**1. Introduction**

In accordance with the reporting requirements of the 7 March 2022 Brownfield Site Cleanup Agreement (BCA) for the 101 Fleet Place Redevelopment Site, located at 101 Fleet Place in Brooklyn, NY (Site), Haley & Aldrich of New York (Haley & Aldrich), has prepared this monthly progress report, on behalf of 101 Fleet Place LLC, 101 Fleet Realty LLC, 101 Fleet Holding LLC (the Volunteers), to summarize the work performed at the Site from 1 October 2022 through 1 November 2022.

The Site, identified as Block 2061, Lot 100 on the New York City tax map, is about 20,000-square feet and is bound to the north by a mixed-use residential and commercial development followed by Myrtle Avenue, to the east by a parking lot and residential development, to the south by parking and a residential development followed by Willoughby Street, and to the west by Fleet Place. The Site is an irregular-shaped lot and is improved with a one-story building with an open courtyard in the southern region. The Site is currently vacant and was most recently occupied by the Duffield Children Center which operated as a 3K through Pre-K children's center (operations ceased early November 2021). Building demolition began in late March 2022. The Site location is shown on Figure 1.

The Volunteers propose construction of a new 21-story building with a full cellar level. The building will be used for mixed residential and commercial uses, including 421-a affordable housing. The proposed gross square footage of the new development is 304,860.53 square feet. The cellar is anticipated to encompass the approximately 20,000-square-foot Site footprint and extend to a depth of about 12-14 feet below grade surface (feet bgs).
