

APPENDIX H

HEALTH AND SAFETY PLAN

A Health and Safety Plan (HASP) does not exist for this site. Prior to any intrusive work at the site, a HASP, along with the associated Community Air Monitoring Plan (CAMP) in Appendix E, will need to be prepared by a qualified environmental professional as defined in 6 NYCRR part 375. This HASP will be prepared in accordance with the most recently adopted and applicable general industry (29 CFR 1910) and construction (29 CFR 1926) standards of OSHA, the U.S. Department of Labor, as well as any other Federal, State or local applicable statutes or regulations. The CAMP must include the appropriate requirements identified by the NYSDOH. Both documents shall be prepared in accordance with NYSDEC's DER-10. At a minimum, the HASP will include a description of the health and safety procedures associated with the intrusive activities. A copy of the HASP will be available at the site during the conduct of all activities to which it is applicable.
