

Brownfield Cleanup Program Application

Steps at Saratoga Family Building
2030 Fulton Street
Block 1549, Lot 28
Brooklyn, New York

February 16, 2026

Prepared for:

Steps Family LLC
c/o Riseboro Community Partnership
217 Wyckoff Avenue
Brooklyn, New York 11237

Prepared by:

**Roux Environmental Engineering
and Geology, D.P.C.**
209 Shafter Street
Islandia, New York 11749

**Brownfield Cleanup Program (BCP) Application
Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York**

TABLE OF CONTENTS

1. BCP Application
2. Figures
 1. Site Location Map
 2. Site Plan
 3. Tax Map
 4. Existing Conditions
 5. Surrounding Land Use
 6. Adjacent Land Owners
 7. NYS En-Zone Boundaries
 8. Disadvantaged Communities
 9. Environmental Justice Areas
 10. Summary of Exceedances in Soil
 11. Summary of Soil Vapor Detections
3. Appendices
 - A. Property Survey and Description
 - B. Property Description and Environmental Assessment
 - C. Phase I ESA and Phase II ESA
 - D. Project Description
 - E. Ecological Concerns
 - F. Land Use Factors
 - G. Current Property Owners and Operators
 - H. Property's Environmental History
 - I. Requestor Information
 - J. Fee Waiver Request
 - K. Requestor Eligibility
 - L. Site Contact List

SUBMITTAL INSTRUCTIONS:

- 1. Compile the application package in the following manner:
a. one file in non-fillable PDF which includes a Table of Contents, the application form, and supplemental information...
2. *OPTIONAL: Compress all files (PDFs) into one zipped/compressed folder
3. Submit the application to the Site Control Section either via NYSDEC dropbox or ground mail, as described below.

Please select only ONE submittal method – do NOT submit both via dropbox and ground mail.

a. VIA SITE CONTROL DROPBOX:

- Request an invitation to upload files to the Site Control submittal dropbox.
In the "Title" field, please include the following: "New BCP Application - Proposed Site Name".
After uploading files, an automated email will be sent to the submitter's email address with a link to verify the status of the submission.
Application packages submitted through third-party file transfer services will not be accepted.

a. VIA GROUND MAIL:

- Save the application file(s) and cover letter to an external storage device (e.g., thumb drive, flash drive). Do NOT include paper copies of the application or attachments.
Mail the external storage device to the following address:
Chief, Site Control Section
Division of Environmental Remediation
625 Broadway, 12th Floor
Albany, NY 12233-7015

Form with fields for SITE NAME: Steps at Saratoga Family Building, and two questions about BCA amendments and revised submissions with radio button options for Yes/No.

BROWNFIELD CLEANUP PROGRAM (BCP) APPLICATION FORM

BCP App Rev 17 – October 2025

SECTION I: Property Information						
PROPOSED SITE NAME Steps at Saratoga Family Building						
ADDRESS/LOCATION 2030 Fulton Street						
CITY/TOWN Brooklyn				ZIP CODE 11233		
MUNICIPALITY (LIST ALL IF MORE THAN ONE) New York City						
COUNTY Kings				SITE SIZE (ACRES) 0.587		
LATITUDE			LONGITUDE			
40	°	40	'	41.86	"	
73	°	55	'	00.99	"	
Provide tax map information for all tax parcels included within the proposed site boundary below. If a portion of any lot is to be included, please indicate as such by inserting "p/o" in front of the lot number in the appropriate box below, and only include the acreage for that portion of the tax parcel in the corresponding acreage column. ATTACH REQUIRED TAX MAPS PER THE APPLICATION INSTRUCTIONS.						
Parcel Address		Section	Block	Lot	Acreage	
2030 Fulton Street		3	1549	28	0.587	
1. Do the proposed site boundaries correspond to tax map metes and bounds? If no, please attach an accurate map of the proposed site including a metes and bounds description.					Y	N
2. Is the required property map, provided in electronic format, included with the application? (Application will not be processed without a map) Appendix A					<input checked="" type="radio"/>	<input type="radio"/>
3. Is the property within a designated Environmental Zone (En-zone) pursuant to Tax Law 21(b)(6)? (See DEC's website for more information) Figure 7 If yes, identify census tract: <u>301</u> Percentage of property in En-zone (check one): <input type="radio"/> 0% <input type="radio"/> 1-49% <input type="radio"/> 50-99% <input checked="" type="radio"/> 100%					<input checked="" type="radio"/>	<input type="radio"/>
4. Is the project located within a disadvantaged community? See application instructions for additional information. Figure 8					<input checked="" type="radio"/>	<input type="radio"/>
5. Is the project located within a NYS Department of State (NYS DOS) Brownfield Opportunity Area (BOA)? See application instructions for additional information.					<input type="radio"/>	<input checked="" type="radio"/>
6. Is this application one of multiple applications for a large development project, where the development spans more than 25 acres (see additional criteria in application instructions)? If yes, identify names of properties and site numbers, if available, in related BCP applications: _____					<input type="radio"/>	<input checked="" type="radio"/>

SECTION I: Property Information (continued)	Y	N						
7. Is the contamination from groundwater or soil vapor solely emanating from property other than the site subject to the present application?	<input type="radio"/>	<input checked="" type="radio"/>						
8. Has the property previously been remediated pursuant to Titles 9, 13 or 14 of ECL Article 27, Title 5 of ECL Article 56, or Article 12 of Navigation Law? If yes, attach relevant supporting documentation.	<input type="radio"/>	<input checked="" type="radio"/>						
9. Are there any lands under water? If yes, these lands should be clearly delineated on the site map.	<input type="radio"/>	<input checked="" type="radio"/>						
10. Has the property been the subject of or included in a previous BCP application? If yes, please provide the DEC site number:	<input type="radio"/>	<input checked="" type="radio"/>						
11. Is the site currently listed on the Registry of Inactive Hazardous Waste Disposal Sites (Class 2, 3, or 4) or identified as a Potential Site (Class P)? If yes, please provide the DEC site number: _____ Class: _____	<input type="radio"/>	<input checked="" type="radio"/>						
12. Are there any easements or existing rights-of-way that would preclude remediation in these areas? If yes, identify each here and attach appropriate information. <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 50%;"><u>Easement/Right-of-Way Holder</u></td> <td style="width: 50%;"><u>Description</u></td> </tr> <tr> <td> </td> <td> </td> </tr> </table>	<u>Easement/Right-of-Way Holder</u>	<u>Description</u>			<input type="radio"/>	<input checked="" type="radio"/>		
<u>Easement/Right-of-Way Holder</u>	<u>Description</u>							
13. List of permits issued by the DEC or USEPA relating to the proposed site (describe below or attach appropriate information): <table border="0" style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 30%;"><u>Type</u></td> <td style="width: 30%;"><u>Issuing Agency</u></td> <td style="width: 40%;"><u>Description</u></td> </tr> <tr> <td> </td> <td> </td> <td> </td> </tr> </table>	<u>Type</u>	<u>Issuing Agency</u>	<u>Description</u>				<input type="radio"/>	<input checked="" type="radio"/>
<u>Type</u>	<u>Issuing Agency</u>	<u>Description</u>						
14. Property Description and Environmental Assessment – please refer to the application instructions for the proper format of each narrative requested. Are the Property Description and Environmental Assessment narratives included in the prescribed format? Appendix B	<input checked="" type="radio"/>	<input type="radio"/>						
Note: Questions 15 through 17 below pertain ONLY to proposed sites located within the five counties comprising New York City.								
15. Is the Requestor seeking a determination that the site is eligible for tangible property tax credits? If yes, Requestor must answer the Supplemental Questions for Sites Seeking Tangible Property Credits Located in New York City ONLY on pages 11-13 of this form.	Y	N						
	<input checked="" type="radio"/>	<input type="radio"/>						
16. Is the Requestor now, or will the Requestor in the future, seek a determination that the property is Upside Down?	<input type="radio"/>	<input checked="" type="radio"/>						
17. If you have answered YES to Question 16 above, is an independent appraisal of the value of the property, as of the date of application, prepared under the hypothetical condition that the property is not contaminated, included with the application?	<input type="radio"/>	<input checked="" type="radio"/>						
NOTE: If a tangible property tax credit determination is not being requested at the time of application, the applicant may seek this determination at any time before issuance of a Certificate of Completion by using the BCP Amendment Application, except for sites seeking eligibility under the underutilized category.								
If any changes to Section I are required prior to application approval, a new page, initialed by each Requestor, must be submitted with the application revisions.								
Initials of each Requestor: _____								

SECTION II: Project Description

1. The project will be starting at: Investigation Remediation

If the project is proposed to start at the remediation stage, at a minimum, a Remedial Investigation Report (RIR) must be included, resulting in a 30-day public comment period. If an Alternatives Analysis and Remedial Action Work Plan (RAWP) are also included (see [DER-10, Technical Guidance for Site Investigation and Remediation](#) for further guidance), then a 45-day public comment period is required.

