Dear Mr. Locey:

As a Respondent to the Order on Consent and Settlement Agreement (Index No. B9-0381-91-8) entered with the New York State Department of Environmental Conservation (NYSDEC), CBS Corporation (CBS) submits this monthly status report for activities undertaken by CBS in October 2013 at NYSDEC Site No. 9-15-066 in Cheektowaga, New York (the "Site").

1. Site Activities and Status

- A. On October 11, 2013, CBS submitted to NYSDEC a monthly report on the status of its activities at the Site in September 2013.

2. Sampling Results and Other Site Data

- A. CBS developed no sampling or Site data during the October 2013 reporting period.

3. Upcoming Activities

- A. None currently planned.

4. Operational Problems

- A. CBS and the Niagara Frontier Transportation Authority (NFTA) continue to exchange technical information and other comments and positions with regard

to closure of the groundwater collection and treatment system and in consideration of NYSDEC comments. CBS is holding off submitting a revised *Work Plan, Closure of Groundwater Collection and Treatment System* until that exchange has been completed.

- B. Problems associated with the operation and maintenance of the Site groundwater collection and treatment system have been addressed in previously submitted monthly status reports.
