SITE NAME: 1840 Park Avenue

SITE ADDRESS: 1840 Park Avenue, New York NY

BCP NUMBER: C231140

REPORTING PERIOD: July 2020

REMEDIAL ACTIONS DURING THE REPORTING PERIOD

Field activities (groundwater sampling) for the Supplemental Remedial Investigation for Emerging Contaminants, which began on June 30, 2020, were completed on July 1, 2020. Community air monitoring (CAMP) was not required to be performed during groundwater sampling. The Remedial Investigation Report (RIR) was revised to include analytical results and other information obtained during the Supplemental RI, and the report was transmitted to NYSDEC on July 24, 2020.

ANTICIPATED ACTIVITIES FOR THE NEXT REPORTING PERIOD

Prepare and submit an updated version of the previously submitted Remedial Action Work Plan (RAWP), which will incorporate the information obtained during the Supplemental RI (assumed for early August).

SAMPLING RESULTS, TESTS AND OTHER DATA

No CAMP monitoring was required for the collection of groundwater samples conducted on July 1, 2020. Analytical data for the sampling performed during the Supplemental RI (soil and groundwater results for emerging contaminants) was transmitted with the revised RIR (July 24, 2020). Electronic data deliverables (EDDs) and Data Usability Reports (DUSRs) for the Supplemental RI are pending, and will be provided upon receipt.