2. If a final RIR is included, does it meet the requirements in ECL Article 27-1415(2)?
 Yes No N/A

3. Have any draft work plans been submitted with the application (select all that apply)?
 RIWP RAWP IRM No

4a. Please provide a short description of the overall project development, including a complete project schedule with all key BCP program milestones through issuance of the Certificate of Completion. Include DEC/DOH review times in the schedule (best efforts to review documents within 45 days pursuant to 6 NYCRR Part 375-3.6(b)).
 Is this information attached? Appendix D Yes No

4b. Please include in the project schedule the dates of any outside public or private funding source deadlines with the associated BCP milestones, e.g., NYC HPD or NYS HCR funding deadlines, or private funding interim milestones from loan documents, that depend on a particular BCP milestone such as a work plan or report approval, decision document issuance, etc. Appendix D
 Is this information clearly identified in the BCP project schedule? Yes No N/A

Beginning January 1, 2024, all work plans and reports submitted for the BCP shall address Green and Sustainable Remediation (GSR) and DER-31 (see [DER-31, Green Remediation](#)). Work plans, reports and design documents will need to be certified in accordance with DER-31.

5. Please provide a description of how Green and Sustainable Remediation will be evaluated and incorporated throughout the remedial phases of the project including Remedial Investigation, Remedial Design/Remedial Action, and Site Management and reporting efforts.
 Is this information attached? Yes No Appendix D

6. If the project is proposed to start at the remediation stage (Section 2, Item 1, above), a climate change screening or vulnerability assessment must have been completed. Is this attached?
 Yes No Not applicable

SECTION III: Ecological Concerns Appendix E

	Y	N
1. Are there fish, wildlife, or ecological resources within a ½-mile radius of the site?	<input type="radio"/>	<input checked="" type="radio"/>
2. Is there a potential path for contamination to potentially impact fish, wildlife or ecological resources?	<input type="radio"/>	<input checked="" type="radio"/>
3. Is/are there a/any Contaminant(s) of Ecological Concern?	<input type="radio"/>	<input checked="" type="radio"/>

If any of the conditions above exist, a Fish and Wildlife Resources Impact Analysis (FWRIA) Part I, as outlined in DER-10 Section 3.10.1, is required. The applicant may submit the FWRIA with the application or as part of the Remedial Investigation Report.

4. Is a Fish and Wildlife Resources Impact Analysis Part I included with this application?
 N/A

SECTION IV: Land Use Factors		Appendix F	
1. What is the property's current municipal zoning designation? <u>R7D/C2-4</u>			
2. What uses are allowed by the property's current zoning (select all that apply)?			
Residential <input checked="" type="checkbox"/> Commercial <input checked="" type="checkbox"/> Industrial <input type="checkbox"/>			
3. Current use (select all that apply):			
Residential <input type="checkbox"/> Commercial <input type="checkbox"/> Industrial <input type="checkbox"/> Recreational <input type="checkbox"/> Vacant <input checked="" type="checkbox"/>			
4. Please provide a summary of current business operations or uses, with an emphasis on identifying possible contaminant source areas. If operations or uses have ceased, provide the date by which the site became vacant. Is this summary included with the application?		Y	N
		<input checked="" type="radio"/>	<input type="radio"/>
5. Reasonably anticipated post-remediation use (check all that apply):			
Residential <input checked="" type="checkbox"/> Commercial <input checked="" type="checkbox"/> Industrial <input type="checkbox"/>			
If residential, does it qualify as single-family housing?		N/A	
		<input type="radio"/>	<input checked="" type="radio"/>
6. Please provide a statement detailing the specific proposed post-remediation use. Is this summary attached?			
		<input checked="" type="radio"/>	<input type="radio"/>
7. Is the proposed post-remediation use a renewable energy facility? See application instructions for additional information.			
		<input type="radio"/>	<input checked="" type="radio"/>
8. Do current and/or recent development patterns support the proposed use?			
		<input checked="" type="radio"/>	<input type="radio"/>
9. Is the proposed use consistent with applicable zoning laws/maps? Please provide a brief explanation. Include additional documentation if necessary.			
		<input checked="" type="radio"/>	<input type="radio"/>
10. Is the proposed use consistent with applicable comprehensive community master plans, local waterfront revitalization plans, or other adopted land use plans? Please provide a brief explanation. Include additional documentation if necessary.			
		<input checked="" type="radio"/>	<input type="radio"/>

SECTION V: Current and Historical Property Owner and Operator Information			Appendix G
CURRENT OWNER: CITY OF NEW YORK			
CONTACT NAME: Sophia Matheney			
ADDRESS 100 CHURCH STREET			
CITY NEW YORK		STATE NY	ZIP CODE 10007
PHONE (212) 863-5666		EMAIL mathenes@hpd.nyc.gov	
OWNERSHIP START DATE JUNE 22, 1995			
CURRENT OPERATOR: DEPT OF HOUSING PRESERVATION & DEVELOPMENT			
CONTACT NAME Sophia Matheney			
ADDRESS 100 GOLD STREET			
CITY NEW YORK		STATE NY	ZIP CODE 10038
PHONE (212) 863-5666		EMAIL mathenes@hpd.nyc.gov	
OPERATION START DATE JUNE 22, 1995			

SECTION VI: Property's Environmental History

Appendices
C and H

All applications **must include** an Investigation Report (per ~~§ 27-07(1)~~ 27-07(1)). The report must be sufficient to establish that contamination of environmental media exists on the site above applicable Standards, Criteria and Guidance (SCGs) based on the reasonably anticipated use of the site property and that the site requires remediation. To the extent that existing information/studies/reports are available to the requestor, please attach the following (**please submit information requested in this section in electronic format ONLY**):

- 1. Reports:** an example of an Investigation Report is a Phase II Environmental Site Assessment report prepared in accordance with the latest American Society for Testing and Materials standard ([ASTM E1903](#)). **Please submit a separate electronic copy of each report in Portable Document Format (PDF). Please do NOT submit paper copies of ANY supporting documents.**
- 2. SAMPLING DATA:** Indicate (by selecting the options below) known contaminants and the media which are known to have been affected. Data summary tables should be included as an attachment, with laboratory reports referenced and included.

CONTAMINANT CATEGORY	SOIL	GROUNDWATER	SOIL GAS
Petroleum	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Chlorinated Solvents	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Other VOCs	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
SVOCs	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Metals	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Pesticides	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PCBs	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
PFAS	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
1,4-dioxane	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other – indicated below	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

*Please describe other known contaminants and the media affected: n/a

- For each impacted medium above, include a site drawing indicating:
 - Sample location
 - Date of sampling event
 - Key contaminants and concentration detected
 - For soil, highlight exceedances of reasonably anticipated use
 - For groundwater, highlight exceedances of 6 NYCRR part 703.5
 - For soil gas/soil vapor/indoor air, refer to the NYS Department of Health matrix and highlight exceedances that require mitigation

These drawings are to be representative of all data being relied upon to determine if the site requires remediation under the BCP. Drawings should be no larger than 11"x17" and should only be provided electronically. These drawings should be prepared in accordance with any guidance provided.

