Re: September 2026 Monthly Summary Report
Former El Puente Site
98, 100, and 104 South 4th Street, Brooklyn, NY
Site ID No. C224260

Dear Ms. Zheng:

This letter serves to provide you with a summary of the activities completed during the month of September 2026, at the Brownfield Cleanup Program (BCP) project located at 98, 100, and 104 South 4th Street, Brooklyn, New York (Site) on behalf of 100 S 4th St LLC.

NYSDEC approved the Remedial Investigation Work Plan (RIWP) on January 19, 2021. NYSDEC approved an Interim Remedial Measures Work Plan (IRMWP) in March 2022. The IRM was completed, and SSDS operational as of November 18th, 2022. The following activities were completed in September 2026:

- No field activities were conducted during the month of September. Activities during this period consisted of office work, including report preparation and reviewing.
- Comments provided by the NYSDEC and NYSDOH on August 17, 2026, regarding the SVI Report submitted on July 23, 2026, were addressed and the report was re-submitted to the NYSDEC on September 22, 2026.
- IEEG is currently preparing the Remedial Investigation Report (RIR).

Anticipated Activities for October 2026:

- IEEG will complete its review of the RIR and submit the finalized report to the NYSDEC upon completion of the review, with the report anticipated to be submitted by October 15, 2026.

If you have questions or comments regarding this matter, please feel free to contact me on (631) 269-8800.

Sincerely,

IMPACT ENVIRONMENTAL ENGINEERING AND GEOLOGY, PLLC.
