

Progress Report No. 73
Kissena Center Site
Queens, New York 11355
Brownfield Cleanup Program Site No. C241231
Reporting Period: November 2025

1. Introduction

Langan Engineering, Environmental, Surveying, Landscape Architecture and Geology, D.P.C. (Langan) is submitting this monthly progress report on behalf of Kimco Kissena Center, LLC (the Participant), in accordance with the June 25, 2019 Brownfield Cleanup Agreement. This monthly progress report summarizes work performed at the Kissena Center Site (the site) for the month of November 2025.

The site is located at 46-15 to 46-31 Kissena Boulevard in the Flushing neighborhood of Queens, New York and is identified as Tax Block 5208, Lot 45 on the Queens Borough Tax Map. The site encompasses an area of about 68,200 square feet (1.57 acres) and is occupied by an approximately 22,520-square-foot one-story shopping center and an asphalt-paved parking lot. Commercial tenants include Gold City Supermarket, Star Laundromat and Cleaners, Ming Xing Gift Shop, and Fay Da Bakery. The site is bordered by residential homes followed by Union Street and Holly Avenue to the north, an asphalt-paved parking lot and residential homes followed by Laburnum Avenue and Union Street to the east, a two-story restaurant followed by Kissena Boulevard to the south, and a two-story commercial building occupied by multiple restaurants followed by Holly Avenue and Kissena Boulevard to the west. A Site Location Map is attached as Figure 1.

2. Remedial Actions Relative to the Site during this Reporting Period

Langan coordinated with the Participant and vendors to perform sub-slab soil vapor and indoor air resampling during the forthcoming heating season.

3. Actions Relative to the Site Anticipated for the Next Reporting Period

Langan will continue coordinating with the Participant and vendors for sub-slab soil vapor and indoor air resampling. Resampling will be performed during the heating season.

4. Approved Activity Modifications (changes of work scope and/or schedule)

None.

5. Results of Sampling, Testing, and Other Relevant Data

None.

6. Deliverables Submitted During This Reporting Period

None.

7. Information Regarding Percentage of Completion

The BCP project is approximately 10% complete.

8. Unresolved Delays Encountered or Anticipated That May Affect the Schedule and Mitigation Efforts

Corrective actions and proposed resampling of sub-slab soil vapor and co-located indoor air will extend the schedule for the Supplemental Investigation. Submission of the Supplemental Investigation Report and revised Remedial Action Work Plan are pending the completion of proposed resampling.

9. Citizen Participation Plan Activities during This Reporting Period

None.

10. Activities Anticipated in Support of the CPP for the Next Reporting Period

None.

11. Miscellaneous Information

Repaving of the parking lot will not occur until Spring of 2026. A change of use notification will be submitted to NYSDEC in advance of the repaving work. In the event the proposed work involves disturbance of underlying soils, additional required documents will be submitted to NYSDEC.
