

Progress Report No. 16
Kissena Center Site
Queens, New York 11355
Brownfield Cleanup Program Site No. C241231
Reporting Period: January 2021

1. Introduction

Langan Engineering, Environmental, Surveying, Landscape Architecture and Geology, D.P.C. (Langan) is submitting this monthly progress report on behalf of Kimco Kissena Center, LLC (the Participant), in accordance with the June 25, 2019 Brownfield Cleanup Agreement. This monthly progress report summarizes work performed at the Kissena Center Site (the site) for the month of January 2021.

The site is located at 46-15 to 46-31 Kissena Boulevard in the Flushing neighborhood of Queens, New York and is identified as Tax Block 5208, Lot 45 on the Queens Borough Tax Map. The site encompasses an area of about 68,200 square feet (1.57 acres) and is occupied by an approximately 22,520-square-foot one-story shopping center and an asphalt-paved parking lot. Commercial tenants include Gold City Supermarket, Star Laundromat and Cleaners, Ming Xing Gift Shop, and Fay Da Bakery. The site is bound by residential homes followed by Union Street and Holly Avenue to the north, an asphalt-paved parking lot and residential homes followed by Laburnum Avenue and Union Street to the east, a two-story restaurant followed by Kissena Boulevard to the south, and a two-story commercial building occupied by multiple restaurants followed by Holly Avenue and Kissena Boulevard to the west. A Site Location Map is attached as Figure 1.

2. Remedial Actions Relative to the Site during this Reporting Period

On January 6, 2021, a neighbor left a voicemail for the Participant in response to the December 2020 access request letters sent in accordance with the New York State Department of Environmental Conservation (NYSDEC)-approved Off-Site Soil Vapor Intrusion Work Plan. Langan spoke with this neighbor on January 8, 2021. As reported in an email to NYSDEC on the same day, the neighbor indicated they do not want anyone in their house due to the Covid-19 pandemic.

On January 27, 2021, Langan began implementing the off-site Supplemental Remedial Investigation (SRI) in accordance with the October 9, 2020 NYSDEC-approved off-site Supplemental Remedial Investigation Work Plan (SRIWP).

3. Actions Relative to the Site Anticipated for the Next Reporting Period

Langan will complete off-site SRIWP implementation on February 5, 2021.

Investigation-derived waste (IDW) generated during the Remedial Investigation (RI) will be disposed off-site at a permitted facility following off-site SRIWP implementation.

4. Approved Activity Modifications (changes of work scope and/or schedule)

None

5. Results of Sampling, Testing and Other Relevant Data

Validated soil, groundwater, and soil vapor sampling results from the SRI will be provided in the forthcoming revised Remedial Investigation Report (RIR).

6. Deliverables Submitted During This Reporting Period

A Site Observation Report for off-site SRIWP implementation was submitted to NYSDEC on January 29, 2021.

7. Information Regarding Percentage of Completion

The BCP project is approximately 10% complete.

The draft RIR was submitted to NYSDEC on April 17, 2020.