Are the required drawings included with this application? YES NO

- Indicate Past Land Uses (check all that apply):

<input type="checkbox"/> Coal Gas Manufacturing	<input checked="" type="checkbox"/> Manufacturing	<input type="checkbox"/> Agricultural Co-Op	<input type="checkbox"/> Dry Cleaner
<input type="checkbox"/> Salvage Yard	<input type="checkbox"/> Bulk Plant	<input type="checkbox"/> Pipeline	<input type="checkbox"/> Service Station
<input type="checkbox"/> Landfill	<input type="checkbox"/> Tannery	<input type="checkbox"/> Electroplating	<input type="checkbox"/> Unknown

Other: Commercial and manufacturing operations including a machine shop, noodle manufacturing and packing facility, upholstery facility, blind manufacturer, tin smith, sheet metal and roofing company

SECTION VII: Requestor Information		Appendix I					
NAME Steps Family LLC							
ADDRESS 217 Wyckoff Avenue							
CITY/TOWN Brooklyn		STATE NY	ZIP CODE 11237				
PHONE (718) 366-3800 ext 1509	EMAIL spetryczka@riseboro.org						
1. Is the requestor authorized to conduct business in New York State (NYS)?			<table border="1"> <thead> <tr> <th>Y</th> <th>N</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="radio"/></td> <td><input type="radio"/></td> </tr> </tbody> </table>	Y	N	<input checked="" type="radio"/>	<input type="radio"/>
Y	N						
<input checked="" type="radio"/>	<input type="radio"/>						
2. If the requestor is a Corporation, LLC, LLP or other entity requiring authorization from the NYS DOS to conduct business in NYS, the requestor's name must appear, exactly as given above, in the NYS Department of State's Corporation & Business Entity Database . A print-out of entity information from the database must be submitted with this application to document that the requestor is authorized to conduct business in NYS. Is this attached?			<table border="1"> <thead> <tr> <th>Y</th> <th>N</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="radio"/></td> <td><input type="radio"/></td> </tr> </tbody> </table>	Y	N	<input checked="" type="radio"/>	<input type="radio"/>
Y	N						
<input checked="" type="radio"/>	<input type="radio"/>						
3. If the requestor is an LLC, a list of the names of the members/owners is required on a separate attachment. Is this attached? N/A <input type="radio"/>			<table border="1"> <thead> <tr> <th>Y</th> <th>N</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="radio"/></td> <td><input type="radio"/></td> </tr> </tbody> </table>	Y	N	<input checked="" type="radio"/>	<input type="radio"/>
Y	N						
<input checked="" type="radio"/>	<input type="radio"/>						
4. Individuals that will be certifying BCP documents, as well as their employers, must meet the requirements of Section 1.5 of DER-10: Technical Guidance for Site Investigation and Remediation and Article 145 of New York State Education Law. Do all individuals that will be certifying documents meet these requirements? Documents that are not properly certified will not be approved under the BCP.			<table border="1"> <thead> <tr> <th>Y</th> <th>N</th> </tr> </thead> <tbody> <tr> <td><input checked="" type="radio"/></td> <td><input type="radio"/></td> </tr> </tbody> </table>	Y	N	<input checked="" type="radio"/>	<input type="radio"/>
Y	N						
<input checked="" type="radio"/>	<input type="radio"/>						

SECTION VIII: Requestor Contact Information		
REQUESTOR'S REPRESENTATIVE Stephan Petryczka		
ADDRESS 217 Wyckoff Avenue		
CITY Brooklyn		STATE NY
ZIP CODE 11237		
PHONE (718) 366-3800 ext 1509	EMAIL spetryczka@riseboro.org	
REQUESTOR'S CONSULTANT (CONTACT NAME) Jessica Taylor		
COMPANY Roux Environmental Engineering and Geology, D.P.C.		
ADDRESS 209 Shafter Street		
CITY Islandia		STATE NY
ZIP CODE 11749		
PHONE (631) 232-2600	EMAIL jtaylor@rouxinc.com	
REQUESTOR'S ATTORNEY (CONTACT NAME) George Duke		
COMPANY Fox Rothschild LLP		
ADDRESS 101 Park Avenue, 17th floor		
CITY NEW YORK		STATE NY
ZIP CODE 10178		
PHONE (212) 450-9847	EMAIL gduke@foxrothschild.com	

SECTION IX: Program Fee		Appendix J	
Upon submission of an executed Brownfield Cleanup Agreement to the Department, the requestor is required to pay a non-refundable program fee of \$50,000. Requestors may apply for a fee waiver with supporting documentation.			
		Y	N
1. Is the requestor applying for a fee waiver?		<input checked="" type="radio"/>	<input type="radio"/>
2. If yes, appropriate documentation must be provided with the application. See application instructions for additional information.			
Is the appropriate documentation included with this application?	N/A <input type="radio"/>	<input checked="" type="radio"/>	<input type="radio"/>

SECTION X: Requestor Eligibility		Appendix K	
If answering "yes" to any of the following questions, please provide appropriate explanation and/or documentation as an attachment.			
		Y	N
1. Are any enforcement actions pending against the requestor regarding this site?		<input type="radio"/>	<input checked="" type="radio"/>
2. Is the requestor subject to an existing order for the investigation, removal or remediation of contamination at the site?		<input type="radio"/>	<input checked="" type="radio"/>
3. Is the requestor subject to an outstanding claim by the Spill Fund for this site? Any questions regarding whether a party is subject to a spill claim should be discussed with the Spill Fund Administrator.		<input type="radio"/>	<input checked="" type="radio"/>
4. Has the requestor been determined in an administrative, civil or criminal proceeding to be in violation of (i) any provision of the ECL Article 27; (ii) any order or determination; (iii) any regulation implementing Title 14; or (iv) any similar statute or regulation of the State or Federal government?		<input type="radio"/>	<input checked="" type="radio"/>
5. Has the requestor previously been denied entry to the BCP? If so, please provide the site name, address, assigned DEC site number, the reason for denial, and any other relevant information regarding the denied application.		<input type="radio"/>	<input checked="" type="radio"/>
6. Has the requestor been found in a civil proceeding to have committed a negligent or intentionally tortious act involving the handling, storing, treating, disposing or transporting of contaminants?		<input type="radio"/>	<input checked="" type="radio"/>
7. Has the requestor been convicted of a criminal offence (i) involving the handling, storing, treating, disposing or transporting of contaminants; or (ii) that involved a violent felony, fraud, bribery, perjury, theft or offense against public administration (as that term is used in Article 195 of the Penal Law) under Federal law or the laws of any state?		<input type="radio"/>	<input checked="" type="radio"/>
8. Has the requestor knowingly falsified statements or concealed material facts in any matter within the jurisdiction of DEC, or submitted a false statement or made use of a false statement in connection with any document or application submitted to DEC?		<input type="radio"/>	<input checked="" type="radio"/>
9. Is the requestor an individual or entity of the type set forth in ECL 27-1407.9(f) that committed an act or failed to act, and such act or failure to act could be the basis for denial of a BCP application?		<input type="radio"/>	<input checked="" type="radio"/>
10. Was the requestor's participation in any remedial program under DEC's oversight terminated by DEC or by a court for failure to substantially comply with an agreement or order?		<input type="radio"/>	<input checked="" type="radio"/>
11. Are there any unregistered bulk storage tanks on-site which require registration?		<input type="radio"/>	<input checked="" type="radio"/>

12. The requestor must certify that he/she/they is/are either a participant or volunteer in accordance with ECL 27-1405(1) by checking one of the boxes below:

PARTICIPANT

A requestor who either (1) was the owner of the site at the time of the disposal of hazardous waste or discharge of petroleum, or (2) is otherwise a person responsible for the contamination, unless the liability arises solely as a result of ownership, operation of, or involvement with the site subsequent to the disposal of hazardous waste or discharge of petroleum.

VOLUNTEER

A requestor other than a participant, including a requestor whose liability arises solely as a result of ownership, operation of or involvement with the site subsequent to the disposal of hazardous waste or discharge of petroleum.

NOTE: By selecting this option, a requestor whose liability arises solely as a result of ownership, operation of or involvement with the site certifies that he/she has exercised appropriate care with respect to the hazardous waste found at the facility by taking reasonable steps to: (i) stop any continuing discharge; (ii) prevent any threatened future release; and, (iii) prevent or limit human, environmental or natural resource exposure to any previously released hazardous waste.

If a requestor whose liability arises solely as a result of ownership, operation of, or involvement with the site, submit a statement describing why you should be considered a volunteer – be specific as to the appropriate care taken.

13. If the requestor is a volunteer, is a statement describing why the requestor should be considered a volunteer attached?

 Yes No N/A

14. Requestor relationship to the property (check one; if multiple applicants, check all that apply):

Previous Owner Current Owner Potential/Future Purchaser Other: _____

If the requestor is not the current owner, **proof of site access sufficient to complete remediation must be provided.** Proof must show that the requestor will have access to the property before signing the BCA and throughout the BCP project, including the ability to place an environmental easement on the site.

Is this proof attached?

 Yes No N/A

Note: A purchase contract or lease agreement does not suffice as proof of site access.

