Good morning Lisa,

DEC staff have reviewed the building permit applications as you requested. For DEC identification purposes, I have included the site number and name for each proposed building permit.

528 W 19 St, Manhattan - C231017 19th Street Development

DEC has no objections to the approval and issuance of this building permit.

600 W 42 St, Manhattan - C231012- River Place II

Doug MacNeal, the DEC Project Manager, has contacted the consultant for the BCP site for the plans for the plumbing tie-ins across the sheeting and plans for the piles (depths, etc.). He will respond directly to you after he reviews the plans.

624 W 42 St, Manhattan - C231024- River Place I

Doug MacNeal, the DEC Project Manager, has reviewed the request and has no objection to the approval and issuance of this building permit as long as the work is limited to the first floor and does not require excavation.

71-03 80 St. Queens - C241049 - Queens West

Preliminary response - no concerns with requested activity. I will confirm with Shaminder Singh, the DEC Project Manager.

Please contact me if you need any further assistance.
