# DAILY SITE MAP

- ### Legend
- Excavation Completed Today
  - Excavation Previously Completed
  - Soil Stockpile
  - Area Covered with Filter Fabric
  - Dewatering Settling Tank
  - 12074 Flatlands Avenue Site Boundary
  - 12096 Flatlands Avenue Site Boundary
  - Logistical Zone
  - Disposal Grid
  - Hotspot for Disposal
  - Remedial Hotspot
  - Colocated Remedial Hotspot and Hotspot for Disposal
  - W Work Zone Air Monitoring Station
  - D Downwind Perimeter Air Monitoring Station
  - U Upwind Perimeter Air Monitoring Station
  - Work Area
  - Clean stone
  - Delineation Borings Completed Today
  - FODS Trackout

**Notes:**

1. Basemap from the "Support of Excavation Plan (Option B)" drawing prepared by Langan dated 4/4/2024.
2. Waste characterization grids are shown as presented in the Draft Disposal Map prepared by Clean Earth.
3. ST-3 contains non-hazardous material excavated from the northern portion of the Site for the construction of the truck wash and is located outside of the logistical zone.
4. ST-9 is being utilized as the construction ramp and contains non-hazardous material excavated from disposal grids WC-20, WC-21, WC-26, and WC-27.

Approximate and Not to Scale