SECTION XI: Property Eligibility Information		
	Y	N
1. Is/was the property, or any portion of the property, listed on the National Priorities List? If yes, please provide additional information.	<input type="radio"/>	<input checked="" type="radio"/>
2. Is/was the property, or any portion of the property, listed on the NYS Registry of Inactive Hazardous Waste Disposal Site pursuant to ECL 27-1305? If yes, please provide the DEC site number: _____ Class: _____	<input type="radio"/>	<input checked="" type="radio"/>
3. Is/was the property subject to a permit under ECL Article 27, Title 9, other than an Interim Status facility? If yes, please provide: Permit Type: _____ EPA ID Number: _____ Date Permit Issued: _____ Permit Expiration Date: _____	<input type="radio"/>	<input checked="" type="radio"/>
4. If the answer to question 2 or 3 above is YES, is the site owned by a volunteer as defined under ECL 27-1405(1)(b), or under contract to be transferred to a volunteer? If yes, attach any available information related to previous owners or operators of the facility or property and their financial viability, including any bankruptcy filings and corporate dissolution documents. <p style="text-align: right;">N/A <input checked="" type="radio"/></p>	<input type="radio"/>	<input type="radio"/>
5. Is the property subject to a cleanup order under Navigation Law Article 12 or ECL Article 17 Title 10? If yes, please provide the order number: _____	<input type="radio"/>	<input checked="" type="radio"/>
6. Is the property subject to a state or federal enforcement action related to hazardous waste or petroleum? If yes, please provide additional information as an attachment.	<input type="radio"/>	<input checked="" type="radio"/>

SECTION XII: Site Contact List Appendix L
<p>To be considered complete, the application must include the Brownfield Site Contact List in accordance with <i>DER-23: Citizen Participation Handbook for Remedial Programs</i>. Please attach, at a minimum, the names and mailing addresses of the following:</p> <ul style="list-style-type: none"> • The chief executive officer and planning board chairperson of each county, city, town and village in which the property is located. • Residents, owners, and occupants of the property and adjacent properties. • Local news media from which the community typically obtains information. • The public water supplier which services the area in which the property is located. • Any person who has requested to be placed on the contact list. • The administrator of any school or day care facility located on or near the property. • The location of a document repository for the project (e.g., local library). If the site is located in a city with a population of one million or more, add the appropriate community board as an additional document repository. In addition, attach a copy of an acknowledgement from each repository indicating that it agrees to act as the document repository for the site. • For sites located in the five counties comprising New York City, the Director of the Mayor's Office of Environmental Remediation.

SECTION XIII: Statement of Certification and Signatures

(By requestor who is an individual)

If this application is approved, I hereby acknowledge and agree: (1) to execute a Brownfield Cleanup Agreement (BCA) within 60 days of the date of DEC's approval letter; (2) to the general terms and conditions set forth in the [DER-32, Brownfield Cleanup Program Applications and Agreements](#); and (3) that in the event of a conflict between the general terms and conditions of participation and terms contained in a site-specific BCA, the terms in the site-specific BCA shall control. Further, I hereby affirm that information provided on this form and its attachments is true and complete to the best of my knowledge and belief. I am aware that any false statement made herein is punishable as a Class A misdemeanor pursuant to section 210.45 of the Penal Law.

Date: _____ Signature: _____

Print Name: _____

(By a requestor other than an individual)

I hereby affirm that I am authorized signatory (title) of Steps Family LLC (entity); that I am authorized by that entity to make this application and execute a Brownfield Cleanup Agreement (BCA) and all subsequent documents; that this application was prepared by me or under my supervision and direction. If this application is approved, I hereby acknowledge and agree: (1) to execute a Brownfield Cleanup Agreement (BCA) within 60 days of the date of DEC's approval letter; (2) to the general terms and conditions set forth in the [DER-32, Brownfield Cleanup Program Applications and Agreements](#); and (3) that in the event of a conflict between the general terms and conditions of participation and terms contained in a site-specific BCA, the terms in the site-specific BCA shall control. Further, I hereby affirm that information provided on this form and its attachments is true and complete to the best of my knowledge and belief. I am aware that any false statement made herein is punishable as a Class A misdemeanor pursuant to section 210.45 of the Penal Law.

Print Name: Emily Kurtz

PLEASE REFER TO THE APPLICATION COVER PAGE AND BCP APPLICATION INSTRUCTIONS FOR DETAILS OF PAPERLESS DIGITAL SUBMISSION REQUIREMENTS.

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY

Sufficient information to demonstrate that the site meets one or more of the criteria identified in ECL 27-1407(1-a) must be submitted if requestor is seeking this determination.

BCP App Rev 17

Please respond to the questions below and provide additional information and/or documentation as required. <i>Please refer to the application instructions.</i>	Y	N
1. Is the property located in Bronx, Kings, New York, Queens or Richmond County?	<input checked="" type="radio"/>	<input type="radio"/>
2. Is the requestor seeking a determination that the site is eligible for the tangible property credit component of the brownfield redevelopment tax credit?	<input checked="" type="radio"/>	<input type="radio"/>
3. Is at least 50% of the site area located within an environmental zone pursuant to NYS Tax Law 21(b)(6)?	<input checked="" type="radio"/>	<input type="radio"/>
4. Is the property upside down or underutilized as defined below?		
Upside down	<input type="radio"/>	<input checked="" type="radio"/>
Underutilized	<input type="radio"/>	<input checked="" type="radio"/>

From ECL 27-1405(31):

“Upside down” shall mean a property where the projected and incurred cost of the investigation and remediation which is protective for the anticipated use of the property equals or exceeds seventy-five percent of its independent appraised value, as of the date of submission of the application for participation in the brownfield cleanup program, developed under the hypothetical condition that the property is not contaminated.

From 6 NYCRR 375-3.2(I) as of August 12, 2016 (Please note: Eligibility determination for the underutilized category can only be made at the time of application):

375-3.2:

- (I) “Underutilized” means, as of the date of application, real property on which no more than fifty percent of the permissible floor area of the building or buildings is certified by the applicant to have been used under the applicable base zoning for at least three years prior to the application, which zoning has been in effect for at least three years; and
 - (1) the proposed use is at least 75 percent for industrial uses; or
 - (2) at which:
 - (i) the proposed use is at least 75 percent for commercial or commercial and industrial uses;
 - (ii) the proposed development could not take place without substantial government assistance, as certified by the municipality in which the site is located; and
 - (iii) one or more of the following conditions exists, as certified by the applicant:
 - (a) property tax payments have been in arrears for at least five years immediately prior to the application;
 - (b) a building is presently condemned, or presently exhibits documented structural deficiencies, as certified by a professional engineer, which present a public health or safety hazard; or
 - (c) there are no structures.

“Substantial government assistance” shall mean a substantial loan, grant, land purchase subsidy, land purchase cost exemption or waiver, or tax credit, or some combination thereof, from a governmental entity.

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY (continued)

5. If you are seeking a formal determination as to whether your project is eligible for Tangible Property Tax Credits based in whole or in part on its status as an affordable housing project (defined below), you must attach the regulatory agreement with the appropriate housing agency (typically, these would be with the *New York City Department of Housing, Preservation and Development*; the *New York State Housing Trust Fund Corporation*; the *New York State Department of Housing and Community Renewal*; or the *New York State Housing Finance Agency*, though other entities may be acceptable pending Department review).

Check appropriate box below:

- Project is an Affordable Housing Project – regulatory agreement attached
- Project is planned as Affordable Housing, but agreement is not yet available
- This is not an Affordable Housing Project

From 6 NYCRR 375-3.2(a) as of August 12, 2016:

- (a) “Affordable housing project” means, for purposes of this part, title fourteen of article twenty-seven of the environmental conservation law and section twenty-one of the tax law only, a project that is developed for residential use or mixed residential use that must include affordable residential rental units and/or affordable home ownership units.
- (1) Affordable residential rental projects under this subdivision must be subject to a federal, state, or local government housing agency’s affordable housing program, or a local government’s regulatory agreement or legally binding restriction, which defines (i) a percentage of the residential rental units in the affordable housing project to be dedicated to (ii) tenants at a defined maximum percentage of the area median income based on the occupants’ household’s annual gross income.
- (2) Affordable home ownership projects under this subdivision must be subject to a federal, state, or local government housing agency’s affordable housing program, or a local government’s regulatory agreement or legally binding restriction, which sets affordable units aside for homeowners at a defined maximum percentage of the area median income.
- (3) “Area median income” means, for purposes of this subdivision, the area median income for the primary metropolitan statistical area, or for the county if located outside a metropolitan statistical area, as determined by the United States department of housing and urban development, or its successor, for a family of four, as adjusted for family size.

