Re: Brownfield Cleanup Program Remedial Investigation
Bethpage Community Park Ice Rink Area
NYSDEC Site No.: C130212
Progress Report – May 2017

Dear Mr. Scharf:

On behalf of the Town of Oyster Bay (Town), H2M architects + engineers (H2M) is pleased to provide herein a progress report on the remedial investigation activity at the Bethpage Community Park Ice Rink Area pursuant to Appendix A, Section XI of the New York State Brownfield Site Cleanup Agreement (Index # C130212-01-12).

Tasks Initiated or Completed

- The AAR and information compiled by the Town, Northrop Grumman Systems, the United States Navy, and their consultants are under review by the Town.
- In a letter dated May 1, 2017, the Town sent a request to Mr. Steven Scharf at the New York State Department of Environmental Conservation (NYSDEC) for additional time to evaluate the current status of the ongoing remedial efforts at Bethpage Community Park and requested an extension of time to finalize the AAR.
- In an email dated May 10, 2017, the NYSDEC approved the Town's request. The NYSDEC will contact the Town at a later date to schedule a meeting with the Town to discuss the Town Brownfield project prior to submitting a revised Alternatives Analysis Report (AAR).

Tasks to be Initiated or Completed during the Next Reporting Period

- After receiving a response from the New York State Department of Environmental Conservation (NYSDEC) Environmental Information Management System (EIMS) Manager regarding the TICs not included in the current NYSDEC Valid Values list, the finalized soil vapor EDD will be checked with the EQiS Electronic Data Processor (EDP). After the EDD pass through the EQiS EDP with no errors, the revised RI EDD containing soil vapor data will be submitted to the NYSDEC EIMS Administrator.
- Following finalization of the AAR, the updated version of the AAR will be submitted to the NYSDEC for review and approval.

If you should you have any questions or concerns, please contact me at (631) 756-8000 extension 1623.

Very truly yours,
H2M architects + engineers

Philip J. Schade, P.E.
Vice President
