

450 UNION STREET NAPL GAUGING AND RECOVERY MONTHLY REPORT APRIL 2024

BCP Site No. C224219

This report serves to document Dense Non-Aqueous Phase Liquid (DNAPL) gauging and recovery performed by GZA GeoEnvironmental, Inc. (GZA), on behalf of National Grid, at the 450 Union Street property in Brooklyn, New York (Site). Consistent with the October 2020 Remedial Action Work Plan (RAWP) prepared by Langan on behalf of 450 Union LLC and 450 Union Developer LLC, DNAPL gauging, and recovery was performed at two wells (RW-01 and RW-02) which are located on the eastern portion of the Site.

Summary of Field Activities:

• On April 25, 2024, GZA performed DNAPL gauging and recovery at RW-01 and RW-02. The table below provides a summary of this event, and the attached **Table 1** summarizes gauging and recovery data collected by GZA to date.

| | | Post Reco | overy | | | | |
|---------|---------|---------------------------|-----------------------|----------------------------|----------------------------------|-----------------------|----------------------------|
| Well ID | Date | Depth to Water (ft) | Depth to NAPL (ft) | DNAPL Thickness (ft) | DNAPL Volume Removed (gal) | Depth to NAPL (ft) | DNAPL Thickness (ft) |
| RW-01 | 4/25/24 | 9.98 | 39.20 | 9.70 | 20 | Trace | Trace |
| RW-02 | 4/25/24 | 10.20 | 54.70 | 3.65 | 35 | Trace | Trace |

- The area around each well was covered with polyethylene sheeting prior to performance of gauging and recovery activities.
- Approximately 55 gallons of DNAPL/water mixture were recovered from RW-01 and RW-02 during the April 25, 2024, recovery event with a submersible pump and the Pulse Pump [®] Model LP1301.
- The recovered DNAPL/water and polyethylene sheeting/PPE were containerized in 55-gallon drums. Prior to leaving the Site, these drums were transported off-Site for disposal by Miller Environmental Group at the Waterworks, facility in Newburgh, New York (PPE) and Tradabe facility in East Chicago, Indiana (DNAPL). A copy of the disposal manifests are attached.

Attachments: Table 1: Summary of NAPL Gauging and Recovery Activities

Attachment A: Disposal Manifests

Certification

I, James J. Clark, certify that I am currently a Qualified Environmental Professional as defined in 6 NYCRR Part 375 and that this field report was prepared in accordance with all applicable statutes and regulations and in substantial conformance with the DER Technical Guidance for Site Investigation and Remediation (DER-10).

James J. Clark, P.E., LEP Qualified Environmental Professional <u>5/30/2024</u> Date