FOR SITES SEEKING TANGIBLE PROPERTY CREDITS IN NEW YORK CITY ONLY (continued)

6. Is the site a planned renewable energy facility site as defined below?

Yes – planned renewable energy facility site with documentation

Pending – planned renewable energy facility awaiting documentation

*Selecting this option will result in a “pending” status. The appropriate documentation will need to be provided to the Department and the Brownfield Cleanup Agreement will need to be amended prior to issuance of the CoC in order for a positive determination to be made.

No – not a planned renewable energy facility site

If yes, please provide any documentation available to demonstrate that the property is planned to be developed as a renewable energy facility site.

From ECL 27-1405(33) as of April 9, 2022:

“Renewable energy facility site” shall mean real property (a) this is used for a renewable energy system, as defined in section sixty-six-p of the public service law; or (b) any co-located system storing energy generated from such a renewable energy system prior to delivering it to the bulk transmission, sub-transmission, or distribution system.

From Public Service Law Article 4 Section 66-p as of April 23, 2021:

(b) “renewable energy systems” means systems that generate electricity or thermal energy through use of the following technologies: solar thermal, photovoltaics, on land and offshore wind, hydroelectric, geothermal electric, geothermal ground source heat, tidal energy, wave energy, ocean thermal, and fuel cells which do not utilize a fossil fuel resource in the process of generating electricity.

7. Is the site located within a disadvantaged community, within a designated Brownfield Opportunity Area, and plans to meet the conformance determinations pursuant to subdivision ten of section nine-hundred-seventy-r of the general municipal law?

Yes - *Selecting this option will result in a “pending” status, as a BOA conformance determination has not yet been made. Proof of conformance will need to be provided to the Department and the Brownfield Cleanup Agreement will need to be amended prior to issuance of the CoC in order for a positive determination to be made.

No

From ECL 75-0111 as of April 9, 2022:

(5) “Disadvantaged communities” means communities that bear the burdens of negative public health effects, environmental pollution, impacts of climate change, and possess certain socioeconomic criteria, or comprise high-concentrations of low- and moderate-income households, as identified pursuant to section 75-0111 of this article.

TAX BLOCK: 1549 LOT: 28
DESCRIPTION

ALL that certain plot, piece or parcel of land, situated, lying and being in the Borough of Brooklyn, State of New York bounded and described as follows:

BEGINNING at the intersection formed by the westerly side of Saratoga Avenue and the southerly side of Fulton Street;

RUNNING thence southerly, along the westerly side of Saratoga Avenue, 100 feet to a point;

THENCE westerly parallel with Fulton Street, 255.50 feet to a point;

THENCE northerly parallel with Saratoga Avenue, 100 feet to the southerly side of Fulton Street;

THENCE easterly along the southerly side of Fulton Street, 255.50 feet to the point or place of beginning.

APPENDIX B

Property Description and Environmental Assessment

Appendix B – Property Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section I

Location

The Steps at Saratoga Family Building site proposed for entry into the Brownfield Cleanup Program (BCP) is located at 2020A- 2042 Fulton Street and 224 Saratoga Avenue, in the Bedford Stuyvesant area of Brooklyn, New York, as shown on **Figure 1 and Figure 2** (Site). The Site is identified on the New York City Tax Map as Block 1549, Lot 28 in Kings County of New York City, as shown on **Figure 3**. The Site previously consisted of several tax lots (Lots 23, 24, 25, 26, 28, 29, 30, 31, 32, 33, 34, and 35) but has been merged into a single tax lot, Lot 28, as of August 25, 2025. The previous configuration is referenced in text and shown on figures when relevant to the discussion of previous uses. A survey showing the boundaries of the Site with the associated metes and bounds description is included in **Appendix A**. The Site is located in a predominantly residential area with some commercial uses and currently consists of vacant lots, as shown on **Figures 4, 5 and 6**.

The Site is located within a designated Environmental Zone pursuant to Tax Law 21(b)(6), as shown on **Figure 7**. The Site is also located within a disadvantaged community, as shown on **Figure 8**, and an Environmental Justice Area, as shown on **Figure 9**.

Site Features

The Site is currently a vacant lot that encompasses an area of approximately 0.620 acres. The Site and the adjoining property to the west are surrounded by a chain-link fence with a locked gate.

Current Zoning and Land Use

Zoning for the Site is currently labeled as R7D residential with a C2-4 commercial overlay. The Site is zoned within residence district R7D which allows for greater residential development while incorporating ground floor retail/service spaces to maintain the vitality of the street. The area surrounding the Site is similar with mixed commercial and residential zoning. An underground New York City subway tunnel is present beneath Fulton Street. The Site is surrounded by the following properties (**Figure 5**), as summarized in the table below, and adjacent landowners are shown on **Figure 6**:

Adjacent Property Direction	Property Use
North	The Site is bounded to the north by Fulton Street and Hull Street, beyond which are residential properties and churches (15a Hull Street and 17 Hull Street).
South	The Site is bounded to the south by residential properties.
East	The Site is bounded to the east by Saratoga Avenue and IS 271 John M. Coleman School.
West	The Site is bounded to the west by vacant lots followed by New Life Missionary Christian Church (2012 Fulton Street) followed by mixed use commercial and residential properties.

Past Use of the Site

Based on review of Roux's Phase I ESA, dated October 25, 2023, the Site was first developed prior to 1908 with mixed use buildings on all lots except for 224 Saratoga Avenue, which was developed with a dwelling. Listings for the property consisted of commercial and manufacturing operations including a machine shop, noodle manufacturing and packing facility, upholstery facility, blind manufacturer, tin smith, sheet metal and roofing company. All buildings remained present on the 1965 Sanborn Map. Demolition of the buildings began in 1978 and occurred over time until at least 1994. By 2001, the Site was depicted as completely vacant and remained vacant until the most recent 2007 Sanborn Map. The Site remains vacant through present day, as confirmed by Google Maps Streetview photographs from April 2009 to November 2024.

Appendix B – Property Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section I

During the 2023 reconnaissance, the Site was observed to be vacant and undeveloped. Historical commercial and manufacturing operations represent a potential source of past petroleum and/or chemical releases. Potential products that may have been used at the Site based on former operations include but are not limited to the following:

- Machine shop: cutting oils, lubricants, coolants, and degreasing solvents used to maintain and operate machinery;
- Tin Smith, Sheet Metal, and Roofing Company: metal sheets (tin, copper, lead, galvanized steel), solders, fluxes, adhesives, and roofing tars or sealants;
- Upholstery Facility and Blind Manufacturer: adhesives, glues, fabric treatments (such as flame retardants), fabric cleaners, paints, stains, and lacquers; and
- Noodle Manufacturing and Packing: industrial cleaning agents, sanitizers, and packaging adhesives.

The use of these products at the Site may have resulted in contamination of VOCs, particularly chlorinated solvents like trichloroethylene (TCE), SVOC including Polycyclic Aromatic Hydrocarbons (PAHs), and metals including iron, zinc, copper and steel to Site soils.

Site Geology and Hydrogeology

The Site is generally flat with an elevation of approximately +80 feet (ft) above mean sea level (msl). Urban fill material of an unknown origin, including asphalt, brick, concrete, tile, and glass, was observed to terminal boring depths of 5 ft below land surface (bls) during the previous investigation performed by Roux Environmental Engineering and Geology, D.P.C. (Roux) (see **Appendix C**). Bedrock was not encountered during the prior Site investigation and is estimated to be approximately 405 ft bls based on data provided by the United States Geological Survey (USGS).

Groundwater was not encountered during the prior Site investigation and is estimated to be approximately 70 ft bls based on data provided by the USGS and nearby BCP Sites. Groundwater is anticipated to flow to the north-northwest in the direction of the East River. According to the Phase I Environmental Site Assessment (ESA) performed by Roux, see **Appendix C**, the Site is not located in, or adjacent to, regulated wetlands. The closest surface water body is Jamaica Bay, located approximately 2.44 miles to the southeast. However, it is noted that the Site appears to be at or close to the hydrogeologic divide, therefore, groundwater flow direction may be subject to change. The A/C Subway, subsurface conduits, and nearby dewatering projects may influence local groundwater flow direction. The Site is not located within the 100-year flood zones.

Environmental Assessment

Based upon the previous investigation conducted at the Site, the primary contaminants of concern include semivolatile organic compounds (SVOCs), specifically PAHs, and metals in soil and volatile organic compounds (VOCs) in soil vapor. Soil analytical data was compared to the New York State Department of Environmental Conservation (NYSDEC) Unrestricted Use Soil Cleanup Objectives (UUSCOs), Restricted Residential Soil Cleanup Objectives (RRSCO) and Protection of Groundwater Soil Cleanup Objectives (PGWSCOs). Groundwater samples were not collected as a part of this investigation.

