MONTHLY PROGRESS REPORT #26
REMEDIAL ACTION (RA)
ASTOR SUBSTATION PROJECT SITE
Reporting Period August 2007

I. Actions Relative to the Site During Reporting Period

- In a letter dated August 2, 2007, NYSDEC acknowledged receipt of the July 2007 11th Avenue Sidewalk Area RA Report and indicated that Con Edison would not be responsible for any further action(s) with respect to off-site contamination.
- On August 6, 2007, Con Edison and NYSDEC were in communication regarding the certification of the backfill material for the Site.
- On August 7, 2007, Con Edison's project engineering consultant inspected the Astor Substation Project's designated clean backfill stockpile at Evergreen Recycling's Flushing, Queens facility (Evergreen is supplying the balance of clean backfill required for the Astor Site). The consultant's report indicated that the stockpile appeared to be separated from Evergreen's day to day operations.

II. Sampling and Test Results Received During Reporting Period Including Quality Assurance/Quality Control Information

- None.

III. Actions Scheduled for September 2007

- Submit an updated On-Site RA Report Certifications page once the last load of clean backfill material is delivered to the project site.

IV. Percentage of Completion

- RA field activities 100% complete.

V. Unresolved Delays and Mitigation Measures

- NONE.

VI. Approved Activity Modifications (work scope and/or schedule)

- NONE.

VII. Activities Undertaken in Support of the Citizen Participation Plan

- NONE.
