

## Public Notice

The New York State Department of Environmental Conservation (DEC) has received a Brownfield Cleanup Program (BCP) application from GO HPS LLC for a site known as HPS Parcel G, site ID #C241226. This site is located in the neighborhood of Long Island City, within the County of Queens, and is located on 2<sup>nd</sup> Street.

A copy of the application and other relevant documents are available at the document repository located at the Queens Public Library Court Square, 25-01 Jackson Avenue, Long Island City, NY, 11101.

There are several ways to comment on BCP applications. Comments can be submitted to the site Project Manager Christopher Allan at 47-40 21<sup>st</sup> Street, Long Island City, NY, 11101; via email at [christopher.allan@dec.ny.gov](mailto:christopher.allan@dec.ny.gov); or by calling (718) 482-4065. All comments must be submitted by **November 9, 2018**.

Site information can be viewed by entering the site ID noted above at:  
<http://www.dec.ny.gov/cfmx/extapps/dereexternal/index.cfm?pageid=3>

We would also encourage those interested in receiving information on future activities at this site or any other site to sign up to DEC's Contaminated Sites Email List at:  
<http://www.dec.ny.gov/chemical/61092.html>

### What is the Brownfield Cleanup Program?

New York's Brownfield Cleanup Program (BCP) is designed to encourage private-sector cleanups of brownfields and to promote their redevelopment as a means to revitalize economically blighted communities. The BCP is an alternative to "greenfield" (land not previously developed or contaminated) development and is intended to remove some of the barriers to, and provide tax incentives for, the redevelopment of brownfields. Since its inception (2003), the BCP has catalyzed the cleanup of more than 300 contaminated sites statewide and incentivized redevelopment. There are more than 350 active sites in the BCP.

Additional information on the State's Brownfield program is available at DEC's website:  
<http://www.dec.ny.gov/chemical/8450.html>