Soil

SVOCs were detected in exceedance of the applicable RRSCO and PGWSCOs at multiple locations throughout the Site. 4-Methylphenol (P-Cresol) was found at a maximum estimated concentration of 0.53 parts per million (ppm), which exceeds the applicable PGWSCO of 0.33 ppm. Benzo(a)anthracene was found at a maximum concentration of 43 ppm, which exceeds the applicable RRSCO and PGWSCO of 1 ppm. Benzo(a)pyrene was found at a maximum concentration of 37 ppm, which exceeds the applicable RRSCO of 1 ppm and PGWSCO of 22 ppm. Benzo(b)fluoranthene was found at a maximum concentration of 50 ppm, which exceeds the applicable RRSCO of 1 ppm and PGWSCO of 1.7 ppm. Benzo(k)fluoranthene was found at a maximum concentration of 23 ppm, which exceeds the applicable

Appendix B – Property Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section I

RRSCO of 3.9 ppm and PGWSCO of 1.7 ppm. Chrysene was found at a maximum concentration of 43 ppm, which exceeds the applicable RRSCO of 3.9 ppm and PGWSCO of 1 ppm. Dibenz(a,h)anthracene was found at a maximum concentration of 5.2 ppm, which exceeds the applicable RRSCO of 0.33 ppm. Indeno(1,2,3-c,d)pyrene was found at a maximum concentration of 21 ppm, which exceeds the applicable RRSCO of 0.5 ppm and PGWSCO of 8.2 ppm. SVOC RRSCO exceedances were detected Site-wide from land surface to approximately 3 ft bls.

Metals were detected in exceedance of the applicable RRSCO and PGWSCOs at multiple locations throughout the Site. Barium was found at a maximum estimated concentration of 546 ppm, which exceeds the applicable RRSCO of 400 ppm. Copper was found at a maximum of 529 ppm, which exceeds the applicable RRSCO of 270 PPM. Lead was found at a maximum concentration of 1,280 ppm, which exceeds the RRSCO of 400 ppm and PGWSCO of 450 ppm.

There were no exceedances of the applicable RRSCOs for volatile organic compounds (VOCs), polychlorinated biphenyls (PCBs), or pesticides.

Soil exceedances within the boundaries of the Site are depicted in **Figure 10**.

Soil Vapor

The following VOCs were detected in soil vapor at concentrations greater than 5 µg/m³, with the maximum concentration indicated:

- 1,2,4-trimethylbenzene (49 µg/m³), 1,3,5-trimethylbenzene (14 µg/m³), 2,2,4-trimethylpentane (5.7 µg/m³), 4-ethyltoluene (8.2 µg/m³), acetone (30 µg/m³), butane (200 µg/m³), chloroform (39 µg/m³), ethylbenzene (6.1 µg/m³), isopropylbenzene (7.2 µg/m³), m,p-xylene (27 µg/m³), n-heptane (22 µg/m³), n-hexane (69 µg/m³), o-xylene (13 µg/m³), tetrachloroethylene (PCE) (7.5 µg/m³), and toluene (11 µg/m³).

These detections are primarily petroleum-related VOCs, with some low-level chlorinated VOC detections. Detections of analytes in soil vapor within the boundaries of the Site are depicted in **Figure 11**.

Groundwater

No groundwater samples have been collected at the Site.

APPENDIX D

Project Description

Appendix D – Project Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section II

Overall Project Development

The site proposed for entry into the Brownfield Cleanup Program (BCP) is located at 2030 Fulton Street, Brooklyn, New York, as shown on **Figure 1 and Figure 2** (Site). The remedial program is expected to begin with execution of a Brownfield Cleanup Agreement in April 2026 and a Certificate of Completion is expected to be issued in December 2028.

The Site is in the Bedford Stuyvesant neighborhood of Brooklyn. The Site is identified on the New York City Tax Map as Block 1549, Lot 28 in Kings County of New York City, as shown on **Figure 3**. The Site previously consisted of several tax lots (Lots 23, 24, 25, 26, 28, 29, 30, 31, 32, 33, 34, and 35) but has been merged into a single tax lot, Lot 28, which is referenced throughout this document. A survey showing the boundaries of the Site with the associated metes and bounds description is included in **Appendix A**.

The project is starting at the investigation stage. The proposed investigation is anticipated to include the advancement of soil borings, the installation of monitoring wells, and the installation of soil vapor monitoring points, which are further detailed in the Remedial Investigation Work Plan (RIWP) submitted concurrently with this BCP application.

The lots present on the Site are subject to an E-Designation for Hazardous Material and Noise Attenuation under E-185. Following acceptance into the BCP, the Hazardous Materials requirements will be fulfilled through the BCP. The Noise Attenuation requirement will be fulfilled through coordination and as approved by the New York City Office of Environmental Remediation (NYCOER).

Proposed Development Plan

The proposed development consists of an affordable residential housing building for families with 12 floors, a rooftop and a cellar. The building will be comprised of 169 units for affordable housing. The cellar and ground floor of the building will feature community facility space. The second floor through the 12th floor will consist of residences. The building will be accompanied by a backyard with a greenhouse, gardening plots, a jogging path and seating areas, and a fitness center. The redevelopment of this vacant, New York City-owned lot, was awarded to the Applicant through a Request for Proposal administered by New York City Housing Preservation and Development (NYCHPD).

Green and Sustainable Remediation

Green remediation principles and techniques will be implemented to the extent feasible in the design, implementation, and site management of the remedy as per DER-31. For each phase of the remediation, starting from the Remedial Investigation (RI) through Remedial Action Work Plan (RAWP) preparation, the environmental footprint analysis tool, SiteWise™, will be utilized. The Site is entering the program at the investigation Stage; therefore, a Climate Change Screening or Vulnerability Assessment is not required at this time. The remedial design will include a climate change vulnerability assessment to evaluate the impact of climate change on the project site and the proposed remedy. Potential vulnerabilities associated with extreme weather events (e.g., hurricanes, lightning, heat stress and drought), flooding, and sea level rise will be identified, and the measures to minimize the impact of climate change on potential identified vulnerabilities will be implemented. The proposed redevelopment and remediation of the Site will not have an adverse impact on any existing natural resources. The proposed redevelopment is not expected to generate more than 50 tons of solid waste per week and therefore will not have a significant adverse impact to the NYC solid waste management systems. Onsite reuse of NYSDEC-approved material will be prioritized during remediation to minimize waste generation and greenhouse gas emissions due to truck traffic.

Project Timeline

The section below discusses key project funding milestones as they align with the BCP timeline. The following timeline of events will occur prior to the RAWP approval and issuance of the Decision Document.

Appendix D – Project Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section II

- Early 2023: Award/Site Acquisition – The owner submitted a proposal to develop the site to City of New York’s Department of Housing Preservation & Development (HPD) and was awarded a Negotiation Letter from HPD in early 2023.
- Present through 2nd Quarter 2026: Design – The project is currently in the Design Development phase of architectural planning/drawing and is projected to have completed drawings in Q2 2026.
- 1st and 2nd Quarter 2026: Construction Financing – The owner will solicit bids from construction lenders in Q1 and/or Q2 2026, which will be followed by a period of review and negotiations with the selected construction lender.
- 4th Quarter 2026: Building Permits – The owner will be submitting for building permits at that time, with the expectation that permits will be received, at the latest, by the beginning of Q4 2026.
- 4th Quarter 2026: 4% LIHTC Financing – During this time period, the owner will also be applying for 4% Low-Income Housing Tax Credits from HPD, for which the project is already in the pipeline for.
- Late 2026: HPD ELLA Subsidy – The owner submitted an application for HPD’s Extremely Low- and Low-Income Affordability (ELLA) Program and is currently in negotiations regarding the size of the subsidy amount. The amount will be determined and finalized closer to construction finance close in late 2026.

Completion of the following steps will require an approved RAWP and Decision Document (DD):

- December 2026: Construction Financing Closing – Once building permits and an allocation of 4% LIHTC are received, the project will be able to close on construction financing and begin construction in December 2026.

The remedial action and construction will commence once the construction finance closing occurs and Building Permits are obtained. New York City Department of Buildings must receive a Notice to Proceed (NTP) from the New York City Office of Environmental Remediation (NYCOER) following approval of the RAWP and DD due to the Hazardous Materials E-Designation assigned to the Site.

