DEC REMARKS:

6/24/08:SAC TELECON INGRID WEGAND - US ARMY RESERVE. MS. WEGAND SAID THEY HAVE BEEN INVESTIGATING A WHITE MILKY DISCHARGE FROM THEIR NUMBER 5 OUTFALL WHICH THEY SUSPECTED TO BE A PAINT. THEY PUT A CAMERA UP THE PIPE UNTIL THEY RAN INTO THE PIPE INVERT. WHEN THEY EXCAVATED AROUND THE INVERT THEY OBSERVED A REDDISH-BROWN PRODUCT BUBBLE UP IN THE TRENCH WHICH ONE OF THE WORKERS BELIEVED WAS PCB OIL. LESS THAN 4 FLUID OUNCES OF PRODUCT COLLECTED. THEY TOOK A SAMPLE TO HAVE IT ANALYZED. THEY INSTALLED A BALL VALVE IN THE LINE TO PREVENT ANY POTENTIAL DISCHARGE OF THE PRODUCT. SHE IS UNSURE WHETHER EXCAVATION HAS BEEN BACKFILLED. CHRISTINE ALBA FROM HER DEPT IS ON-SITE. WILL ARRANGE MEETING/INSPECTION ON-SITE TOMORROW.

6/24/08:SAC TELECON CHRISTINE ALBA. MS. ALBA SAID THAT EXCAVATION HAS BEEN BACKFILLED DUE TO SAFETY CONCERNS. WILL MEET TO TOMORROW ON-SITE.
