Re: BCP Application for Portion of the Former West 42nd Street
MGP Site in New York County, NY (DEC Site No. V00531)

Dear Sir or Madam:

Enclosed for filing with the Department are an original and two copies of a Brownfield Cleanup Program ("BCP") application by Consolidated Edison Company of New York, Inc ("Con Edison") for the properties designated as Block 1089/Lots 1 and 3 on the Tax Map of the City of New York, New York County. These two tax lots comprise a portion of the grounds of the former West 42nd Gas Works – one of 45 historic manufactured gas plants and manufactured gas storage holder locations presently covered by Voluntary Cleanup Agreement Index No.D2-0003-02-08 ("VCA") between the Department and Con Edison.

Please be advised that BCP applications are also being filed for these two tax lots by their present owners, River Place I LLC (Block 1089/Lot 1) and River Place II LLC (Block 1089/Lot 3). Con Edison and River Place I LLC wish to enter into a joint Brownfield Cleanup Agreement ("BCA") with the Department for Tax Lot I. Con Edison and River Place II LLC wish to enter into a joint BCA with the Department for Tax Lot 3. Assuming that the Department accepts Con Edison into the BCP and allows it to enter into such BCA's, Con Edison would request the Department to terminate the VCA solely with respect to these two tax lots.

Please call me if you have any questions concerning this matter.

Very truly yours,

cc: with enclosures

NOTES TO CON EDISON'S BCP APPLICATION

The two tax lots (Block 1089, Lots 1. and 3) covered by Con Edison's Brownfield Cleanup Program ("BCP") application to the Department comprise the bulk of the former grounds of the West 42nd Street Gas Works – one of 45 historic manufactured gas plant ("MGP") and manufactured gas storage holder station sites for which Con Edison has agreed to investigate and, if deemed necessary by the Department, to implement approved remedial action plans pursuant to its August 15, 2002 Voluntary Cleanup Agreement (Voluntary Cleanup Agreement Index No.D2-0003-02-08 – the "VCA") with the Department. Con Edison has conducted a Site Characterization Study for the two tax lots in accordance with a work plan approved by the Department pursuant to the terms of the VCA and, as required by the VCA, has submitted to the Department for its approval a draft Site Characterization Report setting forth the findings and conclusions of the investigative activities completed on those two tax parcels.

It is Con Edison's intention to enter into with the Department one or more Brownfield Cleanup Agreements ("BCAs") to which the current owner of each tax lot is also a party, so that Con Edison can conduct under the Department's new BCP any additional investigative activities that the Department deems necessary for the two tax lots and carry out Department-approved remedial action plans for the MGP-contamination that is present on portions of those lots. Assuming that Con Edison is accepted into the BCP and enters into such BCAs, it would request the Department to terminate the VCA solely with respect to the two tax lots covered by this BCP application.

With respect to its responses regarding its eligibility to participate in the BCP, Con Edison notes that it has in the past been charged by the Department with violations of Article 27 of the Environmental Conservation Law ("ECL") at facilities and locations other than the two tax lots covered by this BCP application. These violations have been resolved or are being resolved to the Department's satisfaction pursuant to, among other things, administrative orders on consent or settlements of claims with the Department. Moreover, the Department has not relied on these violations as a basis for denying Con Edison permits under Article 27 of the ECL or any other provision of the ECL.

Con Edison also notes that in 1995, it pleaded guilty to four counts involving the failure to report the release of asbestos from an August 1989 steam pipe explosion in the Gramercy Park section of Manhattan, making false statements in connection therewith, and conspiracy to defraud the United States in connection therewith. Con Edison paid the fine and completed the term of probation to which it was sentenced by the United States District Court for the Southern District of New York for these crimes. Con Edison has disclosed its conviction for these crimes in its past applications to the Department for Waste Transporter Permits under Article 27 of the ECL, and the Department has not relied on them as a basis for denying Con Edison such permits or barring Con Edison from participating in the Department's Voluntary Cleanup Program.

PROJECT DESCRIPTION

Based on the information provided by River Place I LLC and River Place II LLC, the current owners of the two tax lots covered by Con Edison's BCP application, the projects planned for those parcels are as follows:

Tax Parcel 1 – River Place I LLC

River Place I LLC's property is located on the western portion of the block bounded by West 41st and West 42nd Streets and Eleventh and Twelfth Avenues in the Borough of Manhattan, New York County and is occupied by a high-rise apartment building which also contains retail space and a commercial parking garage. The proposed project for the property is the continued use of the existing apartment building located on it.

Tax Parcel 1 – River Place I LLC

River Place II LLC's property is located on the eastern portion of the block bounded by West 41st and West 42nd Streets and Eleventh and Twelfth Avenues in the Borough of Manhattan, New York County. River Place II LLC is scheduled to begin constructing on the property, beginning in January 2005 (or as soon thereafter as possible), a 53-story tower with a total gross building area of 854,683 square feet. The building will contain a total of 882 rental apartment units consisting of 623,689 square feet of residential rental space, in addition to 6,606 square feet of retail space and 240 parking spaces within an underground garage.