The projected timeline for a Certificate of Completion (COC) is the end of 2027 or early 2028, ahead of construction completion. The construction period has not been finalized yet but the owner anticipates a 24-month construction period. This would mean that construction is completed in December 2028 or early 2029. At minimum the COC will be required for occupancy of the building, as well as the Notice of Satisfaction (NOS) or Notice of No Objection (NNO) issued by NYCOER.

Projected Schedule

This project schedule describes the anticipated schedule for major BCP milestones.

Timeframe	Description
December 2025	Submit BCP Application and RIWP
March 2026	Finalize and Execute Brownfield Cleanup Agreement, Submit Citizen Participation Plan
February 2026	Respond to Letter of Incomplete Application and prepare for public comment period on Application and RIWP

Appendix D – Project Description

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application - Section II

Timeframe	Description
March 2026	Public comment period on Application and RIWP
April 2026	Finalize Remedial Investigation Work Plan
April-May 2026	Remedial Investigation Implementation
July 2026	Submit Remedial Investigation Report (RIR) and Remedial Action Work Plan (RAWP)
July-October 2026	NYSDEC and NYSDOH review RIR and RAWP, significant threat determination occurs
September 2026	Remedial Investigation Report approved
September – October 2026	RAWP Public Comment Period (45 days)
October 2026	Address RAWP comments and finalize
November 2026	RAWP approved and Decision Document issued
December 2026	Construction Financing Closing; Contingent upon approved RAWP and Issuance of DD Transfer of property from NYCHPD to Applicant.
December 2026	OER issues NTP for new building permits
December 2026-January 2027	Begin construction and remedial action
January – July 2027	Remedial Action and construction
June 2028	Submit Environmental Easement
August 2028	Submit Draft Site Management Plan
October 2028	Submit Draft Final Engineering Report and Approvable SMP
November 2028	Submit Approvable Final Engineering Report and Record Easement
December 2028	Receive Certificate of Completion

2030 Fulton Street, Brooklyn, New York**

APPENDIX E

Ecological Concerns

Appendix E – Ecological Concerns

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section III

In accordance with the guidance presented in DER-10 Section 3.10.1(b), it is assumed at this stage that no FWRIA is needed. At this point, the only contamination that has been identified is to soil, and this is an urban site which is not proximate to a surface water body, wetland or other ecologically significant area. Additional evaluation will be performed during the ecological portion of the qualitative exposure assessment following the remedial investigation.

Land Use Factors

Appendix F – Land Use Factors

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section IV

Question 3 & 4 - Current Use & Current Business Operations/Uses

The Site currently consists of a vacant lot, as shown on Figure 2. Based on review of Roux's Phase I ESA, dated October 25, 2023, the Site was first developed prior to 1908 with mixed use buildings on all lots except for 224 Saratoga Avenue, which was developed with a dwelling. Listings for the property consisted of commercial and manufacturing operations including a machine shop, noodle manufacturing and packing facility, upholstery facility, blind manufacturer, tin smith, sheet metal and roofing company. All buildings remained present on the 1965 Sanborn Map. Demolition of the buildings began in 1978 and occurred over time until at least 1994. By 2001, the Site was depicted as completely vacant and remained vacant until the most recent 2007 Sanborn Map. During the 2023 reconnaissance, the Site was observed to be vacant and undeveloped. Historical operations represent a potential source of past petroleum or chemical releases. Various chemicals may have been used during the historical operations mentioned above including but not limited to solvents, lubricants, coolants, oils, sealants, adhesives, tars, fabric treatments and cleaners, paints, stains, lacquers, and industrial cleaning agents and sanitizers, which may have resulted in contamination of VOCs, particularly chlorinated solvents like trichloroethylene (TCE), SVOC including Polycyclic Aromatic Hydrocarbons (PAHs), and metals including iron, zinc, copper and steel to Site soils.

Question 5 & 6 - Anticipated Post-Remedial Use

The proposed development consists of an affordable residential housing building for families with 12 floors, a rooftop and a cellar. The building will be comprised of 168 units for affordable housing. The cellar and ground floor of the building will feature community facility space. The second floor through the 12th floor will consist of residences. The building will be accompanied by a backyard with a greenhouse, gardening plots, seating areas, and a fitness center. The Family Building will serve a range of affordability levels. 26 units (16% of total units) will be a homeless set aside, 8 of these 26 units will receive Project Based Vouchers (PBVs) and 18 of them will be underwritten at shelter rents. 28 units (17% of total units) will be affordable to extremely or very low-income households earning 40% of AMI. 38 units (22% of total units) will be available to households earning 50% of AMI. 31 units (18% of total units) will be available to households earning 60% of AMI. 45 units (27% of total units) will be available to households earning 80% of AMI.

Question 8 - Do current historical and/or recent development patterns support the proposed use?

The proposed future use of the Site as residential use with an affordable housing building is consistent with the current and reasonably anticipated development patterns in the neighborhood. The Site is part of the Bedford-Stuyvesant South Rezoning that was approved in 2007 to preserve neighborhood scale and character, maintain opportunities for mid-rise apartment building construction along appropriate corridors, and allow for residential growth with incentives for affordable housing along the Fulton Street transit and retail corridor.

Question 9 - Is the proposed use consistent with applicable zoning laws/maps?

Yes, the proposed use of the Site is consistent with applicable zoning. The site is currently zoned as an R7D residence district with a C2-4 commercial overlay which allows a greater residential density than R7A districts and requires the ground floor be reserved for retail uses to maintain the vitality of the street. The cellar and ground floor of the residential building proposed for the site will feature community facility space leased to Community Partners in the area who advance the project's mission to democratize the right to health.

Question 10 - Is the proposed use consistent with applicable comprehensive community master plans, local waterfront revitalization plans, or other adopted land use plans?

The site is included in the Bedford-Stuyvesant Housing Plan, which outlines the community's goals for affordable housing development, plans for future development of affordable housing on City-owned land, and strategies for supporting tenants and homeowners across the neighborhood. The Steps at Saratoga project was awarded to The New York City Department of Housing Preservation and Development (HPD) Bedford-Stuyvesant Community Wealth and Wellness RFP due to its community driven development plan that will

Appendix F – Land Use Factors

Steps at Saratoga Family Building

APPENDIX G

Current Property Owners and Operators

Appendix G – Previous Property Owners and Operators

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section V

The Steps at Saratoga Family Building site proposed for entry into the Brownfield Cleanup Program (BCP) is located at 2030 Fulton Street in the Bedford Stuyvesant area of Brooklyn, New York, as shown on **Figure 1 and Figure 2** (Site). The Site is identified on the New York City Tax Map as Block 1549, Lot 28 in Kings County of New York City, as shown on **Figure 3**. The Site previously consisted of several tax lots (Lots 23, 24, 25, 26, 28, 29, 30, 31, 32, 33, 34, and 35) but has been merged into a single tax lot, Lot 28, as of August 25, 2025. The previous configuration is referenced in text and shown on figures when relevant to the discussion of previous uses. A survey showing the boundaries of the Site with the associated metes and bounds description is included in **Appendix A**.

Neither the Requestor (Steps Family LLC c/o Riseboro Community Partnership) nor any of its corporate members have any relationship with the current or former owners and operators, or the release of contaminants associated with prior uses. Additional information is provided below. Phone numbers were not available for many of the previous owners and operators, the majority of which were private owners of residential dwellings.

The Site was comprised of Block 1549, Lots 23, 24, 25, 26, 28, 29, 30, 31, 32, 33, 34, and 35 since at least January 1, 1961, until the recent merger of the entire parcel as Lot 28.

**Brownfield Cleanup Program (BCP) Application
Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York**

APPENDIX H

Property's Environmental History

Appendix H – Property’s Environmental History

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section VI

A summary of the following environmental investigations previously conducted at the site are included within this Appendix. Analytical laboratory reports and soil borings logs from the BCP Eligibility Sampling, and the Phase I Environmental Site Assessment (ESA) are included in this appendix.

- **ASTM Phase I ESA**, prepared by Roux Environmental Engineering and Geology, D.P.C., dated October 25, 2023; and
- **Limited Phase II Environmental Site Assessment (ESA)**, completed by Roux Environmental Engineering and Geology, D.P.C., dated November 7, 2025.