8. Unresolved Delays Encountered or Anticipated That May Affect the Schedule and Mitigation Efforts

None

9. Citizen Participation Plan Activities during This Reporting Period

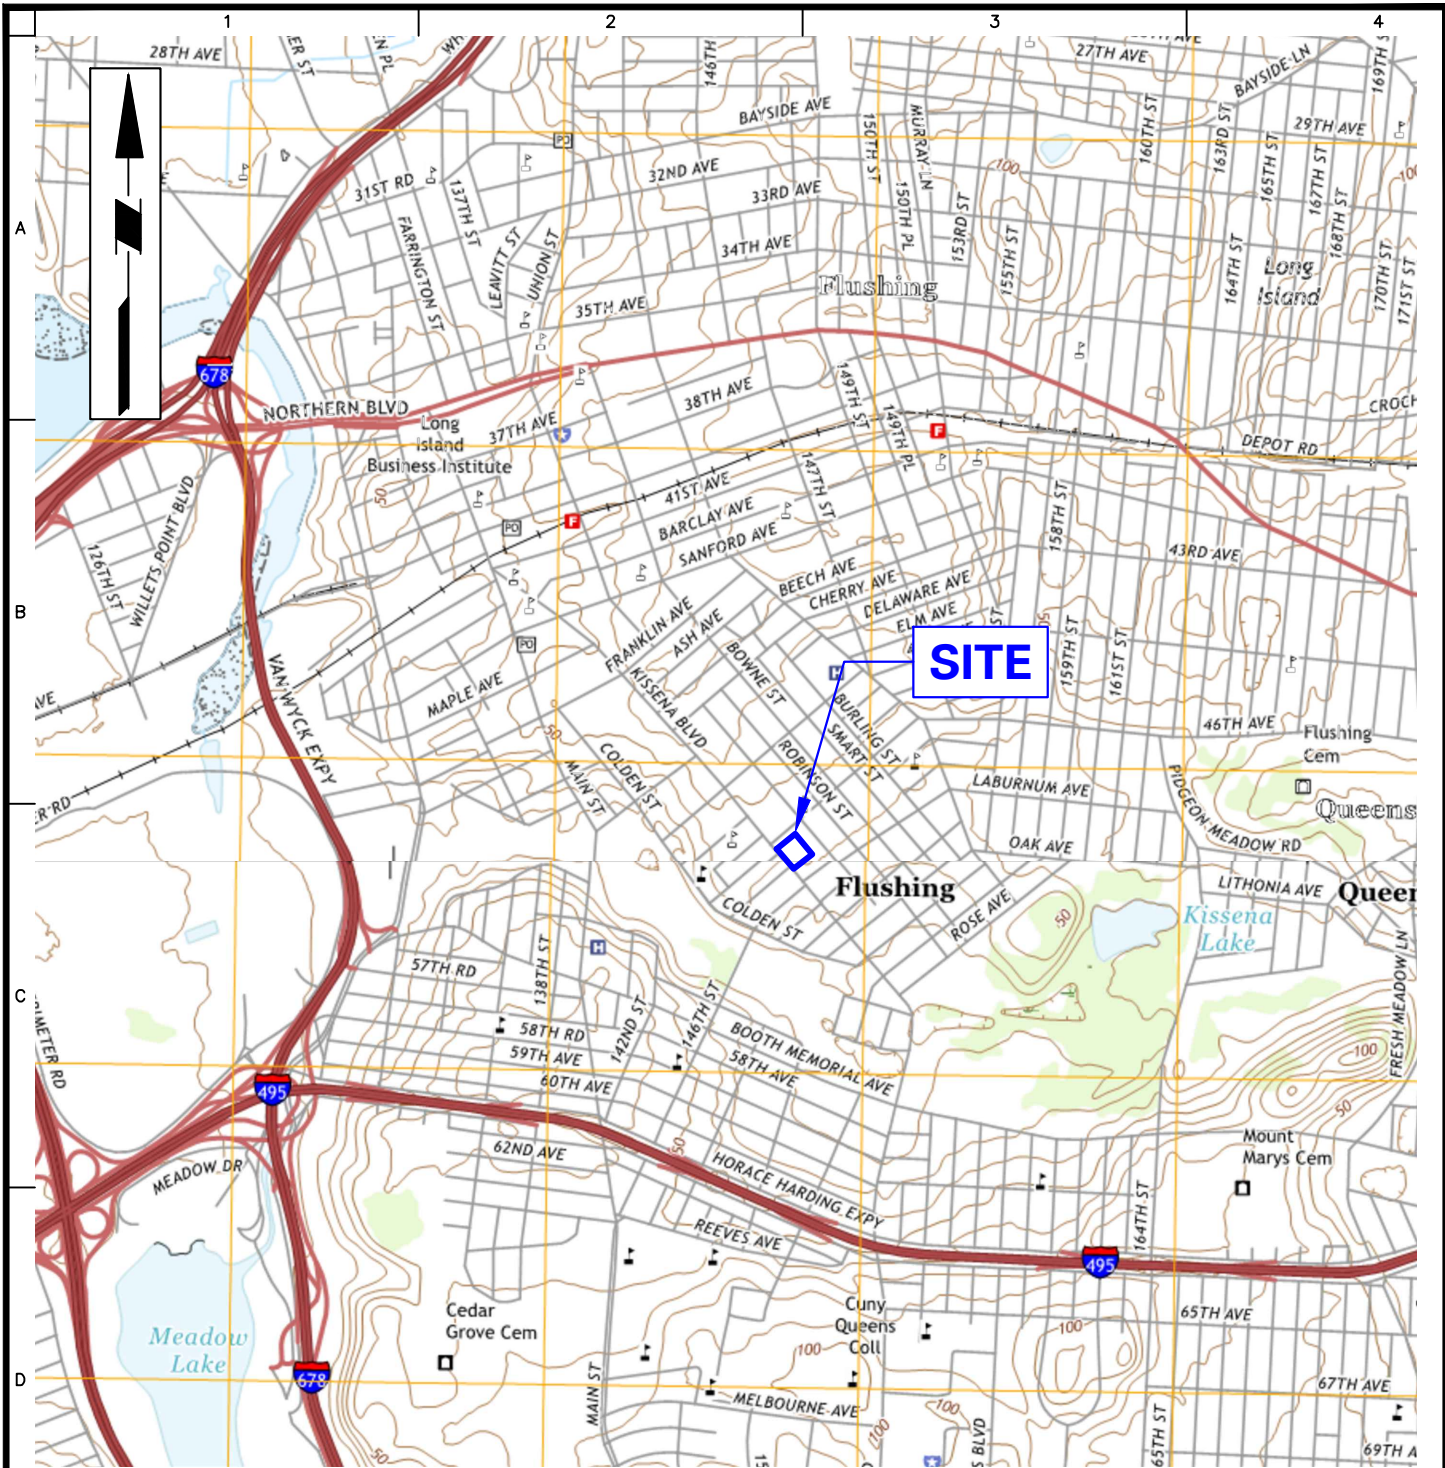

None

10. Activities Anticipated in Support of the CPP for the Next Reporting Period

None

11. Miscellaneous Information

None
