Haley & Aldrich of New York (Haley & Aldrich) was present to document implementation of the NYSDEC-Approved Remedial Investigation Work Plan (RIWP) dated March 2023. Site observations are summarized below.

Daily Observations:

- NYSDEC representative Harry August met with Haley & Aldrich personnel at the site.
- A total of seven DOT-approved drums of investigation derived waste were generated to date and remain secured and labeled on-site pending future off-site disposal including three containing purge water from well development and five containing soil cuttings.

Samples Collected:

- Three (3) soil vapor samples were collected from SV-1, SV-3, and SV-6 in accordance with the RIWP.
- All samples were submitted via courier to Alpha Analytical Laboratories, Inc. in Westborough, MA for analyses in accordance with the RIWP.

CAMP Activities:

- None

Activities Planned for Coming Week:

- Haley & Aldrich will continue implementing the Remedial Investigation including groundwater sampling.