The proposed development consists of an affordable residential housing building for families with 12 floors, a rooftop and a cellar. The building will be comprised of 169 units for affordable housing. The cellar and ground floor of the building will feature community facility space. The second floor through the 12th floor will consist of residences. The building will be accompanied by a backyard with a greenhouse, gardening plots, a jogging path and seating areas, and a fitness center. The Family Building will serve a range of affordability levels. 26 units (15% of total units) will be a homeless set aside, 8 of these 25 units will receive Project Based Vouchers (PBVs) and 18 of them will be underwritten at shelter rents. 29 units (17% of total units) will be affordable to extremely or very low-income households earning 40% of AMI. 38 units (22% of total units) will be available to households earning 50% of AMI. 31 units (18% of total units) will be available to households earning 60% of AMI. 44 units (26% of total units) will be available to households earning 80% of AMI. Therefore, the soil data from the previous investigation was compared to the following New York State Department of Environmental Conservation (NYSDEC) Soil Cleanup Objectives (SCOs): Unrestricted Use SCOs (USCOs), Restricted Residential Use SCOs (RRSCOs) and Protection of Groundwater Soil Cleanup Objectives (PGWSCOs).

A Remedial Investigation Work Plan (RIWP) has been developed and is included as an attachment to this Brownfield Cleanup Program (BCP) application. A summary of the findings from the previously conducted investigations is included below.

Soil Exceedances

A total of thirteen soil samples including one duplicate soil sample were collected from twelve soil borings at the site during the previously completed investigations. Soil exceedances are depicted on **Figure 10**.

Volatile Organic Compounds

No soil samples collected during the prior Investigations exceeded NYSDEC RRSCOs or PGWSCOs for volatile organic compounds (VOCs).

Semivolatile Organic Compounds

Ten soil samples collected during the investigation exceeded RRSCOs for semivolatile organic compounds (SVOCs), particularly polycyclic aromatic hydrocarbons (PAHs).

Laboratory analytical data in exceedance of the RRSCOs are summarized below with the maximum concentration noted in bold text.

Analyte	Detections in Exceedance of RRSCOs	Location of RRSCO Exceedance (feet below level surface [ft bls])	Concentrations (milligrams per kilogram [mg/kg])	RRSCOs (mg/kg)
Benzo(A)Anthracene	10	RX-23-01 (0-2)	13	1
		RX-24-01 (0-2)	1.3	
		RX-25-01 (0-2)	5.3	
		RX-26-01 (0-2)	3.5	
		RX-28-01 (0-2)	1.7	
		RX-29-01 (0-2)	5.2

*FD= Field Duplicate

Metals

Four soil samples collected during the investigation exceeded RRSCOs for metals. No metals exceeded PGWSCOs.

Appendix H – Property’s Environmental History

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section VI

Laboratory analytical data in exceedance of the RRSCOs are summarized below.

Analyte	Detections in Exceedance of RRSCOs	Location of SCO Exceedance (ft bls)	Concentrations (mg/kg or ppm)	SCOs (mg/kg or ppm)
Barium	3	RX-29-01 (0-2) RX-33 -01 (1-3) RX-35-01 (0-2)	472 524 546	400

Polychlorinated Biphenyls

No soil samples collected during the investigations exceeded NYSDEC RRSCOs or PGWSCOs for polychlorinated biphenyls (PCBs).

Pesticides

No soil samples collected during the investigations exceeded NYSDEC RRSCOs or PGWSCOs for pesticides.

Soil Vapor Detections

Two soil vapor samples and one duplicate soil vapor sample were collected from two soil vapor sampling points (RX-26-01 and RX-29-01) and analyzed for VOCs. Each point was constructed of a temporary, six-inch stainless-steel screen installed at approximately 5 ft bls with Teflon-lined sampling tubing extending to the surface. The table below presents a summary of the soil vapor analytical data collected. Soil vapor detections are depicted on **Figure 11**.

Laboratory analytical detections in soil vapor are summarized in the table below with the maximum concentration noted in red text. A comparison to the NYSDOH Matrices were not performed, as there is no building onsite and therefore soil vapor samples were not sub-slab and indoor air samples were not collected.

Re: Proof of Site Access
Block 1549, Lots 28, 29, 30, 31, 32, 33, 34 and 35
Borough of Brooklyn

Dear Ms. Lewandowski,

I am writing regarding Riseboro Community Partnership's application to the Brownfield Cleanup Program ("BCP"). Riseboro Community Partnership, its affiliate entities (Steps Family LLC), and its contractor(s) will have access to the above referenced lot of the Steps of Saratoga New Construction Finance project (the "Development Site") as described in this letter.

The Development Site is currently owned by the City of New York (the "City"). The City, acting by and through its Department of Housing Preservation and Development ("HPD") selected Riseboro Community Partnership, as part of a competitive Requests for Proposal process to develop the Site, and is working with the team toward a closing of project financing and the commencement of remediation and construction. In accordance with a license agreement between Riseboro Community Partnership Inc., acting by and through its contractors, Roux Environmental Engineering and Geology DPC, and the City, HPD will provide Riseboro Community Partnership Inc., its affiliates, and their agents access to the Development Site to complete investigation activities required by the New York State Department of Environmental Conservation under the BCP prior to the City's conveyance of the site and the commencement of remediation and construction.

Please accept this letter to serve as **proof of site access**. If you have any further questions, please feel free to contact me at 212 863-6697, or via email at: goldbear@hpd.nyc.gov

Sincerely,

Arielle Goldberg

HPD Executive Director of Land Use
and Resiliency Policy

December 4, 2025

New York State Department of Environmental Conservation (“DEC”)
Chief, Site Control Section Division of Environmental Remediation
625 Broadway, 12th Floor
Albany, NY 12233-7020

Re: Steps at Saratoga Family Building

To whom it may concern at the DEC,

This letter supports Steps Family LLC’s (the “Requester”) request for a waiver from the \$50,000 application fee for its Brownfield Cleanup Program (“BCP”) Application for the proposed Steps at Saratoga Family Building Site located at 2030 Fulton Street, Brooklyn, New York; Block 1549, Lot 28 (the “Site”).

The Site will be developed under the BCP in partnership with the NYC Housing Preservation & Development (“HPD”) and NYC Housing Development Corporation (“HDC”) to build family affordable housing. The Site is part of a two-building project that is expected to produce approximately 238 total new affordable homes, including 168 homes for families. The Family Building will serve a range of affordability levels. 26 units (16% of total units) will be a homeless set aside, 8 of these 26 units will receive Project Based Vouchers (PBVs) and 18 of them will be underwritten at shelter rents. 28 units (17% of total units) will be affordable to extremely or very low-income households earning 40% of AMI. 38 units (22% of total units) will be available to households earning 50% of AMI. 31 units (18% of total units) will be available to households earning 60% of AMI. 45 units (27% of total units) will be available to households earning 80% of AMI.

To confirm these affordable requirements, and in support of this request, the Requester hereby agrees to include a provision in the Brownfield Cleanup Agreement (“BCA”) which states that the Requester “will develop the Site with the dedication of 100% of the residential rental or home ownership units in an affordable housing project to tenants or homeowners at a defined maximum percentage of AMI based on the occupants’ household annual income,” as dictated by HPD’s and HDC’s and applicable affordable regulatory programs.

Sincerely,

Steps Family LLC

Signed by:

CCBC5D4A6FE3434...

APPENDIX K

Requestor Eligibility

Appendix K – Requestor Eligibility Information

Steps at Saratoga Family Building
2030 Fulton Street, Brooklyn, New York
BCP Application – Section X

The Requestor (Steps Family LLC) qualifies as a Volunteer because (i) the Requestor has not owned or operated the Site at the time of the disposal of hazardous substances, waste, and/or petroleum, if any and (ii) the Requestor is an unrelated third-party LLC and neither it or its members has any direct involvement with the ownership or operation of the Site.

The Requestor will continue to exercise appropriate care by implementing the requirements of the Brownfield Cleanup Program and is prepared to undertake all necessary remediation required to address contamination at the Site. As such, the Requestor is a Volunteer as defined in ECL 27-1405(1)(b).

The Requestor is not the current owner of the Site; however, transfer of ownership control will occur prior to implementation of the remedial action. For the Remedial Investigation and any other action requiring Site access, an access letter has been requested from the owner, NYCHPD, and will be forwarded to NYSDEP upon receipt.

Hello,

Following up again on this request for the Saratoga Branch of Brooklyn Public Library to act as one of the document repositories for this project. Please let me know at your earliest convenience and indicate if you have a preferred format for receipt of the repository submittals. **Please note, we are looking to receive a response before the end of this week.** Thank you in advance.

Sincerely,

Brooke Hildebrand | Project Scientist

Hello Brooke,

We agree to be the repository for this project. The preference is a flash drive and an uploadable link.

Thank you.
