally gotten back to this project. Can you please send current pricing for the rental of the equipment discussed below?  
Thanks,  
Tom

**Subject:** RE: Groundwater Monitoring Equipment Rental Pricing

The vented cables need to be exposed to the atmosphere. If you want to use non-vented sensors we have those available as well.

Best,  
Todd

**Subject:** RE: Groundwater Monitoring Equipment Rental Pricing

Todd,

Sorry I haven't followed up, but I got busy on some other projects. I just have a quick question: Can the cables be sealed up in the well (they are flush mount wells) or do I need them exposed to the atmosphere to allow barometric pressure compensation?

Thanks,  
Tom

**Subject:** re: Groundwater Monitoring Equipment Rental Pricing

Hello Tom,  
Dan asked me to put some rental pricing together for a project that you have coming up. The pricing below represents the 1-month cost for (3) vented Level Trolls on 50' cables.  
Level Troll 700 15PISG (3) + 50' vented Cables= \$1,296/Month.

Please let me know when you are ready to place your order.

Best,  
Todd
