**RE: Monthly Progress Report – March 2022
90-02 168th Street Site (C241243)
Jamaica, New York
SESI Project No. 10831**

Dear Mr. Allan:

On behalf of our Client, 90 Ninety LLC (the “Volunteer”), SESI Consulting Engineers (SESI) has prepared this Monthly Progress Report (MPR) in accordance with the requirements in the New York Department of Environmental Conservation (NYSDEC) Brownfield Cleanup Agreement (BCA) (signed June 23 2020), Appendix A, Clause XI for the above referenced Site. This MPR includes the following:

- Actions relative to the Site during the previous reporting period;
- Anticipated actions for the next reporting period;
- Approved activity modifications;
- Results of sampling and tests and other data generated in the previous reporting period, including quality assurance/quality control (QA/QC);
- Information regarding percentage of completion;
- Unresolved delays encountered or anticipated that may affect the schedule and efforts to mitigate such delays; and,
- Information regarding activities undertaken in support of the Citizen Participation Plan (CPP) during the previous reporting period and those planned for the next reporting period.

SESI performed or coordinated the performance of the activities listed below.

1. ACTIONS CONDUCTED DURING MARCH 2022

A pre-construction conference call was conducted on March 25, 2022 with the NYSDEC, Skycore, SESI and site subcontractors. The purpose of the meeting was to discuss the scope of the project and specific aspects related to the construction activities.

2. ANTICIPATED ACTIONS FOR APRIL 2022

Field work is anticipated to commence soon. At this time, utility work unrelated to the project is being conducted in the adjacent roadway. Once this work is completed, the project will commence.

3. APPROVED ACTIVITY MODIFICATIONS

No modifications were requested during this reporting period.

4. RESULTS OF SAMPLING AND TESTS DURING MARCH 2022

No sampling or tests were conducted during the reporting period.

5. PERCENTAGE OF COMPLETION

RIR- 100% complete and approved by NYSDEC

RAWP- 100% complete and approved by the NYSDEC

6. DELAYS OR MODIFICATIONS TO THE SCHEDULE

No anticipated delays or modifications to the schedule at this time.

7. CPP ACTIVITIES

The CPP has been prepared and was submitted with the RAWP on April 4, 2021.

If you have any questions or need additional information, please feel free to call.

Sincerely,

SESI CONSULTING ENGINEERS D.P.C.

Patricia Petrino, P.E., P.P., LSRP
Project Manager
